Your Life-Line From Home Just Got Easier to Access

Flat Rate is your ticket to food, fun and fashion

It's been just a few short weeks since you arrived on campus, with all the usual fanfare and excitement that goes with developing new friendships or restoring old ones, setting up the dorm room and settling into classes. But while you've been directing your attention to tasks like getting your living arrangements squared away, have you noticed how that starter-pack of essential supplies gifted to you by your parents, friends and relatives has dwindled down to near-crisis proportions?

Seemingly overnight, that huge stockpile of supplies, bath items, snacks and dorm room décor has evaporated

to the point where swift action is necessary if you expect to maintain any sense of decorum until the holiday break.

Now is the time to establish a regular supply chain of student packages from the folks back home, without breaking their spirits or bank account in the process.

Establishing your own personal logistics network isn't difficult; it just takes a little effort, a primer in the gentle art of persuasion and leveraging the shipping expertise of your friends at the U.S. Postal Service®.

Have you heard about Priority Mail® Flat Rate Boxes? These beauties hold the key to an uninterrupted flow of gifts, goodies and gotta-have-it basics from home. Here's the plan:

- Start with an e-mail, text or phone call to the folks back home that spells out the convenience and value of using Flat Rate Boxes to resupply their outstanding student. Let them know that Flat Rate Boxes provide the means to ship all that stuff you absolutely need, want or desire for one low, flat rate without fretting over weighing packages or dealing with pesky surcharges.
- Direct the attention of your loved ones to the primary link in your personal logistics network — the U.S. Postal Service, at www.usps.com. From here, your folks can order free, eco-friendly Priority Mail Flat Rate Boxes and have them delivered right to their home or office.
- Once your folks have placed those must-have bath, food and fashion items into a flat rate box, they can go to www.usps.com to print postage and order free, next-day package pickup from the Postal Service™.

It's quick, it's easy, and in just a few days you'll be able to enjoy your fresh swag while your folks can rest assured their campus cadet is resupplied and focused on academic success.

Depending on your persuasive skills and the extent of your extended family, you could soon have a conga line of flat rate boxes making their way to you via the campus Post Office™ or dorm mailroom.

Campus life is sweet, and with a personal logistics network leveraged through the Postal Service, it gets even sweeter.

Flat Rate Boxes Make the Grade for Student Packages

If you count yourself among the family members that recently sent a young person off to college in pursuit of

educational enlightenment, you probably went all-out helping to assemble an armada of essential supplies and personal items every student needs to make the transition to dorm life a little easier.

Just a few short weeks later, you've likely noticed that in addition to your refrigerator remaining mysteriously well-stocked, the e-mails and text messages from your campus cadet have started to taper off. Don't let this slowdown in digital communications lull you into believing your prize student no longer requires your guidance, love and generous support.

In fact, that initial wave of assorted foodstuffs and various sundry products may have already been whittled down to the bare minimum, and without an urgent intervention, your pride and joy could be poised for an out-of-inventory experience.

If your campus cutie or academic angel is running low on the basics, you can ease his/her fears and lift his/her spirits by harvesting a bevy of essentials at local retailers, then use free, eco-friendly Priority Mail® Flat Rate Boxes from the Postal Service™ to get those items on their way to the dorm room. The Postal Service charges the same rate to any state for flat rate boxes, and they're available in four different sizes.

Instead of going to your local Post Office™ to mail those student packages, save time and money by pointing your browser in the direction of usps.com®. You can skip-the-trip to the local Post Office and print postage or schedule free package pickup by letting your mouse do the walking for you. In no time all those must-have essentials will arrive at your significant student's doorstep.

Manuals

DMM Revision: Commercial Flats Clarification

Effective September 7, 2010, the Postal Service™ will revise *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®) 301.1 to update commercial flats text with minor editorial updates and to rearrange the DMM reference text for better flow.

