The New Click-N-Ship Application

The Click-N-Ship[®] application has been redesigned and launched in March on USPS.com[®]. The redesign includes many improvements to enhance the customer's online experience and make printing of shipping labels online easier than ever before.

The new landing page provides easy access to the Shipping Cart, Shipping History, and Address Book. Now customers can create their shipping labels in four easy steps and see where they are in the "print a shipping label" process displayed on the new progress bar.

The redesigned app also features the following:

- New "Ship Again" feature to re-create a label from Shipping History in half the clicks.
- New option to "Save Label as PDF".
- Increased cart capacity from 10 to 20 labels.
- New fast path to Priority Mail Flat Rate[®] Shipping (less clicks).
- Ability to pay for all domestic and international labels in one transaction.
- Re-engineered Shipping History with a default view of past 30 days' labels, and improved search and actions drop-down.
- Increased online refund period from 10 to 30 days.
- New Address Book with increased capacity from 3,000 to 5,000 addresses, which will soon be used across all USPS.com and mobile applications.

As of last fall, customers may also choose PayPal as a payment option for their Click-N-Ship shipping labels. PayPal allows customers to pay without sharing financial information and provides the flexibility to pay using their PayPal account balances, bank accounts, credit cards, or promotional financing. Like credit cards and Bill Me Later, PayPal is a fast and secure way to pay online.

There are more enhancements planned for the Click-N-Ship application to continually improve it and grow our online shipping.

To view videos and learn more about the new Click-N-Ship application, see the Click-N-Ship page on USPS.com at <https://www.usps.com/ship/get-to-know-click-n-ship.htm>.

Field Information Kit: Delivery Done Right

Standup Talk — Delivering a Positive Customer Experience

USPS® is launching Delivery Done Right — the third phase of the Customer Experience Essentials program. It's part of the Delivering a Positive Customer Experience initiative to improve customer service in telephone courtesy, customer retail visits, accurate mail delivery, and business mail entry.

Delivery Done Right emphasizes that all employees are responsible for delivering the mail safely and accurately — and making sure it's scanned when appropriate. "When employees verify the name and address is correct on the mailpiece, the right mail is placed in the right mailbox," said Consumer and Industry Affairs Vice President Maura Robinson.

Customers expect the Postal Service™ will deliver mail correctly, with proper delivery attempts for parcels or mailpieces requiring signatures. And, they expect to be able to track mail as it's scanned during processing.

"When mail is delivered correctly — when delivery is done right — customers have confidence in us," said Robinson. "And, their overall customer experience is a positive one."

Included in this Field Information Kit to support the Delivery Done Right essential is the following:

- A stand-up talk for all employees.
- A poster to be placed in retail unit employee zones (see page 5).
- A video for all employees: <http://56.88.100.141/ipchecker/odrouter.asp?v=DeliveryDoneRight.wmv>.

All of us take pride in giving our customers the quality of service they expect and deserve. Whether it's being courteous on the phone, or being friendly and smiling when we greet them, how we treat our customers helps make sure their experience with the Postal Service remains positive.

Today, we're going to talk about "Delivery Done Right" — our obligation to make sure the mail is delivered to the correct address with proper service.

Customers tell us that "mail delivered to the correct address" is their single most important issue. And yet, misdelivery is the most frequent complaint that USPS receives. How many of you have heard a customer who has just received misdelivered mail say "If I'm getting other people's mail, then where's my mail going?" This is a logical and reasonable question.

Identity theft is one of America's fastest growing crimes. Although identity theft involving the mail accounts for a very small portion of these crimes, our customers are more concerned than ever with the protection of their privacy and their personal information.

We must make proper attempts to deliver parcels and services to our customers. We must accurately scan and obtain signatures when required. Every mailpiece we touch and the services we provide are important to our customers. Maybe it's a contract for a new home, a health insurance payment, or medicine for critical health needs.

All of us have the very important responsibility to provide a final check of our customers' mail before they receive it. Make every proper attempt, including going to the door when appropriate, to make sure each mailpiece and package is safely and accurately delivered.

When you deliver the mail correctly, customers have more confidence in us. And their overall experience with the Postal Service is more positive.

Let's strive to process and deliver each and every article accurately.

Thank you.

— *Consumer Advocate & Customer Relations,
Consumer & Industry Affairs, 5-17-12*

DMM Revision: Picture Permit Imprint Indicia

Effective June 24, 2012, the Postal Service™ will revise *Mailing Standards of the United States Postal Service, Domestic Mail Manual (DMM®) 604.5* to add picture permit imprint indicia standards allowing customers to include business-related color images, such as corporate logos, company brand, or trademarks in the permit indicia area on full-service IMb™ mailings of automation First-Class Mail® letters and postcards, and full service IMb mailings of Standard Mail® automation letters, for a per-piece fee in addition to postage.

The use of picture permit imprint indicia is designed to improve the effectiveness of a mailpiece by including a business-related color image within the permit imprint indicia. When tested, indicia placed in the in the upper right corner of the mailpiece that contained color images did not impede the Postal Service’s ability to obtain the required postage payment information from the permit indicia.

Mailers interested in picture permit imprint indicia may contact picturepermit@usps.com by email for more information.

5.1.1 Description

[Revise 5.1.1 by adding a new last sentence to read as follows:]

***A picture permit imprint indicia (5.4) may not be used on reply mailpieces.

* * * * *

5.1.4 Permit and Fees

[Revise the text of 5.1.4 as follows:]

A mailer may obtain a permit to use permit imprint indicia by submitting PS Form 3615, *Mailing Permit Application and Customer Profile*, and the applicable fees to the Post Office where mailings are made. Except for mailpieces bearing picture permit imprint indicia (5.4), there are no other fees for the use of permit imprint indicia, but other fees (e.g., an annual presort mailing fee) may be due depending on the class of mail to be prepared.

