## USPSNEWS@WORK

### Postal Bulletin gets new look

With this issue, the *Postal Bulletin* has a new look. We have made these design changes to help our readers find content more easily. The reason we've made them now is because we have replaced our aging (and antiquated) HTML publishing software with an advanced, more flexible software that makes it easier for those who are visually challenged to use.

As most of our readers know, we distribute the *Postal Bulletin* in three formats — paper, PDF, and HTML. Printed copies are mailed to every postal facility and, in addition, we publish the *Postal Bulletin* online at [www.usps.com](http://www.usps.com) and on the Postal Service Intranet, Blue, in both PDF and HTML formats.

The PDF file allows the reader to read and print pages that look exactly like the printed copies. The HTML file allows a visually challenged person to use a screen reading program to listen to each issue. Of course, sighted persons also can use the HTML format, but it is designed primarily for those who have difficulty reading print. The new software streamlines the publishing process for these HTML files.

We hope you like the new design and find it easy to use, regardless of which format you use to take advantage of the wealth of information in each issue of the *Postal Bulletin*.

### Supply chain management delivers results

Toyota has a national contract to supply forklifts to the Postal Service. Enersys has a national contract to supply industrial batteries for those forklifts. Until recently, USPS would accept the forklifts and batteries as separate orders and then have to install the batteries before the forklifts were ready to move mail.

Thanks to the Delivery and Industrial Equipment—Telecommunications Category Manager Center, which oversees both contracts, Toyota now accepts the Enersys batteries on our behalf and installs them onsite. That saves USPS money on bill processing, shipping and battery installation and — even better — the forklifts arrive ready to use.

Moving the battery installation further upstream in our chain is just one more example of what supply chain management is all about — creativity, collaboration and cost reduction.

### USPS rated “Most Trusted” agency

For the third straight year, Americans rated USPS as the number one agency they trust to protect their privacy, according to a new study by the Ponemon Institute. Not only did the Postal Service retain the top spot in the survey, but its rating actually increased while most federal agencies saw their scores drop.

“For more than two centuries, the Postal Service has honored its fundamental commitment to protect the privacy and security of customers’ personal information,” said USPS Vice President and Consumer Advocate Delores Killete.

More than 13 million people heard that the Postal Service is the most trusted government agency. That’s the total audience share from Killete’s recent National Consumer Protection Week radio tour.

### USPS employees share winter weather tips

When record cold temperatures across the country were making headline news, the masters of cold-weather coping skills — USPS employees — were featured prominently in those news stories.

From the East Coast to the West Coast, in major cities and rural towns, USPS letter carriers, motor vehicle operators and mail processing employees have been braving the elements to keep the country connected. Along the way, news reporters have been turning to the resident experts of acclimation to share tips on how to handle the severe cold. In Chicago, Erie, Cleveland and Buffalo — and plenty of towns in between — letter carriers have been sharing their insights on dealing with the worst that winter has to offer.

## School kids get more than a tour at Sacramento postal facility

For the last five years, Sacramento, CA, Clerk Larry Hopkins has been the Willie Wonka of the Royal Oaks Post Office, attracting more than 800 students to the facility for fun, education and — perhaps — early recruitment.

Sacramento, CA, Clerk Larry Hopkins and students from the Leonardo Da Vinci Elementary School.

Hopkins has devised a curriculum that gives his five-to-eight-year-old students a hands-on taste of what it's like to work at the Post Office. "Our goal is to educate and inspire every child who visits us," Hopkins says.

The tour begins with their induction as trainees, including the presentation of a personalized badge festooned with an image of Walter, The Safety Dog. The young postal employees enjoy a day-in-the-life experience that includes a lesson on postage and mail collection, an introduction to a delivery barcode sorter and work in a "Carrier Training Center" featuring kid-sized satchels and diminutive mail cases.

## USPS teamwork foils bad check ring

Excellent communication — and good team work — helped an alert crew of postal workers in Buffalo, NY, foil a bad check ring.

Buffalo, NY, SSAs Ellen Seegar, left, Amanda Bruzga and Tom Mendez helped snag a crew of check scammers.

The scammers launched their illegal activity at the city's Central Park Station. They bought six coils of stamps and paid with a check that Sales and Service Associate (SSA) Annette Robinson suspected was bad. The bank confirmed her suspicions, saying the check was drawn on a closed account. Customer Services Manager Rose McLennan sent an e-mail to neighboring offices, alerting them to the scam.

The scammers' next stop was the Buffalo Main Office, where the SSAs were ready.

"Sharing information and responsibilities is what makes us strong against criminals who try to steal from us," said Supervisor C.J. Rexford.

## San Francisco International Service Center achieves worldwide recognition

The San Francisco International Service Center (ISC) recently became the 13th office of exchange worldwide to receive the coveted Certificate of Excellence in Management and Processing of International Letter Mail. International Post Corporation (IPC) President and Chief Executive Officer Dr. Herbert-Michael Zapf presented the certificate to the San Francisco ISC employees.

San Francisco ISC Plant Manager Ana Hilario and USPS International Operations Executive Director Mike Nappi with the Certificate of Excellence.

Plant Manager Ana Hilario praised her employees, saying the road to certification is long and arduous. "The men and women of the ISC, through hard work and team spirit, earned this recognition from the international postal community," said Hilario. "Obtaining IPC certification shows our global partners that the Postal Service is committed to mail processing excellence."

The San Francisco ISC employs more than 450 workers and processes more than 150 million pieces of mail each year.

## Publication 205, Electronic Verification System File Format and Coding Changes, Revision

In anticipation of the implementation this spring of new rates, fees, and mail classifications for parcel mail resulting from the omnibus rate case filing made by the Postal Service™ on May 3, 2006, and designated by the Postal Rate Commission as Docket No. R2006-1, the Postal Service is making available advance revisions to Appendix A and Appendix G of Publication 205, *Electronic Verification System Technical Guide*.

Appendix A, eVS Electronic File Layout, and Appendix G, Service Type Codes and Rate Ingredient Tables, together contain the critical components needed to prepare for participation in the Electronic Verification System (eVS) after the implementation of the new rates.

This article contains a synopsis of the changes to Appendix A and Appendix G.

