SUBJECT: National Card and Letter Writing Month

For many years the U.S. Postal Service has highlighted the art of card and letter writing with a weeklong celebration. This year we are quadrupling our opportunities to promote this important tradition by designating April as National Card and Letter Writing *Month*.

This is an excellent opportunity to raise awareness of the importance and historical significance of card and letter writing.

Writing, sending and receiving letters, postcards, and greeting cards is a tradition that has preserved our nation's history and has changed lives—particularly in times of war and times of personal triumph and tragedy. Unlike other communications, card and letter writing is timeless, personal, and immediately tangible.

Card and letter writing also helps improve literacy and promotes creativity among our youth. Starting April 1 the Postal Service is encouraging schools across the country to participate in a special project called, "Birthday Wishes to America," which is a celebration of the nation's 225th birthday on July 4, 2001. Students at hundreds of elementary schools will be designing, writing, and sending birthday wishes that express their personal feelings and hopes for our country.

I encourage you to do your part to ensure that the art of card and letter writing continues to have a place of honor in American culture. The enclosed Community Relations Kit has been developed to assist you in your efforts. Thank you for supporting National Card and Letter Writing Month.
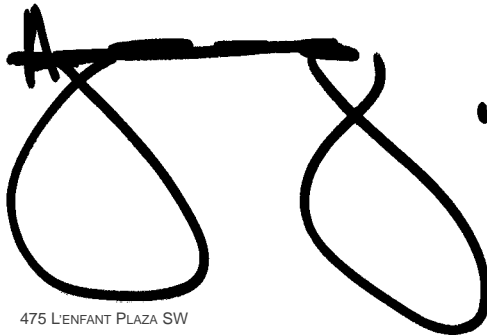

P.S. Thank you for your continued support.

National Card and Letter Writing Month

Overview

April 2001 is National Card and Letter Writing Month (NCLWM). Expanding the traditional weeklong celebration to a month gives the Postal Service more opportunities to increase the awareness of the importance of card and lettering writing.

Starting April 1, the Postal Service begins a special project called "Birthday Wishes to America." Although participants generally will be students at select schools that have participated in the Wee Deliver program or the Celebrate The Century® program, everyone is welcome to join the fun.

Participants will design, write, and send birthday wishes to America for receipt by July 4, 2001, which is the 225th anniversary of the founding of the United States. The wishes will be mailed to the Smithsonian's National Postal Museum. Some of the more interesting, creative, and well-written wishes will be publicized and displayed during the project.

Participants will also help the Postal Service in its effort to set a world record. To help promote the project, the Postal Service is attempting a world record for "the most birthday wishes ever received by one addressee." See below for details on how to support Birthday Wishes to America.

All postmasters are encouraged to help promote National Card and Letter Writing Month by implementing one or more of the ideas in this kit or by developing a unique activity of their own.

National Card and Letter Writing Month Activity Ideas

Support the Birthday Wishes to America Project

Promoting the Birthday Wishes to America project in Post Offices and in local schools, libraries, or other appropriate locations will help raise interest in the art of card and letter writing. In addition, these activities will help strengthen the Postal Service's role as a community leader.

Any event or other activity related to card and letter writing would work well with this project. The idea is to have all birthday wishes generated by your local writing project submitted to the National Postal Museum at the following address:

BIRTHDAY WISHES TO AMERICA
C/O THE NATIONAL POSTAL MUSEUM
PO BOX 44100
WASHINGTON DC 20026-4100

All birthday wishes must be postmarked by July 4, 2001. The wishes may be sent individually or grouped together in larger envelopes, and they can come in any form (e.g.,

cards, letters, postcards, etc.) as long as the sender uses sufficient postage and the items fall within the Postal Service's mailing and processing requirements.

Other Activity Ideas

- Work with a local school to initiate a writing project encouraging students to write and exchange letters with senior citizens from a nearby retirement center. Suggest a field trip to the center after the letter exchange. This provides a chance for the new "pen pals" to meet, take photos, and build friendships.

- Work with local schools to initiate a letter exchange between schools. Students who write the best letters can be invited to the Post Office or processing and distribution center to see how letters are sorted for delivery.