5.3 Indicia Design, Placement, and Content

* * * * *

5.3.4 Indicia Placement on Mailpiece

[Revise the second sentence of 5.3.4 and the text of 5.3.4a as follows:]

***The indicia may not be placed below the address or encroach on reserved space (e.g., ACS participant code, delivery point barcode). The indicia can be placed in one of these four positions:

a. Upper right corner of the mailpiece. (Also the recommended location for picture permit imprint indicia.)

* * * * *

[Revise 5.3.4c as follows:]

- c. Upper right area (not lower than the address area) on an affixed address label or when printed in an address block.

* * * * *

5.3.11 Indicia Formats

[Revise the text of 5.3.11 as follows:]

Unless prepared under 5.3.12 or 5.4, permit imprint indicia on mailpieces must be prepared in one of the formats in Exhibit 5.3.11, as applicable to the price claimed or type of mail. (Not all permissible combinations of content elements are shown.) Specific markings may be required as applicable for the price claimed.

* * * * *

5.3.12 Optional Indicia Format

[Revise the introductory text in 5.3.12 as follows:]

As options to the basic format under 5.3.11, permit imprint indicia may be prepared as picture permit imprint indicia under 5.4 or in other formats subject to these conditions:

[Add new 5.4 as follows:]

5.4.1 Description

Picture permit imprint indicia may contain business-related color images, such as corporate logos, brand, trademarks, and other pictorial business images. 5.4.2 Postage and Fees

Picture permit imprint is charged a per piece fee, in addition to the postage applicable for the class of mail. See Notice 123—*Price List*.

5.4.3 Prohibitions

Color images used in picture permit imprint indicia must maintain neutrality on social or political issues in order to avoid the creation of a public forum for the debate or dissemination of political ideas by private parties, and images must also adhere to the following prohibitions:

- a. Must not resemble or imitate U.S. postage stamps, postage evidencing system indicia (604.4), postcard postage, Customized Postage, postage printed from USPS Automated Postal Centers (APCs) and USPS Certified 3rd Party Kiosks, precancelled postage stamps, or other postage payment methods.

- b. The color image used in picture permit imprint indicia must not include USPS-registered trademarks or words, symbols, or designs used by the USPS to identify a class of mail, price of postage, or level of service, unless such elements are correctly used for the mailpiece on which they appear and the corresponding postage and fees have been paid.
- c. Two-toned, black and white images are not permitted.
- d. Only commercial images and/or text are eligible for inclusion. *Commercial images and/or text* means images and/or text that promote only a product or service available in commerce. - e. Eligible commercial images and/or text must not: (1) be indecent or obscene; (2) depict violent or sexual material that would be harmful to minors; (3) be unlawful or legally actionable; (4) compete with a Postal Service product or service; or (5) promote alcohol, tobacco, weapons, or gambling.
- f. A picture permit imprint indicia may not be used on reply mailpieces.

5.4.4 Application

An application to use picture permit imprint, PS Form 3615-A, *Application for Picture Permit Imprint*, must be completed and Postal Service authorization must be obtained for each picture permit imprint indicia prior to the acceptance of mailpieces bearing these indicia. Customers must sign an indemnification statement and, upon request, provide valid addressed samples of mailpieces bearing the color images for testing. Contact the manager, Transactions and Correspondence (608.8.1) for more information. Additional information is available at <http://www.usps.com/picturepermit>.

5.4.5 Picture Permit Imprint Indicia Format

As options to the basic format under 5.3.11, permit imprint indicia may be prepared in picture permit imprint indicia format subject to these conditions:

- a. Printed indicia elements, as required in 5.3.6 through 5.3.9, must be OCR readable (prefer sans serif) and no smaller than 8 point font.
- b. The class of mail must be printed in all capital letters.

ELM Revision: Recognition and Awards

Effective immediately, the *Employee and Labor Relations Manual* (ELM), subchapter 470, Recognition and Awards, is revised to state that:

- The purchase of any season or partial season sporting and entertainment ticket is prohibited.
- The purchase of any single sporting or entertainment ticket that costs \$50.00 or more must be approved in advance by the Vice President, Controller.

471.3 Awards

471.31 Cash Awards

[Revise 471.31 to read as follows:]

A cash award is issued in the form of a check by Accounting Services. All cash awards are considered ordinary income and are subject to the following deductions: (a) federal, state, Medicare, and Social Security (if applicable); and (b) involuntary deductions such as child support and tax levies. (Various other payroll deductions are not withheld from the cash award.) Since these payroll deductions are made from cash awards, the net amount of the check will be less than the requested dollar amount.

471.32 Cash Equivalent Awards

[Revise 471.32 to read as follows:]

A cash equivalent award is a product purchased from an authorized Postal Service supplier, which is immediately convertible to cash, such as a gift check. Cash equivalent awards, regardless of value, are considered ordinary income and are subject to income tax. Cash equivalent awards must be reported in eAwards under the award category appropriate for the type of employee and reason for the award. Reporting of cash equivalents should occur in the same pay period in which they are received by the employee, but must occur in the same calendar year to avoid tax reporting discrepancies. Cash equivalent awards are automatically grossed up by eAwards so that the Postal Service assumes the tax liability for the recipient. The additional tax liability is charged to the finance number indicated in eAwards when reported.

471.33 Noncash Tangible Awards

[Revise 471.33 to read as follows:]

471.331 Authorized

Noncash tangible awards authorized by the Postal Service are described below. See 471.332 for noncash tangible awards that are **prohibited**.

- a. *Informal Recognition*, such as pins, pen and pencil sets, coffee mugs, apparel, plaques, event tickets, etc., valued at less than \$50.
 1. *Reporting*. Individual noncash tangible award items valued at less than \$50 are not normally considered taxable income and are not reported in eAwards. However, management must track all noncash tangible items valued at less than \$50 received by an employee during the calendar year. If the aggregate total of all noncash tangible items valued at less than \$50 received by an employee in a calendar year meets or exceeds \$50, the total amount must be reported in eAwards under the

appropriate noncash tangible award type for the employee category and reason for the award.

2. *Event tickets.* Tickets to a specific event, game, play, concert, movie, etc., for a definite time and place that cannot be exchanged for another event, time, or place, etc., and are valued at less than \$50 are informal awards and do not constitute reportable income. However, any of the preceding items valued at \$50 or more, or any certificate that can be exchanged or redeemed for a ticket or tickets to an event at the time and place of the recipient’s choice, regardless of value, are considered gift certificates and must be reported in eAwards under the appropriate noncash award type (see 471.34).

b. *Formal Noncash Tangible Recognition,* such as clothing, event tickets, merchandise, electronics, and other personal property valued at \$50 or more (see 471.332). The market value of formal noncash tangible award items may range from \$50 up to \$3000 depending on the reason for the award (Spot Award, Team Award, Contest Award, etc.). Individual

noncash tangible items valued at \$50 or more are always considered taxable income, and should be reported in eAwards in the same pay period in which they are received under the appropriate noncash award type for the employee category and reason for the award. Reporting must take place in the same calendar year to avoid tax reporting discrepancies. Noncash tangible awards are automatically grossed up by eAwards so that the Postal Service assumes the tax liability for the recipient. The additional tax liability for grossed up awards is charged to the finance number indicated when reported in eAwards.

471.332 Prohibited

The purchase of any season or partial season sporting or entertainment ticket is prohibited. The purchase of any single event ticket (sporting events, movies, and concerts, etc.) that costs \$50.00 or more requires advance approval, in the form of an email or letter, from the Vice President, Controller.

* * * * *

474 Informal Award

474.1 Overview

[Revise 474.1 to read as follows:]

Characteristics of this award are as follows:

| Type | Who Is Eligible | Description | Approval Authority | Basis | Limit |
|----------------|-------------------------------|--|----------------------|--|-------------------------|
| Informal award | All employees and contractors | Noncash tangible items, such as plaques, mugs, clothing, event tickets (for prohibited items, see 471.332) | Immediate supervisor | Recognizes a specific action or consistent performance of regular duties in an exemplary manner. | Less than \$50 in value |

* * * * *

474.3 Description

[Revise 474.3 to read as follows:]

The Informal Award is a noncash tangible item of less than \$50 in value obtained or purchased locally, such as a plaque, a coffee mug, an article of clothing, tickets to a specific entertainment event, or similar item. (Purchasing and reporting requirements pertaining to event tickets and noncash tangible items less than \$50 in value are set forth in 471.331; prohibited purchases in 471.332.)

* * * * *

474.7 Documentation

[Revise 474.7 to read as follows:]

Management must track all informal awards presented to employees. If the aggregate amount of informal awards received by an employee during a calendar year meets or exceeds \$50, the total amount of informal awards must be reported as income in eAwards under the appropriate non-

cash award category. (See 471.331b for reporting requirements.) The value of informal awards presented to contractors should never meet or exceed \$50 in a calendar year.

IMM Revision: Permit Imprint Indicias

Effective June 24, 2012, the Postal Service™ will revise *Mailing Standards of the United States Postal Service, International Mail Manual (IMM®)* section 152.44 and Exhibit 152.44 to update several permit imprint indicia formats used for international mail. The Postal Service will also revise IMM section 262.5 relevant to permit imprint information.

Below is an overview of the revisions to the indicias used with First-Class Mail International® service:

- In the first example, the word “PAID” appears after the words “U.S. POSTAGE.”
- In the first two examples, the word “INTERNATIONAL” appears after the words “FIRST-CLASS MAIL.”
- There is an example that includes the words “FIRST-CLASS MAIL” on the top line of the indicia with the words “FIRST-CLASS MAIL INTERNATIONAL” appearing to the left of the indicia.

Below is an overview of other revisions to indicias and indicia options:

- The revised Exhibit 152.44 includes separate sections for examples of indicias for International Priority Airmail™ (IPA®), International Surface Air Lift® (ISAL®), and M-bag (Airmail, IPA, and ISAL) services. (Previously, such indicias were included with other First-Class Mail International indicias.)

- With the “Official Mail” indicias, the examples indicate that mailers are to use the applicable international mail class either on the first line of the indicia or to the left of the indicia. Also, note that mailers are to use the actual agency name on the second-to-last line.
- We provide authorization for mailers to use the abbreviation “INTL” in place of “INTERNATIONAL” in the indicia formats in Exhibit 152.44.

Picture Permit Imprint Indicia Approved as USPS Offering

USPS® has been given the go-ahead from the Postal Regulatory Commission to offer the Picture Permit Imprint Indicia (“Picture Permit”) as a permanent offering with fees attached. Details are in the April 27, 2012, *Federal Register* at www.gpo.gov/fdsys/pkg/FR-2012-04-27/pdf/2012-10014.pdf. Implementation begins June 24, 2012.

Picture Permit allows commercial mailers to include color images such as logos, trademarks, and brand images in the permit imprint indicia area of their mailpieces. This provides immediate recognition of companies’ logos, products, promotions, and brands, and boosts the value and visual impact of First-Class Mail® and Standard Mail® pieces.

Mailers have the option to apply Picture Permit to mailpieces that are being presented as part of a full-service mailing of First-Class Mail letters or postcards and full-ser-

vice Standard Mail letters. The premium for First-Class Mail letters and postcards will be 1 cent per piece and for Standard Mail letters 2 cents per piece, in addition to postage.