### File Format and Revised Coding

Only two changes will be made to the file format as shown in Appendix A. First, provisions will be made in the file format to accommodate the new dimensional weight calculations necessary for Priority Mail® service. Second, a new postal routing barcode indicator field will be made in Detail Record 1, record position 199.

The coding revisions are based on the rate case filing and reflect required new codes for subclasses of parcel mail, parcel processing categories, parcel rates, and postal routing barcodes, as well as codes for surcharges, discounts, and extra services that apply to parcels supported by eVS. The coding revisions appear in Appendix G and also appear in the appropriate description sections in Appendix A.

### New Parcel Products and Availability

The long-term eVS vision is to include all parcel products. The new and expanded coding in this revision reflects nearly all domestic parcel classes, subclasses, and rate categories, as well as additional extra services, discounts, and surcharges. Currently, eVS supports Parcel Select®, Parcel Post®, Bound Printed Matter, Media Mail®, and Regular Standard Mail® services, and it will continue supporting those parcel products upon implementation of the new rates.

Additional combinations, as shown in Table 10 in Appendix G, will be supported after the implementation of the new rates, with these additional conditions:

- *First-Class Mail® and Priority Mail*. These subclasses will be available on a test basis tentatively beginning on July 1, 2007, and only initially for currently authorized eVS mailers. Mailers who are currently not authorized to use eVS for manifesting parcels will

need to meet the requirements in Publication 205 in order to mail under eVS.

- *Not Flat-Machinable Standard Mail*. This rate category will be available initially only for currently authorized eVS mailers who can meet the required sortation and barcoding standards. Mailers who are currently not authorized to use eVS for manifesting parcels will need to meet the requirements in Publication 205 in order to mail under eVS.
- *Nonprofit Standard Mail*. This subclass will be available only for authorized Nonprofit Standard Mail mailers or mailings prepared by their agents, which could include eVS mailers or eVS consolidators. These mailings must meet all applicable standards for Nonprofit Standard Mail in *Mailing Standards of the United States Postal Service, Domestic Mail Manual (DMM®) 703*.
- *Library Mail*. This subclass will be available only for authorized eVS mailers who meet the content criteria and sender and/or addressee criteria in DMM 483 for Library Mail.

Carrier route mail will not be available for eVS mailers upon the implementation of new rates. eVS will be expanded at a future date to include Standard Mail Enhanced Carrier Route, Standard Mail Nonprofit Enhanced Carrier Route, and Bound Printed Matter Carrier Route rates.

### Effective Date

These revisions will take effect the same day that the new rates, fees, and classifications will take effect with the implementation of R2006-1.

If there will be any further changes to either the file format or to the coding, we will announce them through articles published in the *Postal Bulletin*.

Mailers and software vendors are advised to begin making required software and system changes now and test those changes as soon as possible.

### Appendix A, eVS Electronic File Layout

Appendix A contains the file layout for the Header Record, Detail Record 1, and Detail Record 2 of the electronic manifest file. Detail Record 2 is currently not available for eVS mailings. In the revised Appendix A, all changes to the file layout are displayed with **bold underlined type**. The following table further describes the changes.

File Name	Record Positions	Field Name	Revision and Comment
Header	075-077	USPS Electronic File Version Number	<p><b>Change: Electronic file version number will change from 1.3 to 1.4.</b></p> <p><u>New Rates.</u> All Header Records submitted with the new rates and fees for rate case R2006-1 must use the new electronic file version number 1.4, to be displayed as the 3-digit numeric code 014.</p> <p>The Product Tracking System (PTS) will not be able to accept files with the new rates with version number 1.4 until the implementation date of the new rates. Version number 1.4 files received before the implementation date will be rejected, and the eVS mailer will need to resubmit the files on the implementation date.</p> <p><u>Old Rates.</u> The Product Tracking System (PTS) will process files with the old rates with file version number 1.3 up to 30 days after the date of rate implementation if those files use the old layout and old coding.</p> <p>This 30-day period will allow the Postal Service to handle files for mailings at the old rates presented before the implementation date of new rates but received after that date because of processing errors or other technical difficulties.</p> <p>These files will be handled manually and postage from these files entered as adjustments to the mailer's postage payment account because eVS will not be able to generate postage statements with the old rates beginning on the implementation date of the new rates.</p>
Detail 1	003-004	Class of Mail	<p><b>Change: The code "SA" is redesignated as Standard Mail Regular; three new Standard Mail codes will be added:</b></p> <ul style="list-style-type: none"> <li>■ S2 = Standard Mail Nonprofit</li> <li>■ S3 = Standard Mail Enhanced Carrier Route</li> <li>■ S4 = Standard Mail Nonprofit Enhanced Carrier Route</li> </ul> <p>Enhanced Carrier Route and Nonprofit Enhanced Carrier Route parcel mail will not be available for eVS mailers upon the implementation of new rates. eVS will be expanded at a future date to include these subclasses.</p>
Detail 1	038-044	Postage	<p><b>Revision: Postage amount will no longer include discounts; discounts will need to be displayed in record positions 163-169.</b></p> <p>Discounts should be considered as negative numbers when calculating total postage and fees; surcharges should be considered as positive numbers.</p> <p>Complete postage and fees calculation would include the following record positions:</p> <ul style="list-style-type: none"> <li>■ 038-044 = Postage Amount</li> <li>■ 082-086 = Fee for 1st Extra Service</li> <li>■ 089-093 = Fee for 2nd Extra Service</li> <li>■ 096-100 = Fee for 3rd Extra Service</li> <li>■ 163-169 = Discount or Surcharge Amount</li> <li>■ 174-180 = Nonincidental Enclosure Postage</li> </ul>
Detail 1	045	Unit of Measure	<p><b>Change: All weights will be required to be expressed in pounds, even weights for Standard Mail and First-Class Mail.</b></p> <p>The required code for unit of measure is "1" for pound weight.</p>
Detail 1	046-054	Weight	<p><b>Change: Physical weight, not rate weight, will be used.</b></p> <p>Using physical weights ensures data integrity for mailer and the USPS. This information is needed for developing production and transportation costs and for assuring material handling safety. Accurate weights are critical to the USPS for developing costs related to each mail class and rate category.</p> <p>For parcel mail, use of rate weights can exaggerate the true physical weight of a mailing. For example, Parcel Post is charged at 1-pound increments. In other words, a parcel weighing 0.5000 pound is charged as though it weighed 1.000 pound.</p> <p>If a mailer has two parcels, each weighing 0.5000 pound but records each as 1.0000 pound in the manifest for calculating the correct postage, the total weight would appear to be 2 pounds, when in fact the total physical weight is only 1 pound for the two parcels.</p> <p>When this is compounded by a large number of parcels, the implication of using rate weights can become significant.</p>

