ADMINISTRATIVE SERVICES

Revised Handbook AS-709, Credit Card Policies and Procedures for Local Buying

Every major postal organization and CAG A–G post office should use the IMPAC credit card as their primary means of buying and paying for day-to-day operational needs. Handbook AS-709, *Credit Card Policies and Procedures for Local Buying* (December 1995), explains the policies and procedures of the Postal Service/GSA/IMPAC Credit Card Program. This handbook has been revised to reflect previous changes announced in the *Postal Bulletin* and suggestions by participants of the program. If you are a current IMPAC cardholder, credit card approving official (CCAO), or agency program coordinator (APC), this handbook will be sent directly from the printer to you by January 15. *Do not order the handbook from the MDCs*. If you would like to become a cardholder, contact your Administrative Support Office or purchasing and materials service center (PMSC).

-Purchasing and Materials, 12-21-95

Local Buying With IMPAC!

A 2-hour training session, *Local Buying With IMPAC!*, will air January 31 and February 1, 5, and 6 on PSTN at 9:30 a.m.–11:30 a.m. and 1:30 p.m.–3:30 p.m. EST each day. The training will showcase the revised AS-709, *Credit Card Policies and Procedures for Local Buying* (December 1995), review local buying procedures with the credit card, emphasize the reconciliation process, and announce recent changes to the handbook. Cardholders, credit card

approving officials, and agency program coordinators should contact their PEDC to schedule training. Bring a copy of the revised AS-709 to the session. (The revised handbook will be sent directly to you by January 15. Do not order it from the MDCs.)

Change in Source of Supply for REDI Items

Postal Service Rapid Equipment Deployment Inventory (REDI) items 130A, Case, Carrier, Key, 24 separations, and 130B, Case, Carrier, Key, 40 separations, are no longer available from the material distribution centers (MDCs). Offices needing these items may procure them from commercial sources.

These key cabinets are available from many different sources, including office product and warehouse equipment supply companies. Many different styles are available (e.g., wall mounted, free standing, and file drawer storage) and ordering offices may select the style that fills their need. Pricing is comparable with the small quantities normally stocked at the MDCs.

The next edition of Publication 247, *USPS Materiel Management Equipment and Supply Catalog*, will include these changes.

—Inventory Management, Purchasing and Materials, 12-21-95

Revised Form 3972, Absence Analysis

PS Form 3972, Absence Analysis (NSN 7530-02-000-9137), has been revised for recording Family and Medical Leave Act absences. The November 1995 edition will be available from the material distribution centers (MDCs) after December 15, 1995. The two-sided form on pages 3–4

should be photocopied for use until supplies are received at the MDCs.

Instructions

Using the codes below, and the hours involved, post current and previous quarters. Precede with letter "F" when absence is recorded as Family Medical Leave Act (FMLA) and with "U" when absence is recorded as unscheduled on Form 3971. Post additional quarters if circumstances warrant. This form may also be used on an ongoing basis. On the reverse of this form, the employee's supervisor records attendance-related actions; e.g., review of attendance, commendations, restricted sick leave, Letters of Warning, suspensions, etc. A running total of FMLA hours used may be kept on the reverse side of this form.

Missing Children Poster Display Instructions

Please display this poster prominently on bulletin boards in retail lobbies of main post offices, classified stations, and branches. Operators of contract postal units may display this poster at their option.

Companion posters, authorized for display on bulletin boards maintained by employee organizations, appear periodically in *The Postal Record*, a publication for members of the National Association of Letter Carriers.

This poster is published in cooperation with the National Center for Missing and Exploited Children, the United States Department of Justice, and the National Association of Letter Carriers. Information appearing on this poster is selected solely by the National Center for Missing and Exploited Children. For policy and information on Postal Service support in efforts to recover missing children, see *Postal Bulletin* 21536, page 1, October 17, 1985.

Missing Children posters are available for the U.S. Postal Service only through periodic issues of the *Postal Bulletin*.

DMM REVISION

Revisions to Palletization Standards

Effective January 1, 1996, except where noted below, *Domestic Mail Manual* (DMM) E333, E350, E416, E450, M033, and M040 are revised regarding the preparation of second-, third-, and fourth-class mail placed on pallets. The revised text will appear in DMM Issue 50.

The revised standards pertain to the physical characteristics of pallet loads (such as minimum/maximum height and weight limits and provisions for triple-stacking). These standards will not be affected by the Postal Service's classification reform proposal now under consideration before the Postal Rate Commission (Docket No. MC95-1).

The revised DMM standards support Postal Service efforts to establish certain basic preparation standards that mailers must meet so that pallets, and the mail placed on them, maintain their integrity throughout transportation and postal processing while ensuring safe handling by postal employees. At the same time, these revised standards afford mailers greater flexibility in preparing pallets according to industry practices and specific production and service needs.

Standards for levels of pallet sortation, preparing pallets sorted to the finest levels, and other miscellaneous pallet issues will be addressed with the DMM standards that the Postal Service proposes to implement with the pending classification reform filing. The Postal Service expects to publish a proposed rule on classification reform for public comment in the *Federal Register* in December 1995.

- a. Postal employees unload palletized and containerized loads at BMCs/ASFs/SCFs, except that the USPS does not unload or permit the mailer (or mailer agent) to unload palletized or containerized loads that are unstable or severely leaning or that have otherwise not maintained their integrity in transit.

1.4 Sleeving and Strapping of Trays

Except under 1.5, each letter mail tray must be sleeved. All nonpalletized trays of letter mail that are transported from the mailer's plant to a BMC/ASF or AMF/AMC on USPS or mailer transportation and all trays placed on BMC/SDC or mixed BMC/SDC pallets must also be secured with a plastic strap placed tightly around the length of the tray. The strap must not crush the tray or sleeve. Strapping is not required on trays placed on pallets prepared to finer levels of sortation.

1.5 Sleeving Exception

When all pieces in a mailing originate and destinate in the delivery area of the same SCF and the trays containing those pieces are not to be processed at a BMC or an AMF, the processing and distribution manager may (on request) issue a written authorization to the mailer to submit the mailing in trays without sleeves.

.

M040 Palletization

M041 General Pallet Standards

[Revise 1.0 through 3.0 as follows:]

1.0 PHYSICAL CHARACTERISTICS

1.1 Standards

All pallets presented to the USPS, whether USPS- or mailer-provided, must meet the standards in 1.2 through 1.4. Mail on such pallets must meet the standards applicable to the class and rate claimed.

1.2 Construction

Pallets must be made of high-quality material that can hold loads equal to a gross weight of 2,200 pounds. Pallets must measure 48 by 40 inches and allow for four-way entry by fork trucks and two-way entry by pallet jacks.

1.3 Securing

Except for pallet boxes under 4.3, loaded pallets of mail must be wrapped with stretchable or shrinkable plastic strong enough to retain the integrity of the pallets during transportation and handling.

1.4 Nonconforming Mailers

The USPS informs mailers or their agents who present palletized mailings, including plant-verified drop shipment (PVDS), when their pallets fail to meet basic pallet integrity and safety standards. After July 1, 1996, once a mailer is notified and allowed to make changes to improve load integrity, if the mailer's methods, or those of the mailer's agent presenting PVDS mailings, do not work, the mailer is considered nonconforming. A nonconforming mailer must meet the specifications for nonconforming mailers for use of top caps, stacking of pallets, pallet box construction, and maximum height/layers of trays in 2.0 through 4.0. After July 1, 1996, mailers will be suspended from the pallet program if their pallets continue to fail to meet the minimum standards for load integrity levels.

2.0 TOP CAPS

2.1 Use

Top caps are used as follows:

- a. Except under 2.1b and 2.1c, all pallets of sacks, letter mail trays, parcels, packages or bundles of mail, or pallet boxes must be top-capped if the pallets are double- or triple-stacked when presented to the USPS for acceptance.
- b. The top pallet need not be top-capped if the strapping or banding securing the stacked pallets together neither damages the mail on the top pallet nor allows the stack to shift.
- c. Lower pallet(s) containing either parcels or packages or bundles of mail need not be top-capped if the

Page 10, 12-21-95, 21909 Postal Bulletin

Continued

top surface of each pallet load provides a sturdy, flat surface, parallel to the pallet base, that provides safe and efficient stacking of pallets placed on top and prevents sliding of the top pallet(s), damage to the loaded mail, or crushing of the load.

2.2 Construction

Any material may be used as a top cap if it provides a flat, level surface horizontal to the base pallet, protects the integrity of the mail below while supporting a loaded pallet above, and allows easy entry of a forklift to remove the upper pallet(s). Flimsy paper or fiberboard (e.g., the ends of paper rolls) or similar material is inadequate and may not be used as a top cap.

2.3 Securing

A top cap must be secured to the pallet horizontal to the plane of the base pallet, with either stretchwrap or at least two crossed straps or bands, so that the top cap stays in place to protect the mail and maintain the integrity of the pallet load.

2.4 Nonconforming Mailers

Nonconforming mailers (see 1.4) must use top caps on all pallets of sacks, letter mail trays, parcels, or packages or bundles of mail, regardless of weight, or on pallets containing pallet boxes 60 inches high or less. Top caps must be approximately 48 by 40 inches and meet one of these construction standards:

- a. Five-wood boards, with uniform edges and nine-leg pallet contact for stacking.
- b. Fiberboard box-end style, with a minimum 3-inch side and wall material of at least double-wall corrugated fiberboard C and/or B flute.
- c. Fiberboard honeycomb covered on both sides, with heavy linerboard at least 1/2 inch thick.
- d. Corrugated fiberboard C flute sheet covering the entire top of the load, with standard pallet solid fiberboard corner edge protectors.

3.0 STACKING PALLETS

3.1 Double- or Triple-Stacking

Pallets may be double- or triple-stacked if:

- a. The combined gross weight of the stacked pallets (pallets, top caps, and mail) does not exceed 2,200 pounds.
- b. The heaviest pallet is on the bottom and the lightest is on the top.
- The pallets are secured together with at least two straps or bands of appropriate material to maintain pallet integrity during transportation and handling.

Stretchable or shrinkable plastic wrap may be used to secure stacked pallets together until July 1, 1996.

- d. Pallets are top-capped under the standards in 2.0.
- e. The combined height of the stacked pallets and their loads does not exceed 84 inches.

3.2 Nonconforming Mailers

Nonconforming mailers (see 1.4) who stack pallets are subject to the conditions in 3.1, except that triple-stacking is allowed only for pallets of parcels and the combined height of stacked pallets may not exceed 77 inches.

4.0 PALLET BOXES

[Renumber current 4.0 through 6.0 as 5.0 through 7.0; add new 4.0 as follows:]

4.1 Use

Mailers may use pallet boxes constructed of single-, double-, or triple-wall corrugated fiberboard placed on pallets to hold sacks or parcels prepared under M042, M043, or M044. Single-wall corrugated fiberboard may be used only for light loads (such as lightweight parcels) that do not require transportation by the Postal Service beyond the entry office. The boxes must protect the mail and maintain the integrity of the pallet loads throughout transportation, handling, and processing. The base of the boxes must measure approximately 40 by 48 inches.

4.2 Maximum Height

The combined height of the pallet, pallet box, and mail may not exceed 77 inches, except that until July 1, 1996, the combined height may be up to 84 inches. The contents of the box must not extend above the top rim of the box.

4.3 Securing

Pallet boxes must be secured to pallets with strapping, banding, stretchable plastic, shrinkwrap, or other material that ensures that the pallets can be safely unloaded from vehicles, transported, and processed as single units to the point where the contents are distributed with the load intact if:

- a. The pallet and its contents are transported by the USPS from the office where the mail is accepted to another postal facility where the contents are distributed.
- b. The weight of the mail in the box is not sufficient to hold the box in place on the pallet during transportation and processing, a pallet box must be secured to the pallet base.

4.4 Nonconforming Mailers

Nonconforming mailers (see 1.4) may use pallet boxes only if the boxes are constructed of triple-wall corrugated fiberboard (C and/or B flute material) with a maximum height of 77 inches.

5.0 PALLET PREPARATION

[Renumber 5.3 as 5.8; add new 5.3 through 5.7; revise renumbered 5.0 as follows:]

5.1 Presort

[Delete the "s" at the end of "Pallets" in the first sentence.]

5.2 Minimum Load

In a single mailing, the minimum load per pallet is 250 pounds of second-class, third-class, or fourth-class packages and bundles of mail, parcels, or sacks (or three layers of letter trays of second-class or third-class mail), except that the processing and distribution manager of the facility where a mailing is entered may issue a written authorization to the mailer allowing preparation of 5-digit or 3-digit pallets containing less volume if the mail on those pallets is for the service area of that facility.

5.3 Required Preparation

A pallet must be prepared to a required level of sortation when there are 500 pounds of second-, third-, or fourth-class packages, bundles, sacks, or parcels (or six layers of letter trays of second-class or third-class mail).

5.4 Maximum Weight

The maximum weight (mail and pallet) is 2,200 pounds for a single pallet.

5.5 Maximum Height

The combined height of a single pallet and its load may not exceed these limits:

- a. A maximum of 77 inches for packages, bundles, parcels, sacks, or fiberboard pallet boxes and their contents (sacks or parcels) on pallets, except that until July 1, 1996, the maximum for pallet boxes is 84 inches.
- b. A maximum of 12 layers of second-class or thirdclass letter trays.

5.6 Nonconforming Mailers

For nonconforming mailers (see 1.4) of letter-size mail in trays, the combined height of a pallet and its load may not exceed six layers of MM or EMM trays.

5.7 Mail on Pallets

Mailpieces in trays, packages, bundles, and sacks must be prepared under the standards applicable to the class of mail and rate claimed.

REMINDER

Oldest Usable Edition of Certified Mail Labels

Postmasters must check their stock of Form 3800, Receipt for Certified Mail (Label), to make sure that all editions older than the April 1995 edition are discarded. If the April 1995 edition of the certified label is not in stock at that facility, postmasters should order no more than a two-month supply of new Form 3800 from the material distribution centers (MDCs) and destroy all previous editions when the April 1995 version is received. Old stock must not be returned to the MDCs.

The April 1995 edition of Form 3800 contains an area that fluoresces under long-wave, ultraviolet (black) light for detection by certified mail detectors installed on carrier sequence barcode sorters and delivery barcode sorters. This change allows certified mail to be segregated from the rest of the mail processed on automated equipment.

Certified mail detectors will be fully deployed on all automated equipment by the spring of 1996. For this reason, it is important that only the latest edition of Form 3800 be stocked at post offices and made available to customers.

As further information, the practice of hand-writing the certified mail number next to a rubber stamped certified endorsement on the article was discontinued January 6, 1994. Postmasters were instructed in *Postal Bulletin* 21858 (1-6-94) to no longer issue blocks of six-digit numbers for certified mail and to ask customers still endorsing certified mail with a rubber stamp to use the postal-provided forms. With the deployment of the certified mail detectors, it is necessary that postmasters make sure that certified mail entered at their facilities is properly labeled.

If customers do not want to use postal-provided labels, they may privately print certified mail labels if they are nearly identical in design and color to postal-provided labels. Specifications for privately printed certified mail labels, including specifications for the fluorescent taggant, were published in *Postal Bulletin* 21893 (5-11-95).

Oldest Usable Edition of Domestic Return Receipts

Postmasters must check their stock of Form 3811, Domestic Return Receipt, to make sure that all editions older than the December 1994 edition are discarded. If the December 1994 edition of the return receipt is not in stock at that facility, postmasters should order no more than a two-month supply of new Form 3811 from the material distribution centers (MDCs) and destroy all previous editions when the December 1994 version is received. Old stock must not be returned to the MDCs.

The return receipt was modified in December 1994 to add a barcode clear zone, to replace the standard penalty indicia with the penalty permit imprint indicia, and to change the color to a lighter shade of green to enhance the optical read rate on postal automation equipment. In addition, a block was added for recipients of articles with return receipt service to print their names next to their signatures.

If customers do not want to use postal-provided return receipts, they may privately print forms if they are nearly identical in design and color to postal-provided return receipts. Specifications for privately printed return receipts were published in *Postal Bulletin* 21893 (5-11-95).

Polywrap Coverings on Barcoded Flats Approved Mailers

Effective July 8, 1995, *Domestic Mail Manual* (DMM) C820.2.1 was revised to allow the Barcoded rate for flats for specifically approved mailings of flat-size mailpieces.

At that time, the Postal Service approved Solar Press, Inc., of Naperville, IL, and Meredith Corporation of Des Moines, IA (when Meredith's mailpieces are prepared by Jetson Midwest Mailers, Inc., of Bridgeview, IL or Metromail, Inc., of Mt. Pleasant, IA) to mail specific types of polywrapped mailpieces at the Barcoded rates for flats. A notice was published in *Postal Bulletin* 21899 (8-3-95) outlining the procedures for authorized use of polywrap coverings on barcoded flats.

These rates may be claimed *only* when these two mailers use the approved polywrap materials specified in *Postal Bulletin* 21899 and prepare their mailpieces according to the required mailing standards outlined in the approval letter sent to the mailer and the local post office responsible for acceptance of that customer's mailings.

Future Approvals

The Postal Service has recently completed another series of tests of polywrapped flats. The results of those tests will be published in a future issue of the *Postal Bulletin*.

When other mailers are approved to mail polywrapped mailpieces at the Barcoded rates for flats, all affected post offices will receive advance written notification from the manager of Customer Mail Preparation. The notification will be sent to the post office responsible for accepting the authorized mailer's mailings. The notification will identify the authorized mailer, the specific mailpiece approved for the rate, and the preparation standards required.

The Barcoded rates for flats must not be allowed for any mailpiece prepared in polywrap material except as noted in *Postal Bulletin* 21899 and noted above. Polywrap, shrinkwrap, or polybag material is not acceptable for mailpieces claiming an automation rate unless tested and approved, in writing, by the manager of Customer Mail Preparation, USPS Headquarters. All other polywrapenclosed flat-size mailpieces are considered nonmachinable and ineligible for the Barcoded rates for flats.

For the procedures for applying for approval to prepare polywrapped barcoded flats, mailers should consult *Postal Bulletin* 21899 or write to:

REMINDER TO DELIVERY EMPLOYEES

Recipient Must Sign for Accountable Mail When Delivered

As announced in *Postal Bulletin* 21867 (5-12-94), Form 3849, *Delivery Notice/Reminder/Receipt*, was changed to make it easier for clerks and carriers to use and easier for customers to understand. The revised form (as did the form it replaced) allows customers to request redelivery at their convenience.

This is a reminder that accountable mail, i.e., collect on delivery (COD), registered, numbered insured, certified, recorded delivery, return receipt for merchandise, and Express Mail, must be signed for at the time of delivery. The only time that accountable mail may be delivered without obtaining the recipient's signature is if the sender waived the signature of the addressee for an Express Mail or return receipt for merchandise article. That option is available only with those two services and must be designated by the sender on the mailing label.

Otherwise, only uninsured parcels may be left in a protected area such as a porch or hallway when the addressee has filed a written order or the package is endorsed "Carrier — Leave If No Response." Under no circumstances may a COD, registered, numbered insured, certified, or recorded delivery article be left without obtaining the recipient's signature on the delivery record.

Therefore, the "leave at my address" option on the back of Form 3849 is available only for uninsured or unnumbered insured (insured for \$50 or less) articles. To make this clear to the addressee, the employee who leaves Form 3849 at the delivery address must always mark the applicable box on the front of the form advising the customer that the article must be signed for at the time of delivery.

Overseas Military Mail

Mail addressed to, from, or between military post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The tables below outline these conditions by APO/FPO ZIP Code through the use of footnoted mailing restriction codes, which appear on the page following Table 2.

Acceptance clerks should use these tables with the

integrated retail terminal (IRT) to determine whether an APO/FPO ZIP Code is active and what conditions of mailing apply. For Express Mail Military Service (EMMS) availability, refer to Handbook PO-514, *Express Mail Military Service*, and the local EMMS directory.

The complete tables appear in alternating issues of the *Postal Bulletin*.

Table 2. Contingency Military ZIP Codes

Acceptance Clerks. The 9-digit APO/FPO ZIP Codes listed in Table 2 are assigned to support the military in time of war or other emergency. Use Table 2 with the integrated retail terminal (IRT) to determine whether

an APO/FPO Contingency ZIP Code is authorized for use in response to a declared emergency, its duration, and what conditions of mailing apply.

Note: Mail order catalogs are prohibited as SAM or PAL mail.

- **A.** Securities, currency, or precious metals in their raw, unmanufactured state are prohibited. Official shipments are exempt from this restriction.
- **B.** Form 2966-A is required. Prepaid mail from a contractor addressed to a military organization for official use need not bear a customs declaration, but must be endorsed "Contents for Official Use—Exempt from Customs Requirement." Official mail from government agencies does not require a customs declaration or an exemption endorsement.
- **B1.** Form 2966-B is required. Articles are liable for customs duty and/or purchase tax unless they are bona fide gifts intended for use by military personnel or their dependents. When the contents of a parcel meet these requirements, the mailer must endorse the customs form, "Certified to be a bona fide gift, personal effects, or items for personal use of military personnel and dependents," under the heading, Description of Contents.
- **B2.** Form 2966-A is required except on official mail, which does not require customs declaration or exemption endorsement. The AAFES will furnish a computer listing of all items mailed from its activities to Philippine APOs. Other mail order companies must either use Form 2966-A on each item or provide computer lists. Computer listings must include a description of the items, the dollar values of the items, and complete address including the PSC box number and APO of the addressee, the date of mailing, the insurance registry number, if applicable, and the serial number of any item over \$25 in value and any electrical item with a plug over \$15 in value.
- **B3.** Form 2966-A is required for mailing between MPOs. Prepaid mail from contractors addressed to a military organization for official use need not bear a customs declaration, but must be endorsed "Contents for Official Use—Exempt from Customs Requirement." Official mail from government agencies does not require a customs declaration or exemption endorsement.

Travel Advance Policy

The Internal Revenue Service (IRS) issued new regulations, effective January 1, 1994, changing the tax treatment of travel advances. Under these new regulations, travel advances are issued for specific trips, and must be repaid within 120 days of the completion of the trip for which they were issued. Advances remaining outstanding longer than the 120-day period are considered to be compensation by the IRS and are subject to federal income tax and Social Security tax withholding, and year-end W-2 reporting.

Even though some employees are in an official travel status for a period of time each week, the employee is considered to be a frequent traveler and not on "continuous travel." Each trip is considered a separate event that requires its own advance. Advances are no longer to remain outstanding due to the employee being on "continuous travel." Advances that remain outstanding beyond the cited 120-day period must be reported to the IRS. Frequent travelers eligible to obtain a USPS advance must obtain a separate advance for each trip and repay the advance at the conclusion of the specific trip for which it was obtained.

In addition, even if an advance is reported to the IRS, the employee is still responsible for repayment.

Deadlines for 1099 Processing for Calendar Year 1995

Standard Field Accounting System (SFAS) sites must transmit their Form 1099 data for calendar year 1995 to the San Mateo ISC by January 12, 1996. Districts converting to the Accounts Payable Accounting Reporting System (APARS) module in calendar year 1995 must also transmit their SFAS accounts payable data captured prior to APARS conversion. SFAS sites continuing to pay 1099 vendors by no fee money orders must also transmit this data using the SFAS method. The transmission can be accessed through the accounts payable module on the main SFAS menu.

Non-SFAS sites must submit their fourth guarter 1995 calendar year 1099 data to their district by January 10, 1996. Any previous 1995 calendar guarter 1099 data that was not submitted should also be submitted by January 10, 1996. Each district should enter the sites' 1099 data into the San Mateo ISC TD 1099 system by January 19, 1996. In no case should the vendor payment log be forwarded to the San Mateo ISC or the Internal Revenue Service (IRS).

The above-mentioned deadlines must be adhered to in order for the Postal Service to comply with IRS deadlines. Sites not adhering to the deadlines will have to submit manual 1099s to the IRS through their district office.

Below are the 1996 calendar year quarterly deadlines for non-SFAS sites to submit their vendor payment logs to their districts, and for the districts to enter the data into the San Mateo ISC TD 1099 system:

Quarter End Date	Due to District	Due to San Mateo ISC
3/31/96	4/9/96	4/18/96
6/30/96	7/10/96	7/19/96
9/30/96	10/9/96	10/19/96
12/31/96	1/10/97	1/17/97

In addition to complying with these deadlines, all sites must make sure that vendors are using a correct tax identification number (TIN). A TIN is considered correct only if the vendor's name matches exactly as it would appear on tax filing documents and/or a Social Security card. The Postal Service can be fined for submitting invalid TIN information to the IRS.

Invalid Express Mail Corporate Account Numbers

These numbers are to be posted and used by retail/acceptance clerks. This listing supersedes all previous notices, which must be destroyed. Retail/acceptance clerks must not accept Express Mail shipments bearing any of the invalid numbers (listed below) in the "customer

number" or "agreement number" section of the label or form.

Note: The first 6 digits of a 9-digit Custom Designed Service and Next Day Pickup Service Agreement make up the Corporate Account Number.

IMM AND PUBLICATION 51 REVISION

Printed Matter Weight Limit Changes

The Universal Postal Union met in Congress in 1994 and adopted new regulations relative to international mail. These new regulations take effect January 1, 1996. This article summarizes the changes and amends the affected standards in the *International Mail Manual* (IMM).

Summary of Changes

Printed Matter. The weight limit for printed matter is increased from 4 to 11 pounds, except for printed matter sent to Canada and Ireland, which remains at 4 pounds. The rates for catalogs and directories apply to regular printed matter weighing more than 4 pounds.

The exceptional printed matter weight limit of 22 pounds for PUASP countries is eliminated. Printed matter weighing more than 11 pounds is mailable in M-bags.

The differentiation of catalogs and directories from regular printed matter to obtain a higher weight limit is eliminated.

The endorsement "catalogs and directories" is no longer required.

Printed matter may be sealed without regard to the method of postage payment.

- **Publishers' Periodicals.** The rates for publishers' periodicals through 11 pounds are shown in the table at right.
- Inquiry Fees. The inquiry fee is eliminated. In addition, the waiting period for filing inquiries on Postal Union Mail and parcel post is reduced to 7 days for air mail and 30 days for surface mail.
- Indemnity. The indemnity for registered mail to all countries except Canada is increased to \$42.30 for items mailed on or after January 1, 1996. The registered mail indemnity limits for Canada are unchanged.
- Window Envelopes. The requirement that envelopes have no more than two window panels is eliminated.
- Fraudulent Postage Reports. International Form C 10 is no longer used to report fraudulent postage. Rather, reports are made by letter.

All Individual Country Listing pages will be revised to show the new printed matter weight limits and the rates for publishers' periodicals. IMM Issue 16 will contain these revisions. Publication 51, *International Postal Rates and Fees*, will also be revised.

* * * * *

244.2 Marking

[Revise 244.21 to read as follows:]

244.21 By Classification

244.211 Endorsements

The sender must endorse the address side of all cards, envelopes, wrappers, or packages mailed at printed matter rates as follows:

- a. "PRINTED MATTER" when postage is paid at the regular printed matter rate.
- b. "PRINTED MATTER—BOOKS" or "PRINTED MATTER—SHEET MUSIC" on items containing books or sheet music and paid at those rates.

- Publishers periodicals (second-class publications) are endorsed as follows:
 - (1) When postage stamps or meter stamps are used, "PRINTED MATTER—SECOND-CLASS" or, under DMM C200.I2.3, "SECOND-CLASS" only, at the mailer's option is placed on the envelopes or wrappers.
 - (2) When postage is paid by an advance deposit account, "SECOND-CLASS Postage Paid at....." or, where applicable, "SECOND-CLASS Postage Paid at . . . and Additional Mailing Offices" or, under DMM C200.12.3, "SECOND-CLASS" only, at the mailer's option, is used.
 - (3) When a mailer's application for second-class privileges is pending, "Application to Mail at SECOND-CLASS Postage Rates Pending at..." is used on the international copies (see DMM E211.10.5g).

244.212 Other Requirements

These additional requirements apply to the endorsements specified in 244.211:

- For mailings to Canada, see 244.5le for required endorsements.
- b. "PRINTED MATTER" must be in bold, capital letters, no smaller than 18-point type.
- c. The printed matter endorsements in 244.211 may appear in the ad plate area of postage meter stamps.

* * * *

244.3 Sealing

[Revise 244.31 and 244.32 to read as follows:]

244.31 Subject to Inspection

All printed matter is subject to inspection (see ASM 274).

922 Filing of Inquiries

[Revise 922.2 to read as follows:]

922.2 Waiting Period

Customers must wait a reasonable time for an international item to be transported to and delivered in the foreign country before initiating an inquiry. Inquiries regarding Postal Union Mail or parcel post should not be filed before the following number of days from the mailing date:

- a. 7 days for items sent by air.
- b. 30 days for items sent by surface.

* * * * *

[Revise 927 heading to read as follows:]

927 Inquiry Charges

[Revise 927.1, remove 927.2, and redesignate and revise 927.3 as 927.2 to read as follows:]

927.1 General

There is no charge for filing inquiries, except as specified in 927.2.

PAGE 42, 12-21-95, 21909 POSTAL BULLETIN

Continued

927.2 Telegraphic Inquiries

If the sender requests that an inquiry be transmitted by telegraph, cable, or facsimile, the request must be accompanied by an amount sufficient to pay the transmission charges. If a reply by telegraph, cable, or facsimile is desired, the sender must pay the charges both ways. Such requests should be forwarded to the appropriate International Claims and Inquiries Office (see 931.21).

928 Processing Inquiries

928.1 General Procedures

[Revise 928.11 and 928.12 to read as follows:]

928.11 Nondelivery

The Postal Service will initiate an inquiry within the times specified in 922.2 with the foreign postal administration in any case involving an item that has not been delivered.

928.12 Return Receipts Improperly Completed or Not Received

928.121 Return Receipts Improperly Completed

If the sender receives an improperly completed return receipt (see 341 for completion at destination), the sender may file an inquiry. The postal employee receiving the inquiry attaches the original Form 2865, Return Receipt for International, Insured, or Registered Mail, to the inquiry Form 542, Inquiry About a Registered Article or an Insured Parcel or an Ordinary Parcel. The employee sends both forms to the appropriate international claims and inquiries office (see 931.21).

928.122 Return Receipt Not Received

If the sender does not receive a return receipt for which a fee was paid, the sender may file an inquiry (see 922 for procedures). The postal employee attaches a completed Form 2865, *Return Receipt for International Insured or Registered Mail*, to the inquiry Form 542 and endorses the receipt "Duplicate." The employee sends both forms to the appropriate international claims and inquiries office (see 931.21).

IMM REVISION

Mailings Made Abroad by or on Behalf of Senders in the United States

Effective January 1, 1996, *International Mail Manual* (IMM) 790 is revised to comply with provisions of article 25 of the Universal Postal Convention in regard to matter mailed abroad by or on behalf of senders in the United States. IMM Issue 16 will contain these revisions.

International Mail Manual (IMM)

* * * * *

790 Items Mailed Abroad by or on Behalf of Senders in the United States

791 Postage Payment Required

Payment of U.S. postage is required to secure delivery of mail when the mailing is by or on behalf of a person or firm that is a resident of the United States and the foreign postage rate applied to such items is lower than the comparable U.S. domestic postage rate.

792 Definition of Terms

792.1 Resident

A resident of the United States includes any firm that has a place of business in the United States or is incorporated or otherwise organized in the United States, its territories, or its possessions.

792.2 By or on Behalf

A mailing is made by or on behalf of a person or firm that is a resident of the United States if such a resident seeks or expects to derive economic benefit or advantage from that mailing.

792.3 Place of Business

A place of business in the United States is any location in the United States, its territories, or its possessions where a firm's employees or agents regularly have personal contact with other individuals for conducting the firm's business. For the purposes of this section, a firm whose employees or agents have personal contact with others for conducting the firm's business in different places in the United States for short periods (for example, at hotels in different cities for 1 or 2 days at a time) is considered to have a place of business in the United States if the aggregate amount of time spent in the United States is 180 days or more within 12 consecutive months.

792.4 Agent

The use of a nonexclusive agent in the United States for the sole purpose of accepting orders and remissions for transmission to a firm in another country or for the sole purpose of distributing merchandise manufactured in another country and shipped to the United States in bulk does not by itself establish a place of business in the United States.

793 Advance Payment Required

793.1 Sample Mailpiece

A sender affected by the provisions in 791 must submit a sample mailpiece (envelope and contents) from the proposed mailing; a statement about the number of items to be mailed, the date of mailing, and the place of mailing; and a check, made payable to the U.S. Postal Service, to cover the amount of the applicable U.S. postage. The sample mailpiece, statement, and check must be sent to:

MANAGER
INTERNATIONAL PRICING
US POSTAL SERVICE
475 L'ENFANT PLZ SW
WASHINGTON DC 20260-6500

793.2 Headquarters Notification

Headquarters provides notification of postage acceptance and approval of the mailing to the sender and to the receiving U.S. exchange office. This notification permits the items in the mailing to go forward to the addressees without delay when the items reach the United States.

794 Advance Payment Not Made

794.1 Return or Disposal of Items

Items may be returned to origin or disposed of in accordance with postal regulations if U.S. postage is not paid.

794.2 Mailings Without Advance Payment

A mailing subject to the provisions in 791 received without advance payment of U.S. domestic postage is held at the receiving U.S. exchange office. The exchange office reports the mailing to the manager of International Pricing, USPS Headquarters. (The exchange office is advised to release the mail when the applicable postage is paid.) The report must contain the following information:

- a. Title and/or nature of the items.
- b. Identity of the sender.
- c. Number of items detained.
- d. Weight of a single item.
- e. Foreign postage paid per item.
- f. Country of mailing.

795 Report of Mailings

The receiving U.S. exchange office must report any mail appearing to be subject to the provisions of this subchapter to the manager of International Pricing, USPS Headquarters.

POSTAL EMPLOYEES≡

1995 W-2 Tax Information

Current Mailing Address

To facilitate processing of 1995 tax information and to ensure correct and timely receipt of Form W-2, Wage and Tax Statement, all employees must have a current mailing address on file at their distributed data entry/distributed reporting (DDE/DR) site. Employees who changed addresses in 1995 should submit Form 1216, Employee's Current Mailing Address, to their DDE/DR site.

Form W-2

If an employee has earnings in more than two states, a separate Form W-2 is issued for every 1995 two states reported. The format of the 1995 Form W-2 has not been changed.

To Request a Duplicate or Corrected Form W-2 or a Form 1099-R

If an employee needs a duplicate or corrected Form W-2, or has relocated or retired and needs a Form 1099-R, Distribution From Pensions, Annuities, Retirement or Profit-Sharing Plans, IRAs, Insurance Contracts, etc., a written request including the following information is required:

- 1. Current address.
- 2. Social Security number.
- 3. Name of office where employed (or previously employed if not a current postal employee).
- 4. Relevant year(s).
- 5. Reason for correction.

Addresses for Requesting Forms

- To request a duplicate Form W-2 for wages and/or relocation, submit a written request to the finance office at the local DDE/DR site.
- 2. To request a corrected Form W-2 for wages, write to:

ATTN PAYROLL PROCESSING BRANCH MINNEAPOLIS ACCOUNTING SERVICE CENTER US POSTAL SERVICE 1 FEDERAL DR FT SNELLING MN 55111-9600

1996 Pay Dates, Organization Dues, and Leave Year

The following chart lists the pay periods for 1996. For the convenience of timekeepers, each biweekly pay period appears as two separate weeks, with the beginning and ending dates indicated for each week.

Pay periods with an asterisk indicate when monthly dues for unions and employee organizations are deducted.

The leave year always begins the first day of the first full pay period in the calendar year. The 1996 leave year begins Pay Period 2, January 6, 1996, and extends for 26 full pay periods, ending January 3, 1997 (Pay Period 01-97).

^{*}Through 1990 the F Fund was invested in the Wells Fargo Bond Index Fund.

The C Fund is invested in the Wells Fargo Equity Index Fund, which tracks the S&P 500 stock index. The F Fund is invested in the Wells Fargo U.S. Debt Index Fund, which tracks the Lehman Brothers Aggregate Bond index. The G Fund is invested in special issues of U.S. Treasury securities.

The monthly C, F, and G Fund returns represent net earnings for the month, after deduction of accrued administrative expenses. The C and F Fund returns also reflect the deduction of trading costs and accrued investment management fees.

The C, F, and G Fund monthly returns are dollar-weighted: they reflect net earnings on the changing balances invested during the month. The C, F, and G Fund returns for the last 12 months assume, except for the crediting of earnings, unchanging balances (time-weighting) from month to month and assume that earnings are compounded on a monthly basis.

The C and F Fund returns vary from Wells Fargo returns because of C and F Fund expenses and changing balances in the C and F Funds.

Future performance of the three funds will vary and may be significantly different from the returns shown above. See the "Summary of the Thrift Savings Plan" for detailed information about the funds and their investment risks.

Pictorial Cancellations Announcement 95-24

As a community service, the Postal Service offers pictorial cancellations to commemorate local events celebrated in communities throughout the nation. A list of upcoming events for which pictorial cancellations are authorized appears below. If available, the sponsor of the pictorial cancellation appears in italics under the date. Also provided, as space permits, are illustrations of those cancellations that were reproducible and available at press time.

People attending these local events may obtain the cancellation in person at the temporary post office station established there. Those who cannot attend the event, but who wish to obtain the cancellation, may submit a mail order request. Pictorial cancellations are available only for the dates indicated, and requests must be postmarked no later than 30 days following the requested pictorial cancellation date.

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail postage (32 cents per envelope or 20 cents per postcard). Items submitted for cancellation may not include postage issued after the date of the requested cancellation. Such items will be returned unserviced.

Customers wishing to obtain a cancellation should affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: PICTORIAL CANCELLATIONS, followed by the NAME OF THE STATION, ADDRESS, CITY, STATE, ZIP + 4 CODE, exactly as listed below (using all capitals and no punctuation, except the hyphen in the ZIP + 4 Code).

After applying the pictorial cancellation, the Postal Service returns the envelope or postcard through the mail. Customers who want their serviced item returned under protected cover should include a larger, stamped, self-addressed envelope.

Garden Flowers (Winter) Commemorative Stamps

Copyright USPS 1995

The Postal Service will issue a 20-stamp booklet of 32-cent Garden Flowers (Winter) commemorative stamps (Item 6624) on January 19, 1996, in Kennett Square, Pennsylvania. The booklet goes on sale nationwide January 20.

Designed by Ned Seidler of Hampton Bays, New York, the stamps feature five designs of the following colorful winter garden flowers: crocus, winter aconite, pansy, snowdrop, and anemone. These flowers are a group of the hardiest plants that grow in any part of the United States that experiences winter. This year's booklet features the fourth season in a series of garden flowers booklets.

How to Order the First Day of Issue Postmark

Customers have 30 days to obtain the first day of issue postmark by mail. They may purchase the new stamp booklet at their local post office, affix the stamps to envelopes of their choice, address the envelopes (to themselves or others), and place them in a larger envelope addressed to:

GARDEN FLOWERS STAMPS POSTMASTER 222 E STATE ST KENNETT SQUARE PA 19348-9991

After applying the first day of issue postmark, the Postal Service returns the envelopes through the mail. There is no charge for the postmark. All orders must be postmarked by February 18, 1996.

The Philatelic Fulfillment Service Center also offers first day covers for new stamp issues and postal stationery items postmarked with the official first day of issue cancellation. Each item has an individual catalog number and is offered in the quarterly *Stamps etc.* catalog. Customers may request a free catalog by writing to:

PHILATELIC FULFILLMENT SERVICE CENTER US POSTAL SERVICE PO BOX 419424 KANSAS CITY MO 64141-6424

or by telephoning 1-800-STAMP24.

Distribution

All stamp distribution offices (SDOs) and stamp distribution networks (SDNs) will receive their standard automatic distribution quantities for a 20-stamp booklet rounded to the nearest master carton lot size of 4,500 booklets.

Page 60, 12-21-95, 21909 Postal Bulletin

Continued

SDOs and SDNs will ship to post offices their standard automatic distribution quantity, using Form 3309, *Advice of Shipment/Stamp Invoice*, and Form 17, *Stamp Requisition*. SDOs and SDNs must not distribute stamps to post offices before January 10.

Additional Supply

To obtain additional bulk quantities of these booklets, all authorized CAG A–G post offices must submit Form 3356, Stamp Requisition — Bulk Quantities, to the Bureau of Engraving and Printing (BEP). Requisitions for Item 6624 must be submitted in standard ordering quantities of 1,500 booklets; 3,000 booklets; 4,500 booklets; and multiples of 4,500 booklets, to a maximum of 135,000 booklets per requisition. All offices requiring less-than-bulk of these booklets must requisition them from their designated SDO using separate Forms 17, Stamp Requisition, or SDN, using

separate Forms 17-S, Stamp Distribution Network Stamp Requisition.

Philatelic Requirement

Post offices with authorized philatelic centers will receive their standard quantities for a standard 20-stamp booklet to provide subsequent automatic distribution to each philatelic center.

Sales Policy

All post offices must acquire and maintain a supply of each new commemorative stamp as long as customer demand exists or until the stamp is officially withdrawn from sale, generally 1 year from the date of issue. If supplies run low, post offices must reorder additional quantities through their normal ordering procedures.

1996 Stamp Designs Unveiled

The 1996 Commemorative Stamp Program was unveiled November 7, 1995, in Washington, D.C. A full-color insert depicting these stamps can be found in the center of this publication. In addition to the stamps depicted on the insert, the following stamps will also be issued in 1996: Prehistoric Animals, Computer Technology, Breast Cancer Awareness, Tennessee Statehood, 1996 Centennial Olympic Games—Classic Collection, Cal Farley in the

Great Americans series, and the second in the series of the Legends of Hollywood.

Ernest E. Just

The Ernest E. Just commemorative stamp will be issued in a pane of 20, instead of a pane of 50 as depicted on the insert.

STAMP ANNOUNCEMENT 96-3

Love Cherub and Flag Over Porch Stamp Booklets and American Kestrel Stamp

The Postal Service will issue a 32-cent Love Cherub stamp, in a convertible booklet of 20 self-adhesive stamps (Item 6672), a 32-cent Flag Over Porch stamp, in a convertible booklet of 10 self-adhesive stamps (Item 6609), and a 1-cent American Kestrel stamp, in coils of 500 (Item 7961) and 3,000 (Item 7962), on January 20, 1996, in New York, New York. The stamp and stamp booklets go on sale nationwide January 22. No official dedication ceremony is planned.

The Love Cherub stamp, designed by Terry McCaffrey of the U.S. Postal Service, features one of the two cherubs from Raphael's *Sistine Madonna* painting. The design is the same as the stamp issued on February 1, 1995, but includes the denomination.

The Flag Over Porch stamp, designed by Dave LaFleur of Derby, Kansas, features an American flag against a porch and has the same design as the stamp issued on April 18, 1995, but will be issued in a new format of a convertible booklet of 10 self-adhesive stamps.

The American Kestrel stamp, designed by Michael R. Matherly of Cambridge City, Indiana, features a male American kestrel (also called a sparrow hawk) sitting on a cedar branch. This design is the same as the stamp issued on May 10, 1995, but will be issued in a coil instead of a pane format.

How to Order the First Day of Issue Postmark

Customers have 30 days to obtain the first day of issue postmark by mail. They may purchase the new stamp or stamp booklets at their local post office, affix the stamps to envelopes or postal cards of their choice, address the envelopes or postal cards (to themselves or others), and place them in a larger envelope addressed to:

LOVE CHERUB STAMP and/or FLAG OVER PORCH STAMP and/or AMERICAN KESTREL STAMP POSTMASTER MORGAN GMF 341 9TH AVE RM 1037 NEW YORK NY 10199-9991

Customers are reminded that the postage affixed to any First-Class envelope must equal at least 32 cents and to any postal card must equal at least 20 cents. Additionally, at least one of the new stamps must be affixed to an envelope or postal card in order to receive the first day of issue postmark.

After applying the first day of issue postmark, the Postal Service returns the envelope or postal card through the

mail. There is no charge for the postmark. All orders must be postmarked by February 19, 1996.

The Philatelic Fulfillment Service Center also offers first day covers for new stamp issues and postal stationery items postmarked with the official first day of issue cancellation.