- Work with a local library to initiate a letter writing workshop and/or contest. Give a presentation on the history of letter writing (and share some famous letters) or the history of the Postal Service or postage stamps, and encourage attendees to write about it.

- Using the materials in this kit, be sure to publicize your community's, school's, or library's participation in National Card and Letter Writing Month and Birthday Wishes to America.

Birthday Wishes to America (Questions and Answers)

Who is behind this project?

The U.S. Postal Service is sponsoring Birthday Wishes to America as part of National Card and Letter Writing Month in April. The Smithsonian's National Postal Museum is partnering with the Postal Service.

What is Birthday Wishes to America?

Birthday Wishes to America is a project that will help launch National Card and Letter Writing Month in April 2001 and will help celebrate the United States' 225th birthday on July 4, 2001.

It is an opportunity to celebrate the nation's birthday, raise awareness of the importance and historical significance of letter writing, and help improve literacy and promote creativity among the nation's youth.

Writing, sending, and receiving cards and letters is a tradition that has preserved the nation's history and changed lives — particularly in times of war and times of personal triumph and tragedy. Unlike other communications, card and letter writing is timeless, personal, and immediately tangible.

Starting April 1, the Postal Service is encouraging hundreds of elementary schools across the country (i.e., participants in the Wee Deliver program and the Celebrate The Century Education Series) to participate in Birthday Wishes to America. Students will design and write birthday wishes that reveal their personal feelings and hopes for their country.

What will the schools do with the students' completed wishes?

The wishes will be sent to the National Postal Museum at:

BIRTHDAY WISHES TO AMERICA
C/O THE NATIONAL POSTAL MUSEUM
PO BOX 44100
WASHINGTON DC 20026-4100

All wishes must be postmarked by July 4, 2001.

Why should teachers involve their students in this project?

In addition to being a fun writing project, the students' birthday wishes could help establish a possible world record for letter writing. The Postal Service is attempting to set a world record for "the most birthday wishes ever received by one addressee."

Once the July 4 deadline has been reached and all the birthday wishes have been counted, the Postal Service may publicize some of the more interesting, creative, and well-written birthday wishes, and the National Postal Museum will display them during the project.

Are only students at participating schools allowed to send birthday wishes?

Anyone can join in on the fun. The Birthday Wishes to America address and deadline apply to everyone.

When will results of the Birthday Wishes to America project be announced?

Soon after the July 4, 2001, birthday wish mailing deadline, the Postal Service and National Postal Museum will announce the results.

How can I find out more about National Card and Letter Writing Month?

Postal Service employees can find an electronic version of the Community Relations Kit for National Card and Letter Writing Month on the Intranet at *http://blue.usps.gov;* click *References,* then *Postmaster Toolkits.* Information about National Card and Letter Writing Month and Birthday Wishes to America will also be posted at the Postal Service Internet Web site at *www.usps.com.*

[INSERT CITY, STATE, ZIP+4]

Dear **[INSERT TITLE AND NAME]:**

April 2001 has been designated National Card and Letter Writing Month by the U.S. Postal Service. This is an opportunity to raise awareness about the importance and historical significance of hard-copy letter writing.

Writing, sending, and receiving letters, postcards, and greeting cards is a tradition that has preserved our nation's history and changed lives — particularly in times of war and times of personal triumph and tragedy. Unlike other communications, card and letter writing is timeless, personal, and immediately tangible.

I am sure you and many readers of your newspaper appreciate letter writing. Your "Letters to the Editor" section, and others like it, remain a popular forum for the public voice and have done much to enhance this fine art.

Card and letter writing, however, also helps improve literacy and promotes creativity among our youth. That is why, starting April 1, students at **[NAME AND LOCATION OF LOCAL SCHOOL]** will be joining hundreds of students at other elementary schools across the country in a special Postal Service project called "Birthday Wishes to America," which is a celebration of the nation's 225th birthday on July 4, 2001. The students are designing and writing birthday wishes that reveal their personal feelings and hopes for their country.