File Name	Record Positions	Field Name	Revision and Comment
Detail 1	055	Processing Category	<p><b>Change: Current processing categories 3, 4, and 5 will include subclass application; new processing category codes 6, 7, 8, and 9 will be added.</b></p> <p>Each mail processing category shows the subclasses to which it could apply. The processing category "irregular," for example, can apply to Standard Mail, Bound Printed Matter, Media Mail, and Library Mail.</p> <p>The new processing categories 6 and 7 will be used only for Standard Mail Not Flat-Machinable parcels. Processing category 6 will refer to parcels weighing less than 6 ounces; processing category 7 will refer to parcels weighing 6 ounces or more. This distinction will be required because barcoding and sortation standards will differ by this weight break. Parcels weighing less than 6 ounces can be barcoded using either a POSTNET barcode or a UCC/EAN 128 Code barcode; parcels weighing more than 6 ounces may use only the UCC/EAN 128 Code barcode. Processing category 8 will be reserved.</p> <p>Processing category 9 will be used for Priority Mail, which traditionally has not had parcels classified by processing categories.</p>
Detail 1	056	Destination Rate Indicator	<p><b>Change: The destination rate indicators "T" (for Intra-BMC Parcel Post) and "E" (for Inter-BMC Parcel Post) will be eliminated.</b></p> <p>Destination rate indicators will be used only to identify those classes, subclasses, or rate categories that receive either a discount or a reduced rate if the mailer transports the mail to the indicated destination facility. Standard Mail and Bound Printed Matter are eligible for destination entry discounts; Parcel Select is eligible for destination rates.</p> <p>The destination rate indicators, corresponding to facility type, will be "B" for destination bulk mail center (including auxiliary service facilities (ASFs)), "S" for sectional center facility (generally a large processing facility); and "D" for destination delivery unit (such as a station, branch, or small post office).</p> <p>The designation "N" is used for two situations:</p> <ol style="list-style-type: none"> <li>(1) The rate structure for the subclass or rate category does not include destination entry rates or discounts. The rate structures for First-Class Mail, Priority Mail, Intra-BMC Parcel Post, Inter-BMC Parcel Post, Media Mail, and Library Mail do not include entry rates or discounts. The code "N" is always used for these classes, subclasses, and rate categories.</li> <li>(2) The rate structure for the subclass includes destination entry discounts as well as non-entry presorted rates or single-piece rates for mail deposited at origin. The rate structure for Standard Mail includes non-entry presorted rates; the rate structure for Bound Printed Matter includes non-entry presorted and single-piece rates. "N" is used in those cases.</li> </ol>
Detail 1	057-058	Rate Indicator	<p><b>Change: All 27 rate indicators used for any rate combination in eVS will be new.</b></p> <p>For this complete revision of coding, the 27 rate indicators, with a few exceptions for Parcel Post, will no longer contain class-specific information.</p> <p>Barcoding information will not be included in the rate indicator; it will be the sixth "rate ingredient" for eVS and will be shown in record position 199.</p>
Detail 1	101-105	Length	<p><b>Change: New field (field composed of positions 101 and 102, formerly used for "Extra Service Code 4th Service"; and positions 103, 104, and 105, formerly used for the first three positions of "Fee for 4th Extra Service").</b></p> <p>In response to the new requirements for dimensional weight calculations for certain Priority Mail parcels destined for zones 5, 6, 7, or 8, a new 5-position field will be added for recording the rounded length of the parcel. Detail 1	116–121	Dimensional Weight	<b>Change: New field (field composed of positions 116, formerly used for the last position of “Extra Service Code 6th Service”; and position 117, 118, 119, 120, and 121, formerly used for all five positions of “Fee for 6th Extra Service”).</b> In response to the new requirements for dimensional weight calculations for certain Priority Mail parcels destined for zones 5, 6, 7, or 8, a new 6-position field will be added for recording the rounded weight (dimensional weight) of the parcel. Positions 120 and 121 represent decimal places 1 and 2.
Detail 1	161–162	Discount or Surcharge Type	<b>Change: Modified field to allow three new codes for surcharges and nine new codes for discounts.</b> <u>Surcharges.</u> The three new surcharges will reflect changes for First-Class Mail and Standard Mail only. The residual-shape surcharge for Standard Mail will be eliminated. The three new surcharges will be indicated with the prefix “N” followed by a single digit. N1 is a nonmachinable or nonbarcoded parcel surcharge that will apply to First-Class Mail only; N2 is a nonbarcoded parcel surcharge that will apply to Standard Mail only; and N3 will be a fee for the use of detached address labels for Standard Mail Enhanced Carrier Route and Nonprofit Enhanced Carrier Route. <u>Discounts.</u> The nine new discounts will reflect changes for Packages Services, including a machinable parcel barcode discount, OBMC presort discount, Presort BMC discount, and discounts when special handling is applied to certain nonmachinable parcel mail for which a surcharge is included in the rate tables.
Detail 1	163–169	Discount or Surcharge Amount	<b>Change: Expand the decimal field to three positions for future fractional cents.</b>
Detail 1	170–171	Nonincidental Enclosure Rate Indicator	<b>Change: Restriction of valid rate indicators.</b> Rate indicators will be valid in any combination with the class of mail code in record positions 172 and 173.
Detail 1	172–173	Nonincidental Enclosure Class of Mail	<b>Change: Restriction of class of mail codes.</b> Only codes for First-Class Mail (“FC”) and Regular Standard Mail (“SA”) will be permitted in this field.
Detail 1	199	Postal Routing Barcode	<b>Change: New field (formerly the first position of the filler field, made up of positions 199 and 200).</b> In response to the new barcoding requirements, this 1-character position will be used to record whether the parcel bears a barcode representing the destination 5-digit ZIP Code (usually referred to as a postal routing barcode for parcel mail). <ul style="list-style-type: none"> <li>■ “1” will indicate a UCC/EAN 128 Code barcode (available for all parcel mail, regardless of weight); and</li> <li>■ “2” will indicate a POSTNET barcode (available only for First-Class Mail parcels and, for parcels weighing less than 6 ounces, Standard Mail parcels)</li> </ul>
Detail 1	200	Filler	<b>Change: New field size (formerly the second position of the filler field, made up of positions 199 and 200).</b>

## Appendix G, eVS Electronic File Layout

The following major changes are being made to eVS coding as shown in the revised Appendix G.