Mailing Standards of the United States Postal Service, Domestic Mail Manual (DMM)

300 Commercial Flats

301 Physical Standards

1.0 Physical Standards for Flats

1.1 General Definition of Flat-Size Mail

[Revise introductory text of 1.1 and items a through c as follows:]

Flat-size mail other than that in 3.0, Physical Standards for Automation Flats, must have the following characteristics:

- a. Be more than 11-1/2 inches long, or more than 6-1/8 inches high, or more than 1/4 inch thick.
- b. Be not more than 15 inches long, or more than 12 inches high, or more than 3/4 inch thick, except for:
 - 1. Periodicals flats mailed under 707.26.0.
 - 2. Polywrapped flats, with selvage that extends beyond the contents, up to a maximum length of 15-3/4 inches. The enclosed contents must not be longer than 15 inches. Also see 1.5.3.
- c. Be rectangular with four square corners, or with finished corners that do not exceed a radius of 0.125 inch (1/8 inch). See Exhibit 1.1c.

[Reletter current item d as new item e and add new item d as follows:]

- d. Be categorized as a catalog, if meeting the standards in 1.9.

[Revise redesignated item e as follows:]

- e. Other size or weight standards may apply to mail addressed to certain APOs and FPOs and mail sent by the Department of State to U.S. government personnel abroad.

1.2 Length and Height of Flats

[Revise 1.2 by adding a new sentence at the end as follows:]

***Also see 1.5.3.

1.3 Minimum Flexibility for Flat-Size Pieces

[Revise the introductory text of 1.3 to read as follows:]

Flat-size pieces must be flexible. Boxes — with or without hinges, gaps, or breaks that allow the piece to bend — are not flats. Tight envelopes or wrappers that contain one or more boxes are not flats. At the customer’s option, customers may perform the following test on their own mailpieces. When a postal employee observes a customer demonstrating that a flat-size piece is flexible according to these standards, the employee should not perform the test. Test flats as follows:

* * * * *

[Renumber current 1.4 as new 1.9.]

[Renumber current 1.5 through 1.9 as new 1.4 through 1.8.]

1.4 Uniform Thickness

[Revise renumbered 1.4 to read as follows:]

Flat-size mailpieces must be uniformly thick so that any bumps, protrusions, or other irregularities do not cause more than 1/4-inch variance in thickness. When determining thickness, exclude the outside edges (1 inch from each edge) when the contents do not extend into those edges. Also, exclude the selvage of any polywrap covering (see 1.5) from this determination. Mailers must secure nonpaper contents to prevent shifting of more than 2 inches within the mailpiece if shifting would cause the piece to be non-uniformly thick or result in the contents bursting out of the mailpiece (see 601.2.3).

1.5 Polywrap Coverings

1.5.1 Polywrap Films and Similar Coverings

[Revise the introductory text of 1.5.1 as follows:]

Mailers using polywrap film or similar material on flat-size mailpieces, except pieces mailed at high density or saturation prices, must use a product meeting the standards in 1.5. Film approved for use under 1.5.4 must meet the specifications in Exhibit 1.5.1 as follows:

* * * * *

Exhibit 1.5.1 Polywrap Specifications

[Revise the introductory text to Exhibit 1.5.1 as follows:]

Mailers who polywrap flats, except for saturation and high density pieces, must use polywrap that meets all of the properties in this exhibit, except under 1.5.1b.

* * * * *

1.5.2 Wrap Direction and Seam Placement

Wrap direction, seam direction, and seam placement must follow these standards:

[Revise items 1.5.2 a and b to read as follows:]

- a. The wrap direction must be around the longer axis (parallel to the length) of the mailpiece, with the seam parallel to that axis.
- b. The polywrap over the address area must be a smooth surface to avoid interference with address and barcode readability. The preferred seam placement is on the nonaddressed side of the mailpiece. If the seam is placed on the addressed side, the seam must not cover any part of the address and barcode, postage area, or any required markings or endorsements.

1.5.3 Overhang

[Revise the introductory text of 1.5.3 to read as follows:]

For purposes of the polywrap standards for overhang (selvage) only, the top edge of the mailpiece is one of the two longer edges of the piece. Any polywrap selvage must meet these standards:

* * * * *

1.5.4 Polywrap Certification Process for Manufacturers

[Revise 1.5.4 as follows:]

Specification USPS-T-3204, Test Procedures for Polywrap Films describes exact test procedures and acceptable values for polywrap film characteristics. Independent testing laboratories may certify products for manufacturers who do not have the facilities or experience to conduct each of the test procedures. The specification includes a list of laboratories experienced in conducting these tests. Customers may obtain the test procedures by contacting USPS Engineering (see 608.8.1 for address) or on the USPS RIBBS

Web site (<http://ribbs.usps.gov>). Manufacturers must submit a letter, on their letterhead, indicating the value for each of the specifications in 1.5.1 for each polywrap film, to USPS Mailing Standards (see 608.8.1 for address). When the USPS receives the letter or certificate of conformance from an approved lab, films that meet the standards will be listed on <http://ribbs.usps.gov>. Manufacturers should follow this process before submitting the certification letter:

* * * * *

[Revise item 1.5.4b as follows:]

- b. Test each surface treatment separately. Manufacturers or approved labs may test the thinnest film of one product with identical surface treatment and characteristics. If the thinnest film meets the characteristics after being tested, the USPS will list the product as approved for all gauges of that product that also meet the gauge test.

1.6 Maximum Deflection for Flat-Size Mailpieces

[Revise the introductory text of 1.6 as follows:]

Flat-size mailpieces must meet maximum deflection standards. Flat-size pieces mailed at high density or saturation prices, and flats mailed at basic carrier route prices entered by the mailer at destination delivery units (DDUs), are not required to meet these deflection standards. Test deflection as follows:

1.7 Flat-Size Pieces Not Eligible for Flat-Size Prices

[Revise the introductory text in 1.7 as follows:]

Effective October 3, 2010, flat-size mailpieces that do not meet the standards in 1.3 through 1.6 must pay applicable higher prices as noted in either 1.7a or 1.7b below.

Effective September 7, 2010, the Postal Service™ will revise *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®) 453.3 to remove standards for loyalty and growth rebates. The Postal Service also will revise DMM 602.1.5.3 to note that all Parcel Select® pieces must have a return address, in accordance with current standards in 453.3.6 (included below for information purposes).

DMM Revision: New Font Size Option for Optional Endorsement Lines

Effective September 7, 2010, the Postal Service™ will revise *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®) 708.7.2.2, to provide a new font size option for mailers applying an optional endorsement line (OEL) to their mailpieces that do not bear a traditional Address Change Service (ACS™) participant code.

OELs are used by mailers as an optional method to identify the presort level of bundles of flats or letters or to fulfill other mail marking requirements. Current mailing standards for OELs require the font size and line spacing to be no less than that of the largest letters or characters in the address block or any part of the address label. The Postal Service provides an option to mailers by allowing a new minimum font size for the OEL when various size fonts are used in the design and printing of the delivery address

and when a traditional ACS participant code is not part of the OEL.

- a. Letters must be the same type font as those in the address block.
- b. The OEL must contain only capital letters of the alphabet, Arabic numerals, or asterisks.
- c. Font size and line spacing must be no less than the size and line spacing of the largest letters or charac-

ters in the address block or any part of the address label, except as provided under 7.2.2d.

- d. At the mailer's option, characters must be a minimum of 8-point font size on mailpieces that do not bear a traditional ACS printed participant code (see 507.4). Under this option, characters may not overlap and must be evenly spaced.

DMM Revision: Delivery Address Visibility in Window Envelopes

Effective September 7, 2010, the Postal Service™ will clarify the *Mailing Standards of the United States Postal Service, Domestic Mail Manual (DMM®) 202.2.1 and 302.2.1* to add a reference to current standards that require the delivery address to be completely visible within a window envelope, when used.

This revision is not a change, but we are publishing the clarification as a reminder of an existing addressing standard that mailers who design letter-size and flat-size mail may not have been aware of due to its DMM location in the generic mailability section.

[Revise 2.1 by adding a new fourth sentence to read as follows:]

***The location of the delivery address on a letter-size mailpiece determines which dimensions are the length and height of the piece. The *length* is the dimension parallel to

the address as read; the *height* is the dimension perpendicular to the length. Consequently, the placement of the address may render a piece nonmailable or nonmachinable. See 601.6.3 for addressing standards when a window envelope is used. On a letter-size piece, the recommended address placement is within the optical character reader (OCR) read area, which is a space on the address side of the mailpiece defined by these boundaries (see Exhibit 2.1, OCR Read Area):

Verifying U.S. Postal Service Money Orders

Follow these steps to cash a Postal Service™ money order:

1. Check that the amount does not exceed the legal limit: \$1,000 for domestic, and \$700 for international postal money orders.
2. Check that the proper security features are present:
 - When held to the light, a watermark of Benjamin Franklin is repeated from top to bottom on the left side.
 - When held to the light, a dark line (security thread) runs from top to bottom with the word “USPS” repeated.
 - There should be no discoloration around the dollar amounts, which might indicate the amounts were changes.

These appear in Postal Service Notice 299, *U.S. Postal Money Order Reference Card*, or online at <http://www.usps.com/missingmoneyorders/security.htm>.

3. If the money order seems suspicious, call the U.S. Postal Service Money Order Verification System at 866-459-7822.

Please provide this information to local banks and retailers, as they also receive Postal Service money orders for cashing.

Overseas Military/Diplomatic Mail

Mail addressed to military and diplomatic post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The APO/FPO/DPO table below outlines these conditions by APO/FPO/DPO ZIP Codes™ through the use of footnoted mailing restrictions codes (see the [Restrictions](#) page following the table).

Acceptance clerks should use the table with the integrated retail terminal (IRT) or POS ONE terminal to determine which APO/FPO/DPO ZIP Codes are active and

which conditions of mailing apply. **Acceptance clerks may contact the Military Postal Service Agency with any questions regarding APO/FPO/DPO ZIP Codes, toll free, at 800-810-6098, Monday–Friday, 0730–1600 ET.**

For Express Mail Military Service (EMMS) availability, all acceptance clerks must refer to the local hardcopy EMMS directory.

Missing Children Poster Display Instructions

Post Offices, classified stations, branches, and contract postal units may display this poster at their option. If the poster is displayed, it should be placed on the community bulletin board located in the Post Office™ box lobby and not in the main retail (full service) lobby. Alternatively, Missing Children posters can be maintained in a binder behind the counter to be used as a reference guide. The posters also may be posted in a prominent location where letter carriers will be able to see them before or after they go out on their routes. Making this information available to letter carriers is consistent with the NALC/USPS Child Alert Program to facilitate identification of missing children.

Companion posters, authorized for display on bulletin boards maintained by employee organizations, appear periodically in *The Postal Record*, a publication for members of the National Association of Letter Carriers.

This poster is published in cooperation with the National Center for Missing and Exploited Children, the United States Department of Justice, and the National Association of Letter Carriers. Information appearing on this poster is selected solely by the National Center for Missing and Exploited Children (NCMEC).

In addition to *Postal Bulletin* updates, NCMEC distributes information periodically. Notification of newly reported missing children is sent to designated district “Missing Children” coordinators via e-mail addresses provided by district managers. Within 24 hours of receipt of an e-mailed Missing Children poster, district coordinators should distribute copies to all Postal Service™ facilities in their districts. Missing Children posters are to be displayed as noted above for 30 days unless notification is received (from NCMEC) to remove a particular poster sooner. The e-mail network is used to distribute posters and information in only the most urgent cases of missing children. This system supplements, but does not replace, the missing children information in this *Postal Bulletin*.