Your readers and their friends and families are welcome to join the fun by sending their own birthday wishes to America. All wishes should be sent to the Smithsonian's National Postal Museum at the following address: BIRTHDAY WISHES TO AMERICA, C/O THE NATIONAL POSTAL MUSEUM, PO BOX 44100, WASHINGTON DC 20026-4100. All birthday wishes must be postmarked by July 4, 2001.

Participants will also help establish a possible world record. The Postal Service is attempting to set a world record for "the most birthday wishes ever received by one addressee." Once the deadline has been reached and all the birthday wishes have been counted, the Postal Service will randomly draw some of the more interesting, creative, and well-written birthday wishes and publicize them. The National Postal Museum will display some of the letters during the project, too.

Help us ensure that the art of card and letter writing continue to have a place of honor in American culture. Thank you for supporting National Card and Letter Writing Month.

Sincerely,

Missing Children Poster Display Instructions

Please display this poster prominently on bulletin boards in retail lobbies of main post offices, classified stations, and branches. Operators of contract postal units may display this poster at their option.

Companion posters, authorized for display on bulletin boards maintained by employee organizations, appear periodically in *The Postal Record,* a publication for members of the National Association of Letter Carriers.

This poster is published in cooperation with the National Center for Missing and Exploited Children, the United States Department of Justice, and the National Association of Letter Carriers. Information appearing on this poster is selected solely by NCMEC.

In addition to *Postal Bulletin* updates, NCMEC distributes information via broadcast fax. Notification of newly reported missing children is sent to designated district "Missing Children" coordinators at fax numbers provided by district managers. Within 24 hours of receipt of a facsimile Missing Children poster, district coordinators should distribute copies to all postal facilities in their districts. Missing Children posters are to be displayed for 30 days in post office lobbies, workroom floor areas, and other postal facilities, unless notification is received (from NCMEC) to remove a particular poster sooner. The broadcast fax network is used to distribute posters and information in only the most urgent cases of missing and exploited children. This system supplements, but does not replace, the missing children information in this *Postal Bulletin.*

Missing Children posters are available to the U.S. Postal Service only as described above. If postal employees are contacted by individuals or local agencies about displaying a sign or poster of a missing child in local post offices, the individual or agency should be politely informed that the U.S. Postal Service displays only those posters provided by NCMEC, because it has been designated by the U.S. Department of Justice to be the national clearinghouse and resource center for missing and exploited children. The individual or agency should then be referred to NCMEC at 1-800-843-5678.

Required Pallets

There has been some confusion about *Domestic Mail Manual* M041 and M045, which were revised extensively in conjunction with the January 7, 2001, rate change. Some employees have contacted Headquarters with questions about when palletization is required.

Pallets are required *only* to qualify for Parcel Post BMC (bulk mail center) and OBMC (origin bulk mail center) Presort discounts (there is no sacking option for those discounts). Otherwise, palletization is an optional method of preparation.

If mailers choose to prepare mail on pallets, then they must comply with the standards in DMM M041, General Standards, and M045, Palletized Mailings, to prepare pallets at the required levels when they have the specified volume of mail. The use of the word "required" does not mean that mailers must prepare pallets; it means that if mailers choose to prepare mail on pallets, then certain presort levels must be prepared.

For instance, if mailers of Standard Mail flats choose to prepare that mail on pallets (instead of in sacks), then they must prepare SCF (sectional center facility) pallets when they have 500 pounds of mail for the destination (see M045.3.2, Standard Mail Packages, Sacks, or Trays on Pallets).

Employees with questions about palletized mailings should contact their district manager of business mail entry.

Requests for Special Treatment of Improperly Prepared Mail

Management Instruction (MI) PM-680-2001-1*, Requests for Special Treatment of Improperly Prepared Mail,* has been published online.

It is essential that mailers properly prepare all mailings. Proper preparation includes correct ancillary service endorsements, address change service (ACS) keylines, and participant codes.

Any requests for special treatment of nonlocal mailings by delivery or computer forwarding system (CFS) units need Headquarters approval.

This MI is available at *http://blue.usps.gov;* click on *Information,* then *Policy and Procedures,* then *Management Instructions.* You can select the document either alphabetically or by document number.