- *Table 1, Service Type Codes.* All combinations with Delivery Confirmation™ and Signature Confirmation™ service will appear by subclass of mail, along with the addition of Service Type Codes for COD (Collect on Delivery).
- *Table 2, Class of Mail.* New codes will be added for Standard Mail Nonprofit, Standard Mail Enhanced Carrier Route, and Standard Mail Nonprofit Enhanced Carrier Route.
- *Table 3, Processing Category and Shape Indicator.* Four new categories will be added: 6, for Not Flat-Machinable (less than 6 ounces); 7, for Not Flat-Machinable (6 ounces or more); 8 (reserved); and 9, for Priority Mail service.
- *Table 4, Destination Rate Indicator.* Codes “T” for Intra-BMC Parcel Post and “E” for Inter-BMC Parcel Post will be eliminated.
- *Table 5, Rate Indicator.* All new codes will be added for the new rate categories reflected in the R2006-1 rate case.
- *Table 6, Zone.* No changes will be made to the codes for zones.
- *Table 7, Postal Routing Barcode.* A set of new codes will be introduced with this table for the requirement to indicate the presence or absence of a postal routing barcode for parcel mail.
- *Table 8, Discount and Surcharge Type.* A set of new codes will be introduced with this table to indicate discounts or surcharges used with certain parcel subclasses. The residual-shape surcharge and its code for Standard Mail service will be eliminated.

Discounts will be indicated with the prefix “D,” and surcharges will be indicated with the prefix “N.”

- *Table 9, Extra Services.* Extra service codes for Certified Mail™, special handling, and bulk insurance will be added.
- *Table 10, eVS Valid Rate Ingredient Combinations.* All possible combinations of the six rate ingredients along with the equivalent rate (including barcoding discounts or barcoding or nonmachinability surcharges) will appear in this table.
- *Table 11, Coding Key.* All codes and their corresponding name will appear in this table.

## Forms

### Revised PS Form 3958, Unit Reserve Stamp Stock Transaction Record

Effective March 1, 2007, Electronic Money Order Voucher Entry System (eMOVES) and Small Post Office Reporting Tool (SPORT) offices must use revised PS Form 3958, *Unit Reserve Stamp Stock Transaction Record*, dated February 2007. The February 2007 edition of this form replaces the January 1994 edition. All previous editions of PS Form 3958 are obsolete and must be discarded.

Post Offices™ and retail postal units with POS ONE or integrated retail terminal (IRT) equipment will continue to use the system-generated form. In the event of power outages or POS ONE or IRT system failures, the office must

use PS Form 3958 as part of its contingency plan for manual operations.

#### Summary of Changes

The changes to PS Form 3958 are as follows:

- Changed the title, instructions, and line descriptions.
- Deleted the bird, postage, and food coupon columns.
- Created space for the unit finance number, unit name, and additional line descriptions.

Upon the arrival of the new version PS Form 3958, the Material Distribution Center (MDC) in Topeka will destroy or recycle all previous editions of PS Form 3958 and instead will use the February 2007 edition.

### Viewing the Form Online

PS Form 3958 is available on the Postal Service™ Intranet.

- Go to <http://blue.usps.gov>.
- Under “Essential Links” in the left-hand column, click on *Forms*.

(The direct URL for the Forms Web site is <http://blue.usps.gov/formmgmt/forms.htm>.)

### Obtaining Printed Copies

Employees may order copies of PS Form 3958 from the MDC using touch-tone order entry (TTOE). Call 800-273-1509.

**Note:** You must be registered to use TTOE. To register, call 800-332-0317, option 1, extension 2925, and follow the prompts to leave a message (wait 48 hours after registering before you place your first order).

## Delivery and Retail

### Setting Clocks for Daylight Saving Time

Managers must ensure that before opening for business on Monday, March 12, 2007, the clocks in all integrated retail terminals (IRTs) and debit/credit card terminals under their control are set forward (in most locations) 1 hour to reflect the change to Daylight Saving Time. Facilities with Saturday night operations should reset the time as soon as possible after the 2 A.M. start time, Sunday, March 11, 2007.

The correct system time in IRTs is critical since their internal clocks are used to verify Express Mail® and Global Express Guaranteed™ acceptance times and service commitments. The IRT system time is also printed on customer receipts and employee reports. It is very important that the debit/credit card terminal clocks be set to the correct day, date, and time as this will help reduce the possibility of accepting an expired debit/credit card.

#### IRTs

On the UNISYS III Supervisor Disk, select menu item 11, Set System Date and Time, from the Control menu, and perform the following steps:

1. Observe that the date appears.
2. Press the ENTER key to accept the current date. The time appears.
3. Press the CE key to clear the time.
4. Enter correct Daylight Saving Time in military format (examples: 8 A.M. = 0800, 1:30 P.M. = 1330).
5. Press the ENTER key to save the corrected time. The Control menu appears.
6. Observe that the corrected time is displayed in the upper right-hand corner of the screen.

On the MOS IRT Control Disk, from the Main menu, select item 5, Change Fees and Tables. Then from the Change Fees and Tables menu, select item 5, Set Unit Date and Time.

#### Debit/Credit Card Terminals

For debit/credit card terminals, follow these steps:

Display	Action
U.S. Postal Service	Press the (*) key and the (3) key at the same time. (If you are having trouble, simply hold the (*) key and tap the (3) key.)
Diagnostics	Press the ALPHA key.
Year	Key in the current year (4 digits). Press the ENTER key.
Month	Key in a number (1–12) for current month. Press the ENTER key.
Date	Key in a number (1–31) for current date. Press the ENTER key.
Hour	Key in a number (1–24) for current hour. Press the ENTER key.