Missing Children posters are available to the U.S. Postal Service® only as described above. If Postal Service employees are contacted by individuals or local agencies about displaying a sign or poster of a missing child in local Post Offices, the individual or agency should be politely informed that the U.S. Postal Service displays only those posters provided by NCMEC, because it has been designated by the U.S. Department of Justice to be the national clearinghouse and resource center for missing and exploited children. The individual or agency should then be referred to NCMEC at 800-843-5678.

If you have any information, or for free prevention tips, please call 800-THE-LOST (800-843-5678).

The G Fund is managed internally by the Federal Retirement Thrift Investment Board. Assets of the F, C, S, and I Funds are managed externally. The Board currently has contracts with BlackRock Institutional Trust Company, N.A., to manage the F, C, S, and I Fund assets. The F, C, S, and I Funds invest in commingled trust funds, in which the assets of tax-deferred employee benefit plans are combined and invested together. The F, C, S, and I Funds and the BlackRock funds are passively managed index funds.

Future performance of the funds will vary and may be significantly different from the returns shown above. See the *Summary of the Thrift Savings Plan* for detailed information about the funds and their investment risks. The monthly returns of the TSP Funds represent net earnings for the month after deduction of accrued administrative expenses and, except for the G Fund, after deduction of trading costs and accrued investment management fees as well. The returns for the four indexes shown do not include any of these deductions.

* Implemented May 2001.

Fiscal Year 2010 Closing Guidance: Message From the Controller

I ask that each of you continue your efforts to control expenses. It is important that we carry this effort through to the end of the fiscal year by controlling discretionary activity. This does not mean curtailing business, but it does mean making prudent choices by deferring or eliminating noncritical activity and purchasing goods or services throughout the year, rather than at the end of the fiscal year, because there are available budget funds. Please encourage your contractors to bill us in a timely manner for goods received and services rendered, so we can recognize the expense before the end of the fiscal year.

The following instructions will assist you, when appropriate, in helping the Postal Service™ close its financial books in a timely and efficient manner.

Vincent DeVito
 Vice President, Controller

I. Instructions for Fiscal Year 2010 Closing

All organizations are requested to limit their expenditures to essential spending. Accordingly, all vice presidents

should review discretionary spending to ensure the Postal Service attains its financial target for this fiscal year (FY).

The instructions and reporting dates in this *Postal Bulletin* supplement procedures followed during the normal monthly or quarterly reporting schedule.

II. Fiscal Year

The Postal Service prepares its annual reports on a government FY basis, which comprises 365 days (366 in leap years), always ending on September 30.

III. End of Year Processing Activities and Timelines, Contract Modifications, and Requisitions

Capital and Expense requisitions and requests for contract modifications will not be accepted by Supply Management after September 3.

Capital purchase card transactions will be accepted by Supply Management through September 13.

Also, organizations should limit capital commitments, particularly for Postal Service support equipment, to essential needs.

The schedule for Supply Management processing is as follows:

For requisitions received...	Funds are processed as follows....
On or before September 3, 2010	Supply Management will issue the required contract or modification for Accounting Services, San Mateo, to process against FY 2010 funds.
On or after September 4, 2010	Supply Management will issue the required contract or modification for Accounting Services, San Mateo, to process against FY 2011 funds.

Hardcopy paper commitment documents must be forwarded to Accounting Services, San Mateo, no later than Friday, September 17.

Electronic files must be transmitted to Accounting Services as follows:

Send electronic files for...	To...	No later than...
Contract Authoring and Management System (CAMS)	San Mateo	September 30, 2010
Facilities capital commitments and expense payments	St. Louis	September 30, 2010

Appropriate receiving reports or certified invoices for goods and services received by September 30 must be received by Accounting Services, San Mateo, no later than Friday, October 1.

Note:

1. Expedite processing of receiving reports and certified invoices, as these documents are used to charge expense to the proper FY.
2. Additionally, review contracts to ensure sufficient funds are available by Friday, September 3, to process invoices.
3. Supply Management will process all requisitions for the issuance of contracts against FY 2010 funds according to the following priorities:
Priority 1 — Capital commitment requisitions.
Priority 2 — Expense commitment requisitions.