Mailers and mail service providers may apply in advance to take advantage of the offering by the June 24, 2012, implementation date. Approval and sampling can take up to 30–45 days. Picture Permit designs must conform to USPS specifications, and sample mailpieces must be submitted for testing and approval.

Information on applying for Picture Permit, including registration and program requirements, will be posted soon on RIBBS® and on www.usps.com.

Household Diary Study

The Postal Service's Household Diary Study (HDS), conducted since 1987, provides information about the contents of the mail sent and received by our customers in U.S. households. The Postal Service™ uses this information to help understand why and how customers use the mail. The results are used to:

- Forecast mail volume.
- Plan marketing strategies.
- Provide information for rate-setting purposes.

The HDS is administered at Headquarters by the Office of Demand Forecasting and Analysis, Finance. NuStats, the HDS survey research firm contractor since July 1999, conducts the interviews and collects and analyzes the HDS data throughout the year.

HDS is a two-stage survey. Stage 1 is the Household Interview. NuStats sends an advance letter, signed by the postmaster general, to a representative sample of U.S. households. This letter emphasizes the importance of the HDS and asks for participation. Sample households are contacted either by telephone or in person and asked about the mail they send and receive, their adoption and use of various communications' technologies, their attitudes about mail service in general, and information relating to their household and personal demographics. Respondent households are recruited to participate in HDS Stage 2.

Stage 2 is the Mail Diary. NuStats asks households that agree to participate in Stage 2 to record information about the mail they send and receive for a 7-day period from Monday to Sunday. Information recorded includes number of mailpieces received and sent, industry mail source, mail

characteristics, and attitudes regarding mail received. As an incentive for HDS Stage 2 participation, households are offered the options of receiving \$30 or a roll of 100 First-Class Mail® stamps.

Customers who participate in Stage 2 of the HDS can expect to receive their incentive about 2 months after they return the diary packet to NuStats.

Data gathered in both HDS stages is available in a final report, *The Household Diary Study — Mail Use and Attitudes*. The report is published in hard copy and an electronic file. Order forms for the latest HDS report may be obtained via the Postal Service Internet at www.usps.com/householddiary.

Fiscal Year 2012 Bank Secrecy Act/Anti-Money Laundering Training

The Fiscal Year (FY) 2012 Bank Secrecy Act/Anti-Money Laundering (BSA/AML) mandatory training course is now available online through the Learning Management System (LMS). All postal employees who sell United States Postal Service® financial instruments (postal money orders and Sure Money®) and those who supervise them must complete course number **10020301: BSA: Recognize Suspicious Transactions**.

This course is approved as one of the FY2012 strategic training initiatives. The field budget allocation included work hours for this course because it falls in the legal or compliance training category. **The training must be completed by September 30, 2012.**

Background

To combat money laundering in the United States, Congress enacted a series of laws collectively known as the Bank Secrecy Act. The Postal Service™, as a seller of money orders, is specifically named in the Act and must comply with all of the requirements of the law. One of the requirements under the Act is to report suspicious transactions involving Postal Service financial instruments.

The purpose of this training is to help retail associates, Post Office Operations Managers (POOMs), postmasters, relief postmasters, officers-in-charge, station managers, and supervisors recognize potentially suspicious transactions.

The preferred method for taking the course is online through the Learning Management System (LMS) Learning

You can also order a training CD directly through the Topeka Material Distribution Center (MDC) or eBuy2 under the supplier Digital using NSN #6910-15-000-9902. Document the completion of training via the CD in the After-the-Fact (ATF) portal. Do not book into the web-based course described below if using the CD version.

Invalid Express Mail Corporate Account Numbers

This listing should be provided to Contract Postal Units and used by acceptance clerks in non-POS locations without intranet access to validate an Express Mail Corporate Account (EMCA) number online. For all other locations, online EMCA validation is preferred. The online validation process is outlined in the EMCA Validation SOP on the Retail webpage. This list supersedes all previous notices,

which must be recycled. Acceptance clerks must not accept Express Mail® shipments bearing an invalid EMCA number in the “Payment by Account” or “Agreement Number” section of the Express Mail label or form.

Verifying U.S. Postal Service Money Orders

Follow these steps to cash a Postal Service™ money order:

1. Check that the amount does not exceed the legal limit: \$1,000 for domestic, and \$700 for international postal money orders.
2. Check that the proper security features are present:
 - When held to the light, a watermark of Benjamin Franklin is repeated from top to bottom on the left side.
 - When held to the light, a dark line (security thread) runs from top to bottom with the word “USPS” repeated.
 - There should be no discoloration around the dollar amounts, which might indicate the amounts were changes.
3. If the money order seems suspicious, call the U.S. Postal Service Money Order Verification System at 866-459-7822.

Please provide this information to local banks and retailers, as they also receive Postal Service money orders for cashing.

Overseas Military/Diplomatic Mail

Mail addressed to military and diplomatic post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The APO/FPO/DPO table below outlines these conditions by APO/FPO/DPO ZIP Codes™ through the use of footnoted mailing restrictions codes (see the [Restrictions](#) page following the table).

Acceptance clerks should use the table with the integrated retail terminal (IRT) or POS ONE terminal to determine which APO/FPO/DPO ZIP Codes are active and

which conditions of mailing apply. **Acceptance clerks may contact the Military Postal Service Agency with any questions regarding APO/FPO/DPO ZIP Codes, toll free, at 800-810-6098, Monday–Friday, 0730–1600 ET.**

For Express Mail Military Service (EMMS) availability, all acceptance clerks must refer to the local hardcopy EMMS directory.