Display	Action
Minutes	Key in number of minutes (0–59). Press the ENTER key.
Seconds	Key in number of seconds or press the ENTER key to bypass.

You must make an entry for each selection, even if the display is correct.

#### Displaying the Clock and Calendar

To verify the existing date and time of the clock in the terminal, follow these steps:

Display	Action
U.S. Postal Service	Press the ENTER key.
Function	Press the (4) key.
Day, Date, Time	
Exit	Press the CLEAR key.
<US Postal Service>	

#### Retail Consolidation Unit (RCU)

The time for the RCU/VAX will be updated automatically by the Raleigh Information Systems FSCS VAX Support Group. However, all RCU operators should validate the correct time and date when they log on to the RCU on Monday, March 12, 2007, and notify Raleigh if the time and date are incorrect.

#### Mobile Data Collection Devices (MDCDs)

The Delivery Confirmation™ handheld scanners will automatically change to Daylight Saving Time. No manual changes are necessary.

#### POS ONE Terminals

The POS ONE terminals will automatically change to Daylight Saving Time. No manual changes are necessary.

## Stamps by Mail — Brochure Ordering Information

This article publishes a revised Stamps by Mail® print run cut-off schedule for the remaining '07 fiscal year. Each date has designation whether it is for the year round (YR) brochure or the holiday (HOL) brochure. This revises a previous date of 03/23 changing it to 04/01.

- April 1, 2007 (YR—Subject to Change).
- May 4, 2007 (YR).
- July 6, 2007 (YR).
- September 3, 2007 (HOL).

FY '08:

- October 1, 2007 (HOL).

To order brochures, submit PS Form 3227-O, *Stamps At Your Door Supply Order* (January 2007), to Cyril-Scott Company:

CYRIL SCOTT COMPANY  
PO BOX 627  
LANCASTER OH 43130-0627  
Telephone: 800-466-0455  
Fax: 740-689-0210

You can find this form at <http://blue.usps.gov>; click on Forms, then select the form by number. A copy of this form appears on page [20](#) in this *Postal Bulletin*.

The cost per unit of 500 has been increased to \$11.50. This cost includes overprinting the address of the fulfillment office placing the order. You may pay for orders with local IMPAC credit cards, checks, or money orders. However, Cyril-Scott Company cannot process the order until it receives payment. Local eBuy procedures may also apply (refer to local procurement procedures).

Postal Service™ Headquarters will only fund brochure quantities for the 50 centralized processing sites for the following print runs:

- April 1, 2007 (YR—Subject to Change).
- September 3, 2007 (HOL).

Centralized sites may order **additional** quantities from the Cyril-Scott Company from local funds by following the ordering instructions contained within this article. If you order additional quantities from local funds, inform Cyril-Scott Company that this is a centralized site supplemental order.

All other local Post Offices™ should follow the ordering instructions contained within this article and utilize local funds.

Cyril-Scott Company will deliver orders within 35 calendar days after printing. Printing begins 1 week after the deadline date, and actual receipt of the order will depend on the ultimate destination and the corresponding delivery service standard. You should save copies of all orders placed at your local Post Office until the order has been received. Please ensure procedures are in effect locally for proper verification of receipt.

## Invalid Express Mail Corporate Account Numbers

These numbers are to be posted and used by retail/acceptance clerks. This listing supersedes all previous notices, which must be recycled. Retail/acceptance clerks must not accept Express Mail® shipments bearing any of

the invalid numbers (listed below) in the “customer number” or “agreement number” section of the label or form.

**Note:** The first 6 digits of a 9-digit Custom Designed Service and Next Day Pickup Agreement make up the Corporate Account Number.

## Missing, Lost, or Stolen U.S. Money Order Forms

### Do Not Cash — Upon Receipt, Notify Local Postal Inspectors

This listing will be provided to all Postal Service™ employees responsible for accepting and cashing postal money orders. All interim notices should be destroyed when the numbers listed appear in the *Postal Bulletin*. The

actual serial numbers consist of the first 10 digits on the money orders. Check for altered dollar amounts by holding money orders to the light.

## Missing, Lost, or Stolen Canadian Money Order Forms

### Do Not Cash — Upon Receipt, Notify Local Postal Inspectors

This listing will be provided to all Postal Service™ employees responsible for accepting and cashing postal money orders. Destroy any interim notices when the numbers listed appear in the *Postal Bulletin*. The new money order serial numbers consist of the first 9 digits. The 10th digit is a check digit only.

Do not cash new style money orders **000 000 001 to 692 600 000**. Advise holders to send invalid money orders to: Canada Post Corporation, Ottawa, Canada K1A 0B1. Check for altered dollar amounts by holding money orders to the light.

## Verifying U.S. Postal Service Money Orders

Follow these steps to cash a Postal Service™ money order:

1. Check that the amount does not exceed the legal limit: \$1,000 for domestic, and \$700 for international postal money orders.
2. Check that the proper security features are present:
  - When held to the light, a watermark of Benjamin Franklin is repeated from top to bottom on the left side.
  - When held to the light, a dark line (security thread) runs from top to bottom with the word “USPS” repeated.
  - There should be no discoloration around the dollar amounts, which might indicate the amounts were changes.

These appear in Postal Service Notice 299, *U.S. Postal Money Order Reference Card*, or online at <http://www.usps.com/missingmoneyorders/security.htm>.

3. If the money order seems suspicious, call the U.S. Postal Service Money Order Verification System at 866-459-7822.

Please provide this information to local banks and retailers, as they also receive Postal Service money orders for cashing.

## Other Information

### Overseas Military Mail

Mail addressed to military post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The APO/FPO table below outlines these conditions by APO/FPO ZIP Codes™ through the use of footnoted mailing restrictions codes (see the Restrictions page following the table).

Acceptance clerks should use the table with the integrated retail terminal (IRT) or POS ONE terminal to determine which APO/FPO ZIP Codes are active and which

conditions of mailing apply. **Acceptance clerks may contact the Military Postal Service Agency with any questions regarding APO/FPO ZIP Codes, toll free, at 800-810-6098, Monday–Friday, 0730–1600 ET.**

For Express Mail Military Service (EMMS) availability, all acceptance clerks must refer to the local hardcopy EMMS directory.