Do Not Cash — Upon Receipt, Notify Local Postal Inspectors

This listing will be provided to all Postal Service employees responsible for accepting and cashing Postal money orders. Destroy any interim notices when the numbers listed appear in the *Postal Bulletin*. The new money order serial numbers consist of the first nine digits. The 10th digit is a check digit only.

Do not cash new style money orders **000 000 001 to 692 600 000**. Advise holders to send invalid money orders to: Canada Post Corporation, Ottawa, Canada K1A 0B1. Check for altered dollar amounts by holding money orders to the light.

Effective March 22, 2001, section 771.5 in the *International Mail Manual* (IMM) is revised to reflect changes in the collection of return charges on undeliverable-as-addressed letter-post mail that a foreign postal administration returns to the U.S. sender.

These revisions will be incorporated into both the printed version of IMM Issue 25 and the online IMM, which can be accessed via Postal Explorer at *http://pe.usps.gov.*

771.5 **Return Charges for Letter-Post Mail**

[Replace the current text in 771.5 with 771.51 and 771.52 as follows:]

771.51 **General Procedure**

Except as noted in 771.52, undeliverable-as-addressed letter-post mail that a foreign postal administration returns to the U.S. sender is *not* subject to the payment of return charges. This provision applies to postal items that were originally entered at the following rates of postage:

    a. airmail or economy (surface) letter-post

    b. post card/postal card

    c. International Priority Airmail (IPA)

    d. airmail or economy (surface) M-bag

    e. International Surface Airlift (ISAL)

    f. economy (surface) books and sheet music

    g. economy (surface) publishers' periodicals

771.52 **Exceptions**

Delivery Post Offices should collect return charges from the U.S. sender under the following circumstances:

    a. If a returned letter-post item bears a short-paid endorsement that was originally applied by the Postal Service dispatching exchange office, the delivery office should collect the amount of the postage deficiency that would otherwise have been collected from the foreign addressee.

    b. If a returned letter-post item bears a collection instruction that was applied by a Postal Service International Service Center (ISC), international exchange office, or mail recovery center, the delivery office should collect the "due amount" that is specified on the mailpiece.

IMM REVISION

International Mail — Global Express Guaranteed Dimensional Weight Clarification

Effective March 22, 2001, *International Mail Manual* (IMM) 217.3 is revised to clarify how the postage rates for Global Express Guaranteed (GXG) nondocument and document shipments are determined.

Determine postage for nondocument GXG shipments by comparing the dimensional weight, (Length x Width x Height)/166, with the actual weight. Of these two weights (dimensional and actual scale weight), use the higher one to calculate the rate for GXG nondocument shipments, along with the appropriate rate chart for the service required. For document shipments, record the dimensions of 1″ x 1″ x 1″ and use the actual weight to determine the postage.

This revision will be incorporated into both the printed version of IMM Issue 25 and the online IMM, which can be accessed via Postal Explorer at *http://pe.usps.gov.*

217.3 **Dimensional Weight**

The equation for determining dimensional weight is as follows:

Dimensional Weight = (Length x Width x Height)/166

When determining the dimensional weight, round each individual measurement down to the nearest whole inch. Determine the postage rate for nondocument shipments by comparing the dimensional weight, (Length x Width x Height)/166, with the actual weight. Round the dimensional weight up to a full pound. For example, (14 x 10 x 6)/166 = 5.06, which is rounded up to 6 pounds.

Of these two weights (dimensional and actual scale weight), use the higher one for GXG nondocument shipments, along with the appropriate rate chart for the service required. For document shipments, record the dimensions of 1″ x 1″ x 1″ and use the actual weight to determine the postage.

IMM REVISION

International Mail — Change in Special Drawing Rights (SDR) to U.S. Dollar Conversion Rate

Effective April 1, 2001, section 324.22 and Exhibit 324.22 in the *International Mail Manual* (IMM) are revised to reflect a change in the SDR to U.S. dollar conversion rate. Postal Service retail employees use this information whenever an insured parcel is presented for mailing. Employees must write the insured amount, stated in terms of both dollars and SDR values, in the designated blocks on PS Form 2976-A, *Customs Declaration and Dispatch Note CP 72*.