IV. Accruals

Year-end Closing:

1. Goods received and services rendered through September 30, 2010, will no longer be accrued at a finance number level. Only invoices certified and received by San Mateo by Friday, October 1, will be charged to FY 2010.
2. Headquarters ECM budget coordinators, Engineering coordinators, IT coordinators, and the Office of Inspector General will be required to meet with Corporate Financial Reporting to discuss accrual amounts for both capital and expense items.

Pictorial Postmarks Announcement

As a community service, the Postal Service™ offers pictorial postmarks to commemorate local events celebrated in communities throughout the nation. A list of events for which pictorial postmarks are authorized appears below. The sponsor of the pictorial postmark appears in italics under the date. Also provided are illustrations of these postmarks.

People attending these local events may obtain the postmark in person at the temporary Post Office™ station established there. Those who cannot attend the event but who wish to obtain the postmark may submit a mail order request. Pictorial postmarks are available only for the dates indicated, and *requests must be postmarked no later than 30 days following the requested pictorial postmark date.*

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail® postage. Items submitted for postmark may not include

postage issued after the date of the requested postmark. Such items will be returned unserved.

Customers wishing to obtain a postmark should affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: Pictorial Postmarks, followed by the Name of the Station, Address, City, State, ZIP+4® Code, as listed below.

Customers can also send stamped envelopes and postcards without addresses for postmark, as long as they supply a larger envelope with adequate postage and their return address. After applying the pictorial postmark, the Postal Service returns the items (with or without addresses) under addressed protective cover.

The following pictorial postmark has been extended for 30 days:

How to Order the First Day of Issue Digital Color or Traditional Postmarks

Customers have 60 days to obtain the first day of issue postmarks by mail. They may purchase new stamps at their local Post Office™, by telephone at 800-STAMP-24, or at The Postal Store® website at www.usps.com/shop.

Traditional Postmarks

Customers should affix the stamps to envelopes of their choice, address them to themselves or others, or provide a self-addressed return envelope with sufficient postage large enough to accommodate the canceled item. Mail the request to the corresponding city of issuance. There is no charge for the first 50 postmarks. There is a 5-cent charge for each additional postmark over 50. Customers should submit a check, money order, or credit card for payment. After applying the first day of issue postmark, the Postal Service™ will return the envelopes to the customer by U.S. Mail.

All postmark requests should go to the first day of issue city. The first day of issue city Post Office will then forward in bulk all postmark requests to Cancellation Services, Stamp Fulfillment Services, PO Box 449992, Kansas City, MO 64144-9992 by respective Post Offices.

Digital Color Postmarks

Only select stamp issues offer a digital color postmark. Customers may submit #6 or #10 envelopes constructed of paper rated as “laser safe.” The Postal Service recommends envelopes of 80-pound Accent Opaque, acid-free, 9/16" side seams with no glue on the flap. The maximum size of all digital color postmarks is 2" high x 4" long. Allow sufficient space on the envelope to accommodate the postmark. Do not use self-adhesive labels for addresses on the envelope. Two test envelopes must be included. There is a minimum of 10 envelopes at 50 cents per postmark required at the time of servicing. Customers should submit a check, money order, or credit card for payment.

The Postal Service reserves the right to not accept hand-painted and other cachet envelopes that are not compatible with our digital color postmark equipment. The Postal Service also reserves the right to substitute traditional black rubber postmarks if use of nonspecified envelopes results in poor image quality or damage to equipment.

Customers should affix the stamps to the envelopes and address them to themselves or others for return through the mail. Or, they may include an additional self-addressed return envelope, large enough to accommodate their canceled items, with sufficient postage affixed for return of their postmarked items. Mail the request for a first day of issue digital color postmark to the corresponding city of

issuance. Post Offices will then forward all customer requests for digital color postmarks to Cancellation Services, Stamp Fulfillment Services, PO Box 449992, Kansas City, MO 64144-9992.

After applying the first day of issue postmark, the Postal Service will return the envelopes to the customer by U.S. Mail.