The entries under “Changes” appear in bold in the APO/FPO Table starting below.

**B.** PS Form 2976–A is required for all mail weighing 16 ounces or more, with exceptions noted below. In addition, mailers must properly complete required customs documentation when mailing any potentially dutiable mail addressed to an APO or FPO regardless of weight. The following are exceptions to the requirement for customs documentation on nondutiable mail that weighs 16 ounces or more:

- Known mailers are exempt from providing customs documentation on non-dutiable letters, and printed matter weighing 16 ounces or more. (A known mailer is anyone who legally applies a permit imprint to a mailpiece. Mail with meter postage is not considered to be from a known mailer.)
- All federal, state, and local government agencies are exempt from providing customs documentation on mail addressed to an APO or FPO, except for those APOs/FPOs to which restriction B2 applies.
- Prepaid mail from military contractors is exempt, providing the mailpiece is endorsed "Contents for Official Use – Exempt from Customs Requirements."

**B1.** PS Form 2976 or 2976–A is required. Articles are liable for customs duty and/or purchase tax unless they are bona fide gifts intended for use by military personnel or their dependents. When the contents of a parcel meet these requirements, the mailer must endorse the customs form, "Certified to be a bona fide gift, personal effects, or items for personal use of military personnel and dependents," under the heading, Description of Contents. **Exceptions:** All other exceptions listed in restriction B above are applicable to this restriction.

**B2.** All federal, state, and local government agencies must complete customs documentation when sending mail addressed to or from this APO or FPO weighing 16 ounces or more.

**C.** Cigarettes and other tobacco products are prohibited.

**C1.** Obscene articles, prints, paintings, cards, films, videotapes, etc., and horror comics and matrices are prohibited.

**D.** Coffee is prohibited.

**E1.** Medicines or vaccines not conforming to French laws are prohibited.

**E2.** Any matter depicting nude or seminude persons, pornographic or sexual items, or nonauthorized political materials is prohibited. Although religious materials contrary to the Islamic faith are prohibited in bulk quantities, items for the personal use of the addressee are permissible.

**E3.** Radio transceivers, cordless telephones, global positioning systems, scanners, base stations, and handheld transmitters are prohibited.

**F.** Firearms of any type are prohibited in all classes of mail. See definitions of firearms in DMM 601.11.1.2c. This restriction does not apply to firearms mailed to or by official U.S. government agencies. The restriction for mail to this APO/FPO ZIP Code does not apply to firearms mailed from this APO/FPO ZIP Code, provided ATF and USPS regulations are met. Antique firearms are a separate category defined in DMM 601.11.2 and ATF regulations; they do not require an ATF form.

**F1.** Privately owned weapons addressed to an individual are prohibited in any class of mail.

**F2.** Importation of firearms is restricted to one shotgun and one single shot .22 caliber rifle per individual.

**G.** Only First-Class Mail letters, Periodicals, and Standard Mail items are authorized.

**H.** Meats, including preserved meats, whether hermetically sealed or not, are prohibited.

**H1.** Pork or pork by-products are prohibited.

**I.** Mail of all classes must fit in a mail sack. Mail may not exceed the following dimensions:

Length	
42" . . . . .	72" length and girth combined
over 42" to 44" . . . . .	24" girth
over 44" to 46" . . . . .	20" girth
over 46" to 48" . . . . .	16" girth
Maximum length 48"	

This restriction does not apply to registered mail and official government mail marked MOM.

**I1.** This restriction does not apply to registered mail.

**I2.** This restriction does not apply to official government mail marked MOM.

**J.** Parcels may not exceed 108 inches in length and girth combined.

**K.** Mail that includes in the address the words, "Dependent Mail Section," may consist only of letter mail, newspapers, magazines, and books. No parcel of any class containing any other matter may be mailed to the Dependent Mail section. This restriction does not apply if the address does not include the words "Dependent Mail Section."

**L.** All official mail is prohibited.

**M.** Fruits, animals, and living plants are prohibited.

**N.** Registered mail is prohibited.

**O.** Personal mail addressed to vessels using this number is limited to unregistered First-Class Mail items and certified mail. Other classes of mail are prohibited.

**P.** APO is used for the receipt and dispatch of official mail only.

**Q.** Mail may not exceed 66 pounds, and size is limited to 42 inches maximum length and 72 inches maximum length and girth combined.

**R.** All alcoholic beverages, including those mailable under DMM 601.8.0, are prohibited.

**R1.** Materials used in the production of alcoholic beverages (i.e., distilling material, hops, malts, yeast, etc.) are prohibited.

**T.** Mailings of case lots of food and supplemental household shipments must be approved by the sender's parent agency prior to mailing.

**U.** Parcels must weigh less than 16 ounces when addressed to Box R. This restriction does not apply to mail endorsed "Free Matter for the Blind or Handicapped."

**U1.** Mail is limited to First-Class Mail weighing 13 ounces or less when addressed to Box R. This restriction does not apply to mail endorsed "Free Matter for the Blind or Handicapped." Videotapes are prohibited when addressed to Box R, regardless of weight.

**U2.** Mail is limited to First-Class Mail letters only when addressed to Box R.

**U3.** Mail is limited to First-Class Mail correspondence (including voice and video cassettes), newspapers, magazines, photographs, not exceeding 16 ounces, when addressed to Box R.

**V.** Express Mail Military Service (EMMS) not available from any origin.

**W.** Meat products, such as dried beef, salami, and sausage, may be mailed, provided they remain in their original, hermetically sealed packages and bear USDA certification. Other meats, bones, skin, hair, feathers, horns or hoofs of hoofed animals, wool samples, tobacco leaves, including chewing and pipe tobacco, snuff, cigars, and cigarettes, or obscene material, including obscene drawings, photographs, films, and carvings, are prohibited. Exception: 200 grams of tobacco per parcel are permitted duty free.

**X.** Personal mail is limited to First-Class Mail items (to include audio cassettes and voice tapes) weighing 13 ounces or less. This limitation does not apply to official mail.

**Y.** Mail is limited to First-Class and Priority Mail items only. All Periodicals, Standard Mail items, and Package Services items (including SAM and PAL) are not authorized. This restriction also applies to official mail.