These revisions will be incorporated into both the printed version of IMM Issue 25 and the online IMM, which can be accessed via Postal Explorer at *http://pe.usps.gov.*

324.22   Retail Employee's Responsibility

Retail employee must:

a. Indicate on the parcel the amount for which the parcel is insured. The amount must be written in ink and expressed in U.S. currency (figures) and special drawing rights (SDR) values. Indicate the SDR values in figures only. For example:

INSURED VALUE
$100 (U.S.)
74.54 SDR

b. See exhibit 324.22 for an SDR conversion table for all U.S. dollar values up to $600. To determine SDR equivalents above $600, the acceptance employee must multiply the insured amount, rounded up to the next full dollar, by the conversion factor 0.7454.

   Note: The conversion of U.S. dollars into SDR equivalents is based on the following formulas:

   1 SDR = $1.34 (1.3416)   1 U.S. $ = 0.7454 SDR

c. Enter the insured number, insured amount, and SDR equivalent on PS Form 2976-A, *Customs Declaration and Dispatch Note CP 72*.

Retail Acceptance Tips — Global Express Guaranteed ™

Global Express Guaranteed is the Postal Service's premier guaranteed international service. As the service's volume increases, the need for proper retail acceptance procedures becomes even more critical for successful delivery.

The following are remedies to the most frequently made retail acceptance errors:

1. Complete the Global Express Guaranteed mailing label properly (complete all required fields).

2. Verify that the shipper has signed the mailing label.

3. Advise the shipper that additional charges for duties and taxes may be required.

4. Advise the shipper that clearance delay is not part of the guarantee and does not warrant a refund.

5. Verify that the shipper has listed the value on the label for all merchandise shipments.

6. Ensure that the shipment is not destinating for Brazil, as Global Express Guaranteed does not service Brazil at this time.

7. Ensure that the mailing label is the current version (version 21h).

8. Verify that the retail consolidation unit (RCU) transmission was successful to avoid having missing acceptance records.

9. Ensure proper and timely dispatch of Global Express Guaranteed shipments to the airport mail center (AMC) or airport mail facility (AMF).

10. Ensure that the shipment does not contain human remains.

11. Ensure that the shipment does not contain cash.

12. Verify that any Post Office box accepted for recipient address is being sent only to countries listed on page 4 of Publication 141, *Service Guide for Global Express Guaranteed* (January 7, 2001), and that no Post Office box address is accepted for sender's address.

13. Verify that the mailing label is completed in English.

14. Verify that the shipper telephone number is provided on the mailing label.

15. Verify that the consignee telephone number is provided on the mailing label.

16. Inform the shipper of correct delivery days for shipments to Mexico.

17. Verify that all copies of the mailing labels are legible.

Northwestern University Stamped Card
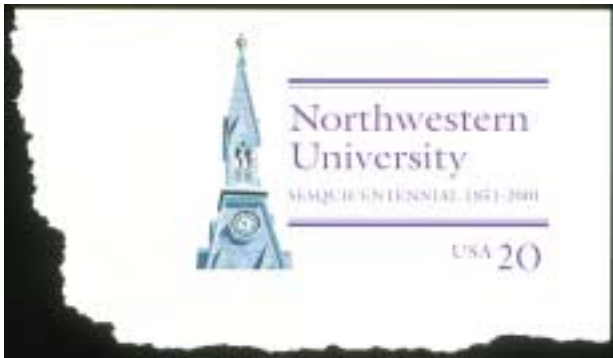

Copyright USPS 2000

The Postal Service will issue a 20-cent *Northwestern University* stamped card (Item Number 220600) in Evanston, IL 60201, on April 28, 2001. The stamped card, designed by Howard Paine of Delaplane, VA, and illustrated by Arnold C. Holeywell of Warrenton, VA, goes on sale nationwide April 30, 2001.

The Postal Service commemorates the 150th anniversary of the founding of Northwestern University with the issuance of this stamped card as part of the *Historic Preservation* series. After the university's act of incorporation was approved by the Illinois State Legislature, Governor Augustus C. French signed it into law on January 28, 1851. Northwestern was originally established to serve the people of Illinois, Indiana, Michigan, and Wisconsin, the states that had been carved from the Northwest Territory. Today Northwestern's students come from all 50 states and several foreign countries.

The stamp art, a tempera painting by Arnold C. Holeywell, features the main tower of University Hall, which is Northwestern's oldest building on the Evanston campus.

University of Portland Stamped Card

Copyright USPS 2000

The Postal Service will issue a 20-cent *University of Portland* stamped card (Item Number 220700) in Portland, OR 97208, on May 1, 2001. The stamped card, designed by Richard Sheaff of Scottsdale, AZ, and illustrated by John Pirman of New York, NY, goes on sale nationwide May 2, 2001.

The University of Portland is an independently governed Catholic University that was founded by Archbishop Alexander Christie as Columbia University in 1901 and received its current name in 1935. The oldest building on campus, Waldschmidt Hall (constructed in the early 1890s, before the university's inception), is depicted on this stamped card. Considered the university's signature building, Waldschmidt Hall was listed on the National Register of Historic Places on September 22, 1977. The stamped card is in commemoration of the university's 100th anniversary as part of the Postal Service's *Historic Preservation* series. John Pirman's illustration of Waldschmidt Hall is computer-generated and is his first project for the Postal Service.

Pictorial Cancellations Announcement

As a community service, the Postal Service offers pictorial cancellations to commemorate local events celebrated in communities throughout the nation. A list of events for which pictorial cancellations are authorized appears below. If available, the sponsor of the pictorial cancellation appears in italics under the date. Also provided, as space permits, are illustrations of those cancellations that were reproducible and available at press time.

People attending these local events may obtain the cancellation in person at the temporary post office station established there. Those who cannot attend the event, but who wish to obtain the cancellation, may submit a mail order request. Pictorial cancellations are available only for the dates indicated, and *requests must be postmarked no later than 30 days following the requested pictorial cancellation date*.

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail postage (33 cents per envelope or 20 cents per postcard). Items submitted for cancellation may not include postage

issued after the date of the requested cancellation. Such items will be returned unserviced.

Customers wishing to obtain a cancellation should affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: PICTORIAL CANCELLATIONS, followed by the NAME OF THE STATION, ADDRESS, CITY, STATE, ZIP + 4 CODE, exactly as listed below (using all capitals and no punctuation, except the hyphen in the ZIP + 4 code).

Customers can also send stamped envelopes and postcards without addresses for cancellation, as long as they supply a larger envelope with adequate postage and their return address. After applying the pictorial cancellation, the Postal Service returns the items (with or without addresses) under addressed protective cover.

The following pictorial cancellations have been extended for 30 days.

*Through 1990 the F Fund was Invested in the Wells Fargo Bond Index Fund.

The C Fund is invested in the Barclays Equity Index Fund, which tracks the S&P 500 stock index. The F Fund is invested in the Barclays U.S. Debt Index Fund, which tracks the Lehman Brothers Aggregate Bond index. Because of expenses and changing balances in the C and F Funds, their returns vary from Barclays' returns. The G Fund is invested in special issues of U.S. Treasury securities.

Future performance of the three funds will vary and may differ significantly from the returns shown above. See the "Summary of the Thrift Savings Plan" for detailed information about the funds and their investment risks.

The monthly C, F, and G Fund returns represent net earnings after deduction of accrued administrative expenses. The C and F Fund returns also reflect the deduction of trading costs and accrued investment management fees.

The C, F, and G Fund monthly returns are dollar-weighted: they reflect net earnings on the changing balances invested during the month. The C, F, and G Fund returns for the last 12 months assume, except for the crediting of earnings, unchanging balances (time-weighting) from month to month and that earnings are compounded on a monthly basis.

Copiers and Copier Maintenance Cost Savings

On December 20, 2000, the Postal Service entered into a national strategic partnership with the Ricoh Corporation for the *purchase and/or lease* of digital copiers and for related copier maintenance.

As the Postal Service faces increasing financial pressure, every purchase decision becomes more critical. Decisions regarding the maintenance of existing copiers should not be made without considering today's copier market. A nationwide contract was awarded to the Ricoh Corporation, and the lower cost resulting from it can make a real difference. For example, a new digital copier, complete with networking capability, can prove less costly than a maintenance agreement for an older analog copier.

The table below itemizes the direct cost of ownership for each of the copiers under the Postal Service/Ricoh strategic partnership. These prices include the *purchase or lease* of the new equipment, amortized over a 4-year period, and *all maintenance and supplies* (except paper and staples). Prices are calculated on a per-copy basis for ease in comparing these figures to those within a proposed maintenance agreement.

Ricoh Model Number	Speed Copies Per Minute	Estimated Monthly Volume	Equipment Purchase Price w/Accessories ($)	Cost of Ownership Per Copy ($)

Aficio 6110	10	8,000	17,073	0.2268	0.2333

For complete purchase or lease pricing and product descriptions, see the Greensboro Purchasing and Materials (PMSC) Web site at *http://blue.usps.gov/purchase/material/pmsc/greensboro/.*

Most copier maintenance agreements offered by other providers include minimum monthly usage terms or overage charges that would severely penalize the Postal Service if estimated usage is inaccurate. The Ricoh maintenance included in the table does not have such provisions — the Postal Service pays only for the copies made. Also consider the cost-per-copy prices on laser printers. The industry average price is $0.05 per print, and an office operation can save considerable expense by replacing several of these laser printers with one strategically located digital copier.

Efficiency can also be gained by having a digital copier available on the Postal Service local area network (LAN) as a system printer. Documents can be sent directly from the workstation to the copier for printing, collating, and binding.

The Greensboro PMSC can assist in calculating pricing under the new Ricoh contract. Contact Wanda Bost, Greensboro PMSC, at 800-627-7211.

ALL IRT AND DEBIT/CREDIT CARD OFFICES

Setting Clocks for Daylight Saving Time

Managers must ensure that before opening for business on Monday, April 2, 2001, the clocks in all integrated retail terminals (IRTs) and debit/credit card terminals under their control are set *forward* (in most locations) 1 hour to reflect the change to Daylight Saving Time. Facilities with Saturday night operations should reset the time as soon as possible after the 2 a.m. start time, Sunday, April 1, 2001.

The correct system time in integrated retail terminals (IRTs) is critical since their internal clocks are used to verify Express Mail and Global Express Guaranteed (GXG) acceptance times and service commitments. The IRT system time is also printed on customer receipts and employee reports. It is very important that the debit/credit card terminal clocks be set to the correct day, date, and time as this will help reduce the possibility of accepting an expired card.

IRTs

On the UNISYS III Supervisor Disk, select menu item 11, Set System Date and Time, from the Control menu, and perform the following steps:

1. Observe that the date appears.

2. Press ENTER key to accept the current date. The time appears.

3. Press CE key to clear the time.

4. Enter correct Daylight Saving Time in military format (examples: 8 AM = 0800, 1:30 PM = 1330).

5. Press ENTER key to save the corrected time. The Control menu appears.

6. Observe that the corrected time is displayed in the upper right hand corner of the screen.

FedEx Retail Agreement — Frequently Asked Questions (FAQs)

1. Will the existing FedEx drop boxes in smaller towns be moved to the Post Office and become the only location?

   A. FedEx will make that determination.

2. What does it cost to send a FedEx piece?

   A. FedEx pricing varies by service. Per our agreement with FedEx, you do not need to be familiar with those prices. If customers inquire, politely refer them to 1-800-GO FEDEX, where such questions can be answered.

3. What if customers want to give their FedEx pieces to our carriers?

   A. Politely advise the customers that we can not take their FedEx pieces. Customers must deposit their pieces in the FedEx drop box, or they may call 1-800-GO FEDEX.

4. What if a FedEx piece will not fit into a drop box?

   A. If customers ask about this at the retail counter, politely refer them to call 1-800-GO FEDEX to arrange for pickup.

5. What if other carriers want a similar agreement?

   A. The FedEx Drop Box Agreement is nonexclusive. Postal Service national headquarters will handle any discussions with other prospective partners. Do not make any local agreements.