The entries under “Changes” appear in bold in the APO/FPO/DPO table starting below.

Missing Children Poster Display Instructions

Post Offices, classified stations, branches, and contract postal units may display this poster at their option. If the poster is displayed, it should be placed on the community bulletin board located in the Post Office™ box lobby and not in the main retail (full service) lobby. Alternatively, Missing Children posters can be maintained in a binder behind the counter to be used as a reference guide. The posters also may be posted in a prominent location where letter carriers will be able to see them before or after they go out on their routes. Making this information available to letter carriers is consistent with the NALC/USPS Child Alert Program to facilitate identification of missing children.

Companion posters, authorized for display on bulletin boards maintained by employee organizations, appear periodically in *The Postal Record*, a publication for members of the National Association of Letter Carriers.

This poster is published in cooperation with the National Center for Missing and Exploited Children, the United States Department of Justice, and the National Association of Letter Carriers. Information appearing on this poster is selected solely by the National Center for Missing and Exploited Children (NCMEC).

In addition to *Postal Bulletin* updates, NCMEC distributes information periodically. Notification of newly reported missing children is sent to designated district “Missing Children” coordinators via e-mail addresses provided by district managers. Within 24 hours of receipt of an e-mailed Missing Children poster, district coordinators should distribute copies to all Postal Service™ facilities in their districts. Missing Children posters are to be displayed as noted above for 30 days unless notification is received (from NCMEC) to remove a particular poster sooner. The e-mail network is used to distribute posters and information in only the most urgent cases of missing children. This system supplements, but does not replace, the missing children information in this *Postal Bulletin*.

Missing Children posters are available to the U.S. Postal Service® only as described above. If Postal Service employees are contacted by individuals or local agencies about displaying a sign or poster of a missing child in local Post Offices, the individual or agency should be politely informed that the U.S. Postal Service displays only those posters provided by NCMEC, because it has been designated by the U.S. Department of Justice to be the national clearinghouse and resource center for missing and exploited children. The individual or agency should then be referred to NCMEC at 800-843-5678.

If you have any information, or for free prevention tips, please call 800-THE-LOST (800-843-5678).

The G Fund is managed internally by the Federal Retirement Thrift Investment Board. Assets of the F, C, S, and I Funds are managed externally. The Board currently has contracts with BlackRock Institutional Trust Company, N.A., to manage the F, C, S, and I Fund assets. The F, C, S, and I Funds invest in commingled trust funds, in which the assets of tax-deferred employee benefit plans are combined and invested together. The F, C, S, and I Funds and the BlackRock funds are passively managed index funds.

Future performance of the funds will vary and may be significantly different from the returns shown above. See the *Summary of the Thrift Savings Plan* for detailed information about the funds and their investment risks. The monthly returns of the TSP Funds represent net earnings for the month after deduction of accrued administrative expenses and, except for the G Fund, after deduction of trading costs and accrued investment management fees as well. The returns for the four indexes shown do not include any of these deductions.

* Implemented May 2001.

USPS Warns Employees About Disruptive Spam Emails

If you get an email saying your mailbox is full, you may want to think twice before opening it.

The Postal Service™ recently was targeted by a spam message stating: “Your Mailbox Has Exceeded Its Storage Limit As Set By Your Administrator, And You Will Not Be Able To Receive New Mails Until You Re-Validate It.”

The Postal Service’s Corporate Information Security Office (CISO) says clicking on the message takes readers to a website that asks for their IDs and passwords. If you receive such a message, don’t open it. USPS® never asks for this information. Any website that does must be treated with extreme caution.

That’s not the only spam threat employees now face. Recently, the Federal Bureau of Investigation warned of a

new spam message called “Zeus,” which targets bank accounts. Recipients receive an unsolicited email from what appears to be the National Automated Clearing House Association, the Federal Reserve Bank, or the Federal Deposit Insurance Corporation. Clicking a link within the email will send the recipient to a website where malware is downloaded.

For more information about Zeus, see http://www.fbi.gov/news/stories/2012/january/malware_010612/malware_010612.

International Mail

International Mail Acceptance Policy Change

Background

International shipments sent from the U.S. are subject to federal export laws and regulations, which limit the types of items customers can send to certain countries, individuals, or entities. While customers are responsible for following these laws, the Postal Service™ is changing our international mail acceptance policy to help ensure international mailpieces can be delivered in a safe and timely manner.

Compliance with federal export laws and regulations is of utmost importance. Anyone found to be violating these laws, regulations, and policy changes can be subject to fines, denial of export privileges, and/or imprisonment.

USPS’s Export Monitoring Activities

USPS® has developed a method to electronically capture and screen customs declaration information required for all mailpieces with a destination address outside the United States. This enables the relevant agencies to target certain items for inspection and, if necessary, take the mailpieces that do not meet the criteria out of the mailstream.

If customs declarations are completed by customers online (e.g., through Click-N-Ship® service), the data is automatically captured in a USPS database and transmitted as necessary. If customs declarations are not submitted online (e.g., by using nonelectronic versions or handwritten customs declarations), USPS employees must enter the data manually into a USPS database to facilitate data transmission to screeners.

To ensure all required data is captured electronically, changes are being made to international mail acceptance

policies. Employees must be knowledgeable of these changes and handle international mailpieces according to the standard operating procedures they received on or about May 4, 2012.

Overview of Policy Changes

Effective May 21, 2012, the Postal Service will revise *Mailing Standards of the United States Postal Service*, International Mail Manual (IMM®) parts 215, 225, 235, and 245 to include new pickup and deposit options for Global Express Guaranteed® (GXG®), Express Mail International®, Priority Mail International®, and First-Class Mail International® services. At the same time, the Postal Service will also revise *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®) sections 608.2.4 and 703.2.3 to include the pickup and deposit options for domestic mailpieces requiring a customs declarations form.

The purpose of these changes is to enable the accurate and timely entry of all information from custom declarations into the appropriate USPS database for screening and transmission to relevant federal agencies.

Overview of Work Changes

Effective May 21, 2012, all international mailpieces bearing a PS Form 2976-A, *Customs Declaration and Dispatch Note CP 72*, or PS Form 2976, *Customs Declaration CN 22 – Sender’s Declaration*, that was not completed and submitted online (e.g., using Click-N-Ship service, Click-N-Ship® for Business service, an authorized PC Postage® vendor, or the USPS Web Tools® system) will

only be accepted at a retail service counter at a Post Office™ location, except for First-Class Mail International mailings paid by permit imprint, which can be inducted at a Business Mail Entry Unit. In addition, all international mailpieces that require a customs declaration and bear postage stamps will *only* be accepted at a retail service counter at a Post Office location.

The new international mail acceptance policy **applies to all mail destined to APO/FPO/DPO addresses.**

The sections below provide information on how various employee groups and third-party acceptance channels will be affected by this policy change.

Carriers

All city, rural, and contract delivery service (CDS) carriers will pick up international mailpieces from customers as long as either (1) the postage has been paid by electronic means (such as Click-N-Ship service) or (2) the items were paid by meter strips and contain an electronic customs declaration. International mailpieces that bear handwritten customs declaration forms or that require a customs declaration and bear postage stamps will only be accepted at the retail service counter of a Post Office location. If the mailing contains a PS Form 5630, *Shipment Confirmation Acceptance Notice*, scan label, this label will be scanned by the carrier; otherwise, the carrier will scan the customs label barcode on each item. This policy applies to items collected from customers' mailboxes, Package Pickup, collection boxes, and collection runs. If a carrier identifies a noncompliant item in a customer's mailbox or through Package Pickup, the carrier should leave the article and attempt to notify the customer, using Label DDD2 if appropriate. If a noncompliant item is inadvertently picked up due to the item being placed in a collection box or other pickup where it cannot be refused or returned immediately to the mailer, the carrier should isolate the item and keep it separate.

Upon return to the delivery unit, international mail that meets the pickup requirements will be placed in the appropriate container on the carrier collection mail setup within every Post Office location and dispatched. If the carrier picks up any Express Mail International or GXG items, these mailpieces should be taken to the designated area and brought to a retail associate's attention. *International mail that does not meet pickup requirements (e.g., mail with a nonelectronically prepared customs declaration or requiring a customs declaration and paid with postage stamps) picked up from collection boxes and on collection runs should be placed in a designated location for review by a retail associate upon return from street duties.*

Retail Associates

International mail that does not meet pickup requirements (e.g., nonelectronically prepared customs declara-

tion or requiring a customs declaration and paid with postage stamps) can only be accepted at a retail counter. These packages must have their customs form data entered into the Customs and Border Protection Manifest (CBPMAN) system (for PS Forms 2976-A only), be given an acceptance scan, and be round-date stamped before dispatch.

Note: If the PS Form 2976 is handwritten, information cannot be entered into CPBMAN at the present time. The item should be given a round-date stamp and acceptance scan, then dispatched.

Back Office Clerks

Carriers may not intentionally collect international mail that does not meet pickup requirements (e.g., nonelectronically prepared customs declaration or requiring a customs declaration and paid with postage stamps), and such items should not be accepted at the back dock. If a restricted mailpiece is received at the back dock of a delivery unit, the mailpiece should be sent to the retail service counter for customs data entry in CBPMAN. If the retail service counter is closed, the designated back office clerk should perform the CBPMAN data entry (for PS Forms 2976-A only), perform an acceptance scan, and round-date stamp the article before dispatch.

Note: If the PS Form 2976 is handwritten, information cannot be entered into CPBMAN at the present time. The item should be given a round-date stamp and acceptance scan, then dispatched.

Processing Operations Employees

If an international mailpiece with a handwritten PS Form 2976 or PS Form 2976-A that does not have a round-date stamp is received at a processing facility, the mailpiece should be routed to a retail service counter at a Post Office location for customs data entry. This policy does not require processing center employees to alter their normal duties or to actively search for restricted mail.

Third-Party Acceptance Channels

International mailpieces bearing a customs declaration that were completed and submitted online may be processed as usual by the third-party acceptance channel, provided those mailpieces are paid by electronic means or contain a meter strip.

If the third-party acceptance location accepts international mail from customers, any international mail that does not meet the above requirements must be taken by the customer to a retail service counter at a Post Office location for mailing. These mailpieces should not be accepted from customers at a third-party acceptance channel. If they wish to do so, the third-party acceptance channel may assist customers by filling out their electronic customs dec-

larations and assisting them in paying for postage online (e.g., using Click-N-Ship service).

Post Office locations will soon be receiving a supply of Publication 613, *Shipping International Packages* (revised), Label DDD2, *Important Customer Information Label* (revised), and Label DDD1, *13-Ounce Rule Label* (revised). Please ensure that the revised Publication 613 is available for carriers and retail clerks to hand to frequent international mailers and that an adequate supply of Labels DDD2 are also on hand. Label DDD1 has been redesigned and must be applied over the existing label on every collection box, lobby drop, and Automated Postal Center® drop as soon as practical on or after May 21, 2012.

Postmasters and supervisors will support employee compliance with this new international mail acceptance policy by providing training information through service talks, available standard operating procedures, or other methods. Within the next couple of weeks, your Post Office

location, processing operations center, or international service center will receive job aids and resources that outline this policy change for both customers and employees. Pages on the Blue and LiteBlue websites are also under development to provide resources to employees.

Your role in these efforts is critical, and USPS counts on you to support compliance with these changes. Failure on the part of our employees to comply with these policies could interfere with our ability to make sure the mail is not being used for purposes contrary to our country’s national security and foreign policy interests.

Thank you for your attention to this important policy change.

Stop Sending Copies of PS Form 8176, Premium Forwarding Service Application, to Headquarters

Offices are no longer required to send a copy of PS Form 8176, *Premium Forwarding Service*[®] (*PFS*[®]) *Application*, to Headquarters (HQ). In 2005, the application was a four-part form and “Distribution: Copy 3 — HQ” was sent to Headquarters. The form has been revised multiple times and “Distribution: Copy 3 — HQ” has not been a part of the application for several years, but we continue to get copies of the application. Many offices continue to use the 2005 or 2006 edition of the form, and others are making copies of “Distribution: Copy 1 — Post Office” and sending it to HQ.

Please use the most current, January 2011, edition of the form. It has a new format and the Terms and Conditions have been updated. You can order the current edition of the form from the Material Distribution Center and use touch-tone order entry (TTOE). Call 800-273-1509.

Note: You must be registered to use TTOE. To register, call 800-332-0317, option 1, extension 2925, and follow the prompts to leave a message. (Wait 48 hours after registering before placing your first order.)

Customers wishing to obtain a postmark should affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: Pictorial Postmarks, followed by the Name of the Station, Address, City, State, ZIP+4® Code, as listed below.

Customers can also send stamped envelopes and postcards without addresses for postmark, as long as they supply a larger envelope with adequate postage and their return address. After applying the pictorial postmark, the Postal Service returns the items (with or without addresses) under addressed protective cover.

How to Order the First Day of Issue Digital Color or Traditional Postmarks

Customers have 60 days to obtain the first day of issue postmarks by mail. They may purchase new stamps at their local Post Office™, by telephone at 800-STAMP-24, or at The Postal Store® website at www.usps.com/shop.

Traditional Postmarks

Customers should affix the stamps to envelopes of their choice, address them to themselves or others, or provide a self-addressed return envelope with sufficient postage large enough to accommodate the canceled item. Mail the request to the corresponding city of issuance. There is no charge for the first 50 postmarks. There is a 5-cent charge for each additional postmark over 50. Customers should submit a check, money order, or credit card for payment. After applying the first day of issue postmark, the Postal Service™ will return the envelopes to the customer by U.S. Mail.

All postmark requests should go to the first day of issue city. The first day of issue city Post Office will then forward in bulk all postmark requests to Cancellation Services, Stamp Fulfillment Services, PO Box 449992, Kansas City, MO 64144-9992 by respective Post Offices.

Digital Color Postmarks

Only select stamp issues offer a digital color postmark. Customers may submit #6 or #10 envelopes constructed of paper rated as “laser safe.” The Postal Service recommends envelopes of 80-pound Accent Opaque, acid-free, 9/16" side seams with no glue on the flap. The maximum size of all digital color postmarks is 2" high x 4" long. Allow sufficient space on the envelope to accommodate the postmark. Do not use self-adhesive labels for addresses on the envelope. Two test envelopes must be included. There is a minimum of 10 envelopes at 50 cents per postmark required at the time of servicing. Customers should submit a check, money order, or credit card for payment.

The Postal Service reserves the right to not accept hand-painted and other cachet envelopes that are not compatible with our digital color postmark equipment. The Postal Service also reserves the right to substitute traditional black rubber postmarks if use of nonspecified envelopes results in poor image quality or damage to equipment.

Customers should affix the stamps to the envelopes and address them to themselves or others for return through the mail. Or, they may include an additional self-addressed return envelope, large enough to accommodate their canceled items, with sufficient postage affixed for return of their postmarked items. Mail the request for a first day of issue digital color postmark to the corresponding city of

issuance. Post Offices will then forward all customer requests for digital color postmarks to Cancellation Services, Stamp Fulfillment Services, PO Box 449992, Kansas City, MO 64144-9992.

After applying the first day of issue postmark, the Postal Service will return the envelopes to the customer by U.S. Mail.

Stamps Now Program Available to Customers Looking for Large Volumes of Stamps Including Pre-Cancelled and Non-Profit

Stamps Now[®] is a USPS[®] program established to provide business customers convenience in purchasing stamps and other mailing supplies. There is no cost to establish an account, and customers may order as needed or on a set schedule.

The program offers a wide variety of products including booklets, panes, and coils of 100, 3,000, and 10,000 stamps. Pre-cancelled and Non-Profit stamps are also available for purchase through the program. In addition to current stamp designs, Prepaid Priority Mail[®] envelopes and Personalized Stamped Envelopes, as well as pressure-sensitive and water-activated stamped envelopes are available from the Stamps Now program. Businesses can have their orders sent to their choice of one location or multiple addresses.

A handling fee of \$1.25 will be applied to all orders up to \$50.00, and \$1.75 will be applied to orders over \$50.00. If needed, customers may choose to pay for Express Mail[®] services for delivery of their orders. Payment options

include ACH debit, business check, FedWire, or money order. As an additional service, customers may request a reconciliation report that fits their monthly reporting needs.

The Stamps Now program is managed by Stamp Fulfillment Services (SFS) located in Kansas City, Missouri. Orders are typically shipped within 2 business days of receipt at SFS. The large inventory of stamps and product at SFS ensures a constant supply of product to complete orders rapidly. SFS' centralized location is additionally beneficial to businesses, as orders will be received at their destination within 3 to 4 business days using Priority Mail services.

Additional Stamps Now program information can be requested through StampsNow.Info@USPS.gov or by calling 1-800-STAMP24 (1-800-782-6724).

Sustainability

Standard Operating Procedure: Recycling Small Dry-Cell Batteries

The purpose of this standard operating procedure (SOP) is to establish processes for handling and recycling dry-cell rechargeable and nonrechargeable batteries through the Mail Recovery Center (MRC) in Atlanta, in accordance with Postal Service™ policies and universal waste-management regulations. Federal environmental regulations require that all universal waste be recycled. This SOP establishes methods for recycling small dry-cell batteries at all Postal Service operations and requires all employees to follow approved disposal and recycling procedures for used batteries.

Universal waste is a subcategory of hazardous waste that is subject to less restrictive environmental regulations, as long as it is recycled.

Certain types of batteries are considered hazardous because they contain heavy metals or corrosive electrolyte solutions. These include (but are not limited to) nickel-cadmium (Ni-Cd), nickel-metal hydride (NiMH), lithium (Li) or lithium ion (Li-ion), lithium polymer (Li-poly), silver oxide, and other small dry-cell batteries. When these batteries die, they must be handled as universal waste.

Exception: Lead-acid automotive batteries and sealed lead-acid emergency batteries are designated as universal waste but are *not* authorized for recycling under this instruction.

Common Postal Service Dry-Cell Batteries

The pictures here show common types of batteries:

- Ni-Cd and NiMH batteries (see Exhibits A and B on page [76](#)) are used in cell phones, pagers, cameras, and power tools.
- Li-ion batteries (see Exhibit C, on page [76](#)) are used in some cell phones, laptops, and cameras and in all Intelligent Mail Data Acquisition System (IMDAS) scanners.
- Lithium batteries are used in cameras and other electronic devices that don't require rechargeable batteries.
- Silver oxide batteries are used in watches, laptops, and other devices that require button-cell batteries (see Exhibit D on page [77](#)).

Exhibit A, Power Tool Batteries (Ni-Cd and NiMH)

Exhibit B, Ni-Cd Batteries in a Sealed Package

Exhibit C, IMDAS Lithium Ion Batteries

Exhibit D, Silver Oxide Button Batteries

Exhibit E, Alkaline/Dry Cell Batteries

Exhibit F, Emergency Lighting – Small, Sealed Lead Acid Battery

Exhibit G, Sealed Acid Batteries

Rechargeable Batteries

Approximately 70 percent of the batteries used by the Postal Service are rechargeable, and a majority of these are Ni-Cd, Li-ion (secondary lithium), and sealed lead acid.

Management and Disposal of Used Batteries Less Than or Equal to 9 Volts

Requirements

When an inoperable battery is removed from a piece of equipment, determine what type it is and follow the management guidelines for disposing of it. There are three primary types of batteries, each with specific handling requirements:

- Alkaline batteries (see Exhibit E on page 77) – considered nonhazardous.
- Sealed lead-acid batteries (see Exhibits F and G on page 77) – not covered in this document and *not* authorized to be recycled under this instruction.
- All other dry-cell batteries – handle as universal waste.

Except for Li-ion IMDAS batteries, which have specific mailing requirements, alkaline batteries, and other universal-waste, small dry-cell batteries should be recycled according to the following shipping procedures. (See *Mailing Standards of the United States Postal Service, Domestic Mail Manual (DMM®)* for Li-ion-battery shipping instructions, including the requirement that no more than three Li-ion rechargeable batteries be mailed together.)

Procedures

1. Select a small, sturdy cardboard box or ReadyPost® box if a used box is not available. (ReadyPost boxes can be obtained from the Post Office’s retail area.) If opting for a used box, remove or cover all barcodes.
2. Place up to 15 pounds of dry-cell batteries into the box, and pack them securely with paper. To prevent short circuits, tape all battery terminals so that they don’t have contact with one another.
3. Tape the box shut.

4. Print the following address on a G-10 label:
USPS MAIL RECOVERY CENTER
BATTERY RECYCLING PROGRAM
5345 FULTON INDUSTRIAL BLVD SW
ATLANTA GA 30378-2400
5. Place the G-10 label on the box.
6. Place Label 127, *Surface Transportation Only*, on the box.
7. Write "PP" on all surfaces to indicate the box is being shipped by Parcel Post®.
8. Put your return address on the box and ship it.

Do not use Priority Tape or Priority Mail® Boxes.

Never ship damaged batteries! Batteries that are leaking, burned, cracked, melted, or otherwise damaged must be recycled locally.

Battery Disposal Record

Keep records of the batteries you send to the MRC. A sample recordkeeping table is shown below:

| Battery Type | Number of Batteries | Date Sent to MRC | Other Information |
|--------------|---------------------|------------------|-------------------|
| | | | |
| | | | |
| | | | |

Contact Information

What's New on USPS.com?

Premium Forwarding Service® (PFS®) launched PFS Online™ in January. Now customers can enroll, modify, or cancel their request without going to a Post Office™.

What is PFS? Premium Forwarding Service gives residential customers the option of having all of their mail reshipped on a predictable basis to a temporary address while they are away from home. For a one-time enrollment fee and a nominal weekly installment fee, virtually all of the customer's mail will be packaged weekly and sent by Priority Mail® service to the temporary address. Some items, such as Registered Mail® and Express Mail® are reshipped immediately upon receipt at the Post Office. PFS can be used for a minimum of 2 weeks or up to a maximum of 1 year. It provides customers an additional option to the current piece-by-piece temporary forwarding and Hold Mail services.

Enrolling with PFS Online is simple. Customers simply go to www.usps.com/premiumforwarding to learn about the service, read the terms and conditions, and click *Get Started* to sign up for PFS. The process is easy, and a confirmation email is sent once enrollment is complete.

Note: Customers must be registered USPS.com® customers and must sign in to sign up for PFS.