**Z.** No outside pieces (OSPs).

**Z1.** The following restriction is applicable only to International Service Centers (ISC)/Exchange Offices. An Anti-Pilferage Seal (Item No O817E or O818A) is required on all pouches and sacks.

## Get Ready for Rate Change

This May, a rate change goes into effect and all Post Office™ locations will receive new POP signage displaying the new rates. It is imperative that you visit the facilities database (FDB) and update your office profile by March 21<sup>st</sup> in order to receive the proper POP signage for the planned May rate change. Go to <http://fdb.usps.gov> and update the key items listed below.

### Retail Marketing Module:

- Number of APC® Kiosks
- Point-of-Purchase (POP) Kit Size
- Postal Store
- Menuboards\*

### Building Qualities Module:

- Number of Cashwraps
- Number of Exterior Customer Entrance Doors
- Number of Retail Service Windows
- Number of Translites for all Parcel Slides

### Products & Services Module:

- Global Express Guaranteed®
- Products your office offers
  - Passport Acceptance
  - Passport Photo
  - Sure Money™ Postal Facility

\*Including type and size (For backlit offices, configurations from left to right should be included.)

Remember, incorrect signage could impact your retail revenue and mystery shopper scores. If you are unable to access the FDB, contact your FDB Coordinator.

## The Buck Starts Here

A recent law states that all government agencies with a retail environment must accept and dispense \$1 coins by January 2008. This law also requires us to post signs at all retail windows and vending machines in Post Office locations. Be on the lookout for new signage this spring.

**April 1<sup>st</sup> is the deadline** for Post Office locations to place an order for Stamps by Mail® brochures. See periodic articles in the *Postal Bulletin* for specific instructions including PS Form 3227-O, *Stamps by Mail Brochure Order Form*.

## Watch Your Passport Revenue Soar

Over 70% of all passport applications are submitted at Post Office™ locations. In Fiscal Year '06, fees from passport services generated \$219 million in revenue — an average of \$41,321 per office for the 5,300 participating passport offices. On January 23, 2007, the Western Hemisphere Travel Initiative\* went into effect, creating an opportunity to surpass last year's revenue. It is especially important to let customers know about this new travel requirement and passport services available at your office.

All passport office employees should take the updated Passport Application Acceptance eLearning Course (4120118) to update their skills to meet the changing needs of the passport requirement. The online training course is free of charge to designated passport facilities. It is designed to certify employees as authorized passport application acceptance agents for the USPS®.

Visit <http://blue.usps.gov/marketing/retail/passport.htm> for course details.

Take advantage of this revenue opportunity. Make sure you're prepared to assist customers with passport needs by doing the following:

- Take the Passport Application Acceptance eLearning Course (4120118).
- Stock plenty of passport forms and brochures.
- Display the *Apply for a U.S. Passport Here* signage.

\*Air travelers entering or returning to the U.S. from Canada, Mexico, Central America, South America, the Caribbean, and Bermuda are now required to show their passports. Visit <http://blue.usps.gov/marketing/retail/passport.htm> to learn more about the new travel requirement.

## Employee Communication Reminders

- The *Manager's Guide* was replaced by a monthly e-mail called *Retail Insider*.
- The *Employee Calendar* will be replaced by a quarterly printed piece starting this April.
- Visit <http://blue.usps.gov/marketing/retail/employeecom.htm> to access and print the new e-mails.

## Tax-Time Options

With tax season in full swing, customers will want to make sure their taxes are postmarked by April 17<sup>th</sup>. Remind customers that Certified Mail™ service and Registered Mail™ service offer proof of delivery and are the only two types of mail the IRS accepts as proof the return was sent.

### Certified Mail Service

- Be sure your tax return arrived at its destination.
- Verify delivery online.
- Send using APC® kiosks.

### Registered Mail Service

- Provide maximum security for your returns.
- Verify time and date of delivery.

Tax season can be hectic — these products and services can help ease the stress for our customers.

*Note:* Post Office™ locations are not required to stock tax forms. Customers can visit [www.irs.gov](http://www.irs.gov) to download tax forms.

## Finance

### Elimination of \$10,000 Limit on Money Order Transactions

Effective, March 1, 2007, the policy that limits the sale of money orders to \$10,000 per day per postal customer has been rescinded. Effective immediately, postal customers may purchase money orders in amounts up to \$1,000 each with no daily maximum. Point-of-service (POS) equipment has been re-programmed to remove the restriction on the sale of money orders totaling more than \$10,000.

All employees are reminded that PS Form 8105-A, *Funds Transaction Report*, must be completed when postal customers purchase money orders that total \$3,000 or more during the same business day. This form will be modified to remove references to the \$10,000 limit. We will publish the revised form in the *Postal Bulletin* as soon as it is complete.

### POS-PostalOne! Interface for Advance Deposit Trust Accounts

Effective March 14, 2007, point-of-service (POS) offices that accept deposits and fees for *PostalOne!*<sup>®</sup> sites must follow new procedures due to the implementation of the POS-*PostalOne!* interface. The new interface integrates the management and posting of Advance Deposit Trust account activity between the two systems. This means employees will post deposit account information only through the POS system.

#### New Procedure

Before the integration of these two systems, separate entries of payments were required into each system. Payments include both the deposit of funds into Advance Deposit Trust accounts and the payment of fees for accounts.

After the national implementation of the POS-*PostalOne!* interface, offices will be able to post Advance Deposit Trust account deposits only through POS systems. Deposits will no longer be directly input into the *PostalOne!* system.

#### Training Materials

All retail associates and business mail acceptance (BMA) employees affected by the new procedures must ensure that they are aware of the new functionality and are prepared to follow the new procedures on March 14. Training materials for this new functionality are available as follows:

Retail associates have two sources, both available on the POS Web site:

- Go to <http://eagnmmsg10d/posone/index.asp>.

- Under "User Information," click on *Training*.
- Under "POS ONE Course Descriptions and Course Numbers," click on the *NCR POS ONE Guides and Deployment Training Documents* link.
  - For the *POS-PostalOne! Interface New Functionality Guide*, scroll down to item 11, and click on *NCR PostalOne! New Functionality Guide*.
  - For the *POS-PostalOne! Interface Quick Reference Guide*, scroll down to item 12, and click on *NCR PostalOne! Quick Reference Guide*.

BMA clerks may complete the POS training available on BMA Web site.