6. What if the site selected is currently occupied?

   A. Anything that is contemplated to be moved in favor of a FedEx drop placement will be worked out by the Postal Service District Implementation team and FedEx on a case-by-case basis.

   FedEx may place a drop box at any Post Office, station, or branch location.

7. Will FedEx customers have access to our lobbies to complete their paperwork?

   A. Yes, they are our customers too. However, we will not keep FedEx supplies in our lobbies. FedEx supplies are available at the drop boxes and are maintained by their couriers.

8. When customers call 1-800-GO FEDEX, will they speak with a person or be routed through a call messaging system?

   A. FedEx has indicated that customers will speak directly with a FedEx representative.

9. Does the Postal Service anticipate retail associate hours to increase due to the time required to answer customers' questions?

   A. No. Politely advise customers to call 1-800-GO FEDEX. Doing so will not result in an increase in work hours.

10. Who will be responsible for tracking the number of FedEx packages, and how will we be sure of the accuracy?

    A. FedEx scans each piece removed from a drop box. FedEx is responsible for supplying the Postal Service with collection data reports using a mutually agreed upon system.

11. Will Postal Service employees be provided with preprinted 1-800-GO FEDEX cards to give to customers who have questions?

    A. No. Politely refer customers to 1-800-GO FEDEX when they have questions.

12. Is this a 7-year agreement, or is there a provision for canceling the agreement prior to 7 years?

    A. A 7-year agreement has been signed.

13. Is FedEx rate information posted on their drop boxes?

    A. No. Politely instruct customers to call 1-800 GO FEDEX.

14. What if customers approach the retail counter, wanting to mail FedEx pieces?

    A. Politely direct customers to deposit their pieces in the FedEx drop box. In exceptional circumstances and in the interest of good customer relations, you may accept the FedEx piece (do not weigh or rate the piece) and deposit it in the drop box if the customer insists that we accept it.

15. What if the FedEx drop box is overflowing or pieces are on the ground?

    A. FedEx monitors its drop boxes. However, in the spirit of good partnership, you should call 1-800-GO FEDEX to report the issue.

16. What do you do if you observe customers or couriers dropping FedEx packages at the back dock?

    A. There are no provisions for FedEx packages to be left at the back dock. Politely inform customers and couriers of the FedEx drop box location for deposit.

17. What if FedEx or Postal Service packages are received in the incorrect box?

    A. As soon as you discover that packages have been deposited into the wrong drop box or collection box, immediately transfer the packages to the correct receptacle. If the pick-up time has already occurred for the correct drop box or collection box, meaning the package will not "go out" on the day deposited, contact the other party to arrange pick-up. At no time should you convert to the other party's service a package that has been tendered to either the Postal Service or FedEx by mistake, unless the customer initiates the service change.

18. What does the agreement allow for in terms of FedEx marketing material?

    A. FedEx may place promotional materials on their drop boxes only. Postal Service headquarters must approve all other requests.

Note: Questions and concerns have already been raised concerning the transportation agreement. Those issues will be addressed in conjunction with the implementation scheduled for August 2001.

USPS Employee Connectivity Program

Get ready to fly like an eagle... through cyber-space... with the Postal Service's Employee Connectivity Program.

Want an affordable home computer system? Want access to the Internet? Want to tap into a world of information at your fingertips? How about access to your postal world through USPS Online, the Postal Service intranet site?

It's happening! The Postal Service is helping to pave the on-ramp to the information superhighway for postal employees. Through USPS agreements with Compaq and IBM, career postal employees this spring will be able to purchase state-of-the-art computer systems, obtain free Internet service, and get discounts on related items.

How much is the Postal Service paying for this? Nothing. Compaq and IBM are making their respective offers directly to postal employees, who will be ordering the system of their choice (including options) directly from one of these two companies.

"The Internet is a powerful, useful tool that can enrich our employees' personal and professional lives. This computer offer is one way to make sure all of our employees are on the right side of the digital divide," says USPS Chief Technology Officer Peter Jacobson.

Look for more information on the USPS Employee Connectivity Program in employee publications.

You connect. We all connect.