- Go to <http://blue.usps.gov/bma/>.
- Under, "Training," click on *Webcast Broadcasts*.
- Select course number 41201-54, POS Training for BME Clerks.

## Human Resources

### Third-Party Requests to Perform Environmental Sampling on Postal Service Property

This article establishes Postal Service™ policy regarding requests from third-party consultants to enter Postal Service property to perform environmental sampling related to environmental conditions on adjoining property.

To enter Postal Service property to perform environmental sampling, a third-party consultant must have a properly signed license from the Postal Service. The license must:

- Set forth the conditions for entry, including terms and reporting requirements; and
- Be signed by the third-party consultant.

Installation heads who receive such requests must contact their local facilities service office (FSO), which will work with the Law Department to develop a license that

stipulates, among other things, that the third-party consultant will:

- Provide proof of insurance.
- Restore Postal Service property to its original condition in the event of damage or disturbance.
- Enter Postal Service property only during the times specified in the license so as not to interfere with Postal Service operations.
- Provide a copy of the data obtained and any report produced by the consultant.

These requirements are effective immediately, and they will be published in a Postal Service directive.

## Updated Announcement 07-B: 2007 Stamps and Postal Stationery

“2007 Stamps and Postal Stationery” (Updated Announcement 07-B, March 2007), which appears on pages [47–48](#), replaces the quarterly announcement of the same name, previously printed and sent to customers on request through Stamp Fulfillment Services in Kansas City. The announcement is a listing of stamps and postal stationery items scheduled for issuance during calendar year 2007. Post Offices™ may wish to post this schedule on their bulletin boards.

Customers may also access the *Postal Bulletin* through the Postal Service™ Web site at [www.usps.com](http://www.usps.com); click on *About USPS & News*, then *Forms & Publications*, then *Postal Bulletin*.

This announcement will be updated every 2 to 3 months, as changes warrant.

### How to Order First Day of Issue Postmarks and Covers

Customers may purchase new stamps or postal stationery items at their Post Office, from the *USA Philatelic* catalog, by calling 800-STAMP-24, or online at [www.usps.com](http://www.usps.com) by clicking on *Buy Stamps & Shop*. Then they should prepare their own covers by affixing new stamps to the upper-right corner of envelopes or postcards

of their choice, and address those envelopes, postcards, or postal stationery items to themselves or others. (Postage must equal the current First-Class Mail® rate.) For sturdiness, include a card of postcard thickness in each cover (envelopes only) submitted, and tuck in the flap. Place the cover in a larger envelope addressed to:

NAME OF ISSUE  
 POSTMASTER  
 CITY STATE ZIP CODE (FOLLOWED BY -9991)

Covers submitted for first day of issue postmarks may include additional uncanceled stamps only if the uncanceled stamps were issued before the first day of issue of the new stamps or postal stationery items. ## New Publication 186, Celebrating with Pictorial Postmarks

The Postal Service™ has issued a new 20-page, 4-color booklet, Publication 186, *Celebrating with Pictorial Postmarks: A Unique Program for Making Your Mark on History*, to provide information to the general public about the pictorial postmark program. The booklet explains what pictorial postmarks are and provides details on how the public can submit a request to their local postmaster for a pictorial postmark to commemorate special community events. Publication 186 also gives an overview of more than 160 years of postmark history leading up to today's pictorial postmark program.

### Viewing Online

Publication 186 is available on the Postal Service PolicyNet Web site:

- Go to <http://blue.usps.gov>.
- Under “Essential Links” in the left-hand column, click on *References*.
- Under “References” in the right-hand column, under “Policies,” click on *PolicyNet*.
- Then click on the *PUBs* tab.

(The direct URL for the Postal Service PolicyNet Web site is <http://blue.usps.gov/cpim>.)

## Pictorial Postmarks Announcement

As a community service, the Postal Service™ offers pictorial postmarks to commemorate local events celebrated in communities throughout the nation. A list of events for which pictorial postmarks are authorized appears below. If available, the sponsor of the pictorial postmark appears in italics under the date. Also provided are illustrations of those postmarks.

People attending these local events may obtain the postmark in person at the temporary Post Office™ station established there. Those who cannot attend the event but who wish to obtain the postmark may submit a mail order request. Pictorial postmarks are available only for the dates indicated, and *requests must be postmarked no later than 30 days following the requested pictorial postmark date.*

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail® postage. Items submitted for postmark may not include

postage issued after the date of the requested postmark. Such items will be returned unserved.

Customers wishing to obtain a postmark should affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: PICTORIAL POSTMARKS, followed by the NAME OF THE STATION, ADDRESS, CITY, STATE, ZIP+4® CODE, exactly as listed below (using all capitals and no punctuation, except the hyphen in the ZIP+4 code).

Customers can also send stamped envelopes and postcards without addresses for postmark, as long as they supply a larger envelope with adequate postage and their return address. After applying the pictorial postmark, the Postal Service returns the items (with or without addresses) under addressed protective cover.

## How To Order the First Day of Issue Digital Color or Traditional Postmarks

Customers have 60 days to obtain the first day of issue postmark by mail. They may purchase new stamps at their local Post Office™, by telephone at 800-STAMP-24, and at The Postal Store® Web site at [www.usps.com/shop](http://www.usps.com/shop).

Customers may submit #6 or #10 covers constructed of paper rated as "laser safe." The Postal Service™ recommends 80-pound Accent Opaque, acid-free envelopes, 9/16" side seams with no glue on the flap. There is a minimum of 10 covers at 50 cents per postmark required at the time of servicing. You may submit a check, money order, or credit card for payment. Two test envelopes must be included. For covers with graphics or lettering, please note the maximum size of all digital color postmarks is 2" high x 4" long. The Postal Service reserves the

right not to accept hand painted and other cachets that are not compatible with our digital color postmark. The Postal Service also reserves the right to substitute traditional black rubber postmarks if use of non-specified envelopes results in poor image quality or damage to equipment.

After applying the first day of issue postmark, the Postal Service will return the envelopes through the mail. There is no charge for the postmark. All orders must be postmarked within 60 days of the first day of issue date.

They should affix the stamps to envelopes of their choice, address the envelopes (to themselves or others), and place them in a larger envelope addressed to one of the following addresses:
