Cover Story

Stay Alert — School is Back in Session

August is the beginning of the new school year for many children. This means an increase in the number of pedestrians crossing streets and sidewalks as children walk to and from school or wait for school buses. Drivers need to take extra precautions to avoid accidents and keep our kids safe by staying alert and driving defensively.

Children are unpredictable. They take risks, ignore hazards, and fail to look both ways when crossing the street, or while walking or riding their bikes. Here are some precautions to adopt while driving through residential areas and near schools:

- Slow down and obey the speed limits.
- Adjust your mirrors so that you can see around your vehicle.
- Avoid backing up your vehicle.
- Avoid distracted driving.

A school zone sign with a flashing yellow light indicates you must reduce your speed to the limit posted on the sign. When you see a school zone sign, do not pass or change lanes and obey the posted speed limit throughout the school zone. Always stay alert and use increased caution.

Like school zones, drivers must also be alert and slow down when near a school bus. A bus with flashing red lights or a stop sign extended means children are getting on or off the bus. Vehicles from both directions must stop at least 10 feet away to allow enough space for children to safely enter and exit the bus. Drivers must remain stopped until:

- The red lights stop flashing,
- The stop sign has been drawn back,
- The driver waves you on, or
- The bus begins to move.

Failure to stop for a school bus with the stop indicators engaged can result in heavy fines. In many states, school buses are also required to stop at railroad crossings. You are breaking the law if you pass a school bus stopped at a railroad crossing.

The U.S. Postal Service® makes every effort to promote safe neighborhoods. Whether you are on the clock or off, be alert and aware of your surroundings to keep our kids safe.

Publications

Publication 52 Revision: New Mailing Standards for Lithium Batteries

Effective August 17, 2017, the Postal Service™ is revising Publication 52, *Hazardous, Restricted, and Perishable Mail*, in various sections to provide new mailing standards for mailpieces containing lithium batteries.

The Postal Service announced these revisions via a *Federal Register* notice titled “Revision to Mailing Standards for Lithium Batteries,” which was published on July 26, 2017 (82 FR 34712–34715). With these revisions, the Postal Service aligns its mailing standards with recent changes made by other federal regulatory agencies with regard to the transportation of lithium batteries.

Relative to lithium batteries, the International Civil Aviation Organization (ICAO) published addendum number 3 to its Technical Instructions on January 15, 2016, and addendum number 4 on February 23, 2016. In these addenda, ICAO announced new regulations for lithium batteries in air transportation. Effective April 1, 2016, the ICAO revisions detailed a number of new provisions including:

- The prohibition of lithium-ion (and lithium polymer) batteries, shipped separately from the equipment they are intended to operate (categorized as identification number UN3480), on passenger aircraft.
- The restriction of UN3480 batteries and cells shipped via cargo aircraft to a maximum state of charge (SOC) of no more than 30 percent.
- The limitation of section II, UN3480 batteries and cells to a single package, when sent as a part of a consignment or overpack via cargo aircraft.
- The required use of an approved Cargo Aircraft Only (CAO) label on all packages of UN3480 batteries and cells transported via cargo aircraft.

On March 30, 2017, the Department of Transportation’s (DOT’s) Pipeline and Hazardous Materials Safety Administration (PHMSA) published its final rule titled “Hazardous Materials: Harmonization with International Standards RRR,” HM-215N (82 FR 15796–15897), which generally adopted a proposed rule published on September 7, 2016. In its final rule, PHMSA stated that its revisions were necessary to harmonize the Hazardous Materials Regulations (HMR) with recent changes made to the following:

- The International Maritime Dangerous Goods (IMDG) Code.
- The International Civil Aviation Organization’s (ICAO’s) Technical Instructions for the Safe Transport of Dangerous Goods by Air.

- The United Nations Recommendations on the Transport of Dangerous Goods — Model Regulations.

The PHMSA final rule also included a number of new regulations for the transport of lithium batteries.

On February 22, 2017, the Postal Service responded by publishing a notice with an invitation to comment (82 FR 11372), “Revision to Mailing Standards for the Transport of Lithium Batteries.” In this notice, the Postal Service announced its intent to revise Publication 52 to align with the following:

- The ICAO Technical Instructions for the Safe Transport of Dangerous Goods by Air (ICAO Technical Instructions).
- The PHMSA proposed rule of September 7, 2016.

The Postal Service received four comments in response to its February 22 notice of intent — two from airline pilot associations, one from a hazardous materials trade association, and one from the Congressional Delegation from the state of Alaska. In response to these commenter’s concerns, the Postal Service adopted additional restrictions applicable to some mailings of lithium batteries and introduced a provision to permit limited mailings of UN3480 batteries via Postal Service air transportation within the state of Alaska. As a result, the Postal Service will:

- Generally prohibit UN3480 lithium-ion and lithium polymer batteries in Postal Service air-eligible products.
- Revise its quantity limitations for UN3480 lithium-ion and lithium polymer batteries in surface transportation to align with those for lithium metal batteries — changing from the previous 8 cells or 2 batteries to an aggregate mailpiece limit of 5 pounds.
- Accept and evaluate requests for exceptions to mail UN3480 batteries used to support critical medical devices via domestic air-eligible products. The batteries must be within current Postal Service capacity and quantity limitations, necessary for the emergency support of critical medical devices, and have no other reasonable alternative for delivery within an acceptable period. The Postal Service defers revision to Publication 52 relating to these authorizations until it has determined the level of interest and the need for these exceptions. Before granting any authorizations, the Postal Service plans to consult with PHMSA to ensure alignment with their approval

processes for commercial carriers. Interested mailers may direct requests to the manager, Product Classification (see Publication 52, part 214, for the complete address).

- Permit UN3480 batteries meeting the current USPS® capacity limitations and quantity restrictions to be mailed via air-eligible products, if these mailings are both mailed and delivered within the state of Alaska.
- Eliminate the current text marking option for mailpieces required to bear, or optionally permitted to bear, lithium battery markings under Publication 52, sections 349.221a(6) and 349.222a(6), and limit markings to DOT-approved lithium battery marks.
- Require a separate “prohibited on passenger aircraft” text marking, in addition to a DOT-approved lithium battery mark, for mailpieces containing UN3480 and UN3090 batteries. This marking is only appropriate for, and restricted to, surface transportation.
- Permit the optional use of previously authorized lithium battery marks during PHMSA’s transitional period for these marks until December 31, 2018.
- Eliminate the requirement for accompanying documentation with mailings of lithium batteries.
- Add the new DOT class 9 hazard warning label for lithium batteries to Publication 52, Exhibit 325.1, DOT Hazardous Materials Warning Labels: PROHIBITED IN THE MAIL.
- Require the outer packaging of mailpieces containing small lithium batteries to be rigid and of adequate size so the lithium battery mark can be affixed on the address side without the mark being folded.
- Require lithium battery marks to be placed on the address side of all mailpieces bearing these marks.
- Permit the use of padded and poly bags as outer packaging for mailpieces containing button cell batteries properly installed in the equipment they are intended to operate, provided the batteries are afforded adequate protection by the equipment, and the batteries meet the USPS classification criteria for a button cell battery in section 349.11d of Publication 52.
- Define a *lithium battery consignment* as one or more mailpieces containing lithium batteries that is entered into USPS networks by one mailer or mail service provider within a single mailing or retail transaction, or included in the same manifest or shipping services file, and intended for delivery to a single consignee at a single destination address.

- Require DOT-approved lithium battery markings on all mailpieces containing lithium cells or batteries contained in equipment when there are more than two mailpieces in a single consignment in domestic mail.
- Limit a single consignment to two mailpieces containing lithium batteries for international and APO/ FPO/DPO mail.

The Postal Service will allow a transitional period until January 1, 2018, for the mailing standards described in this notice. During the transitional period, we urge mailers to comply with the new mailing standards, but compliance will not be mandatory until January 1, 2018.

349.2 Mailability

* * * * *

349.21 Nonmailable Class 9 Materials

* * * * *

[Revise the text of 349.21f to read as follows:]

- f. All lithium batteries in domestic air transportation, unless they are within the specified limits and only when properly installed in, or packed with, the equipment they are intended to operate.

349.22 Mailable Class 9 Materials**349.221 Lithium Metal (Nonrechargeable) Cells and Batteries — Domestic**

* * * * *

[Revise the text of 349.221a(5), (6), and (7) to read as follows:]

- (5) All packaging must meet applicable requirements specified in 49 CFR 173.185. Except for mailpieces containing button cell batteries properly installed in the equipment they are intended to operate, mailpieces containing lithium metal batteries must be rigid, sealed, and of adequate size, so the mark can be affixed to the address side without the mark being folded. The use of padded and poly bags as outer packaging is permitted only when the mailpieces contain button cell batteries meeting the classification criteria in 349.11d, the batteries are properly installed in the equipment they are intended to operate, and the batteries are afforded adequate protection by that equipment.
- (6) Except for mailpieces containing button cell batteries installed in equipment (including circuit boards), or no more than 4 lithium metal cells or 2 lithium metal batteries installed in the equipment they are intended to operate, mailpieces containing lithium metal batteries must bear a DOT-approved lithium battery mark, as specified in 49 CFR 173.185(c)(i) and Exhibit 325.2a, applied to

the address side of the mailpiece. Marks must not be applied in such a manner that parts of the mark appear on different sides of the mailpiece.

- (7) The mark must indicate UN3090 for lithium metal cells or batteries. UN3091 must be indicated where the lithium cells or batteries are contained in or packed with the equipment they are intended to operate. The mark must also include a telephone number for those who need to obtain additional information.

* * * * *

[Revise the text of 349.221b(3) to read as follows:]

- (3) The equipment must be cushioned to prevent movement or damage and, unless excepted under 349.221a(5), must be contained in rigid outer packaging, sealed and strong enough to prevent crushing of the package or exposure of the contents during normal handling in the mail.

* * * * *

[Revise the text of 349.221b(6) to read as follows:]

- (6) When required or optionally applied, mailpieces must display a DOT-approved lithium battery mark on the address side.

[Add new 349.221b(7) to read as follows:]

- (7) DOT-approved lithium battery markings must be applied to all mailpieces when there are more than two mailpieces in a single consignment as defined in 349.12b.

* * * * *

[Revise the text of 349.221c(3) to read as follows:]

- (3) The shipment must be cushioned to prevent movement or damage, and must be contained in rigid outer packaging, sealed and strong enough to prevent crushing of the package or exposure of the contents during normal handling in the mail.

* * * * *

[Revise the text of 349.221c(6) to read as follows:]

- (6) Mailpieces must display a DOT-approved lithium battery mark on the address side.

* * * * *

[Revise the text of 349.221d(3) to read as follows:]

- (3) shipment must be cushioned to prevent movement or damage, and must be contained in rigid outer packaging, sealed and strong enough to prevent crushing of the package or exposure of the contents during normal handling in the mail.

* * * * *

[Revise the text of 349.221d(5) to read as follows:]

- (5) Mailpieces must display a DOT-approved lithium battery mark on the address side, in addition to the text “Surface Mail Only, Primary Lithium Batteries — Forbidden for Transportation Aboard Passenger Aircraft” or “Surface Mail Only, Lithium Metal Batteries — Forbidden for Transportation Aboard Passenger Aircraft.”

* * * * *

349.222 Lithium-ion (Rechargeable) Cells and Batteries — Domestic

* * * * *

[Add new 349.222a(3) to read as follows and renumber the current 349.222a(3) through a(7) as the new 349.222a(4) through a(8).]

- (3) Each battery must bear the “Watt-hour” or “Wh” marking on the battery to determine if it is within the limits defined in items 1 and 2.

* * * * *

[Revise renumbered 349.222a(6) to read as follows:]

- (6) All packaging must meet applicable requirements specified in 49 CFR 173.185. Except for mailpieces containing button cell batteries properly installed in the equipment they are intended to operate, mailpieces containing lithium-ion batteries must be rigid, sealed, and of adequate size, so the mark can be affixed to the address side without the mark being folded. The use of padded and poly bags as outer packaging is permitted only when the mailpieces contain button cell batteries meeting the classification criteria in 349.11d, the batteries are properly installed in the equipment they are intended to operate, and the batteries are afforded adequate protection by that equipment.

[Revise renumbered 349.222a(7) to read as follows:]

- (7) Except for mailpieces containing button cell batteries installed in equipment (including circuit boards), or no more than 4 lithium-ion cells or 2 lithium-ion batteries installed in the equipment they operate, mailpieces containing lithium-ion batteries must bear a DOT-approved lithium battery mark, as specified in 49 CFR 173.185(c)(i) and Exhibit 325.2a, applied to the address side of the mailpiece. Marks must not be applied in such a manner that parts of the mark appear on different sides of the mailpiece. Where the lithium cells or batteries are shipped separately from equipment, the mark must indicate UN3480. Where the lithium cells or batteries are contained in, or packed with,

equipment, UN3481 must be indicated. The mark must also include a telephone number for those who need to obtain additional information.

[Delete renumbered 349.222a(8) in its entirety.]

* * * * *

[Revise 349.222b(3) to read as follows:]

- (3) The equipment must be cushioned to prevent movement or damage and, unless excepted under 349.222a(7), must be contained in rigid outer packaging, sealed and strong enough to prevent crushing of the package or exposure of the contents during normal handling in the mail.

* * * * *

[Revise the text of 349.222b(6) to read as follows:]

- (6) When required or optionally applied, mailpieces must display a DOT-approved lithium battery mark on the address side.

[Add new 349.222b(7) to read as follows:]

- (7) DOT-approved lithium battery markings must be applied to all mailpieces when there are more than two mailpieces in a single consignment as defined in 349.12b.

* * * * *

[Revise the text of 349.222c(3) and c(4) to read as follows:]

- (3) The shipment must be cushioned to prevent movement or damage, and must be contained in rigid outer packaging, sealed and strong enough to prevent crushing of the package or exposure of the contents during normal handling in the mail.
- (4) Mailpieces must display a DOT-approved lithium battery mark on the address side.

* * * * *

[Revise the text of 349.222d(1) to read as follows:]

- (1) The lithium-ion cells and batteries must be mailed in “the originally sealed packaging.”

* * * * *

[Revise the text of 349.222d(3) to read as follows:]

- (3) The shipment must be cushioned to prevent movement or damage, and must be contained in rigid outer packaging, sealed and strong enough to prevent crushing of the package or exposure of the contents during normal handling in the mail.

[Delete current 349.222d(4) and 222d(5) and add new 349.222d(4) through 222d(8) to read as follows:]

- (4) Unless both mailed from, and intended for delivery to, the state of Alaska under 349.222d(7), mailpieces must be sent by surface transportation only.
- (5) The mailpiece must not exceed 5 pounds.
- (6) Mailpieces must display a DOT-approved lithium battery mark on the address side, in addition to the text “Surface Mail Only, Secondary Lithium Batteries — Forbidden for Transportation Aboard Passenger Aircraft” or “Surface Mail Only, Lithium-ion Batteries — Forbidden for Transportation Aboard Passenger Aircraft.”
- (7) Cells having a watt-hour rating of not more than 20 Wh, and batteries having a watt-hour rating of not more than 100 Wh may be mailed via air transportation only when both mailed from, and intended for delivery within, the state of Alaska. Each mailpiece must contain no more than 8 cells or 2 batteries.
- (8) Mailpieces must display a DOT-approved lithium battery mark on the address side.

* * * * *

[Revise the entry for UN3480, Lithium-ion batteries under column “f,” Domestic Mail Air, to read as follows:]

Lithium-ion batteries (including lithium polymer batteries)	9)	UN3480)	N/A)	Only as permitted in 349.22)	Prohibited)	9D)
---	----	---------	------	------------------------------	-------------	-----

* * * * *

[Delete the extraneous “Lithium Battery” entry, between the “Lithium aluminum hydride, ethereal” and “Lithium borohydride” entries, in its entirety.]

* * * * *

**Appendix C
USPS Packaging Instructions for Mailable Hazardous Materials**

* * * * *

**USPS Packaging Instruction 9D
Lithium Metal and Lithium-ion Cells and Batteries – Domestic**

[Revise the introductory text of USPS Packaging Instruction 9D to read as follows:]

Lithium metal (nonrechargeable) cells and batteries and lithium-ion (rechargeable) cells and batteries are mailable in limited quantities domestically via air or surface transportation when they are installed in or packed with the equipment they are intended to operate. Unless otherwise excepted, lithium metal and lithium-ion batteries (without equipment) are mailable in limited quantities domestically via surface transportation only.

[Delete the bulleted text below the introductory paragraph in its entirety.]

* * * * *

Mailability

* * * * *

[Revise the text of the second bullet under Mailability and add a new third bullet to read as follows:]

- Lithium-ion (or *lithium polymer*) batteries may be mailed, in limited quantities, via air transportation when both shipped from, and intended for delivery to, the state of Alaska under 349.222.
- Except as provided above, individual *lithium metal* (or *lithium alloy*) and *lithium-ion* (or *lithium polymer*) batteries (without equipment) areailable in limited quantities via surface transportation only, provided the batteries are in the originally sealed packaging, and packaged and marked as described in 349.221 and 349.222, as applicable.

Required Packaging

Lithium Metal and Lithium-ion Batteries

[Revise the text to read as follows:]

- Packaging must meet all applicable requirements specified in 49 CFR 173.185. Except for mailpieces containing button cell batteries properly installed in the equipment they are intended to operate, mailpieces containing mailable lithium metal or lithium-ion batteries must be rigid, sealed, and of adequate size, so the lithium battery mark can be affixed to the address side without the mark being folded.
- Packaging must be strong enough to prevent crushing of the package or exposure of the contents during normal handling in the mail.
- The use of padded and poly bags as outer packaging is permitted only when the mailpieces contain button cell batteries meeting the classification criteria in 349.11d, the batteries are properly installed in the equipment they are intended to operate, and the batteries are afforded adequate protection by that equipment.
- All outer packages must have a complete delivery and return address.

Markings

- **Lithium metal** batteries properly *installed in* the equipment they are intended to operate:

[Revise the supporting text to read as follows:]

- Except for mailpieces containing button cell batteries installed in equipment (including circuit boards), or no more than 4 lithium metal cells or

2 lithium metal batteries installed in the equipment they operate, mailpieces containing lithium metal batteries must bear a DOT-approved lithium battery mark, as specified in 49 CFR 173.185(c)(i) and Exhibit 325.2a, applied to the address side of the mailpiece.

- The mark must indicate UN3091 for lithium metal cells or batteries installed in equipment.
- Where a package contains lithium cells or batteries assigned to different UN numbers, all applicable UN numbers must be indicated.
- The mark must also include a telephone number for those who need to obtain additional information.

Note: DOT-approved lithium battery markings must be applied to all mailpieces when there are more than two mailpieces in a single consignment as defined in 349.12b.

- **Lithium metal** batteries *packed with* the equipment they are intended to operate:

[Revise the supporting text to read as follows:]

- Mailpieces must bear a DOT-approved lithium battery mark, as specified in 49 CFR 173.185(c)(i) and Exhibit 325.2a, applied to the address side of the mailpiece.
- The mark must indicate UN3091 for lithium metal cells or batteries packed with equipment.
- The mark must also include a telephone number for those who need to obtain additional information.
- **Lithium metal** batteries *not packed with or installed in* equipment (individual batteries):

[Revise the supporting text to read as follows:]

- Mailpieces must bear a DOT-approved lithium battery mark, as specified in 49 CFR 173.185(c)(i) and Exhibit 325.2a, applied to the address side of the mailpiece.
- The mark must indicate UN3090 for lithium metal cells or batteries.
- The mark must also include a telephone number for those who need to obtain additional information.
- Mailpieces must also include the text “Surface Mail Only, Primary Lithium Batteries — Forbidden for Transportation Aboard Passenger Aircraft” or “Surface Mail Only, Lithium Metal Batteries — Forbidden for Transportation Aboard Passenger Aircraft.”

- **Lithium-ion** batteries properly *installed in* the equipment they are intended to operate:

[Revise the supporting text to read as follows:]

- Except for mailpieces containing button cell batteries installed in equipment (including circuit boards), or no more than 4 lithium metal cells or 2 lithium-ion batteries installed in the equipment they operate, mailpieces containing lithium-ion batteries must bear a DOT-approved lithium battery mark, as specified in 49 CFR 173.185(c)(i) and Exhibit 325.2a, applied to the address side of the mailpiece.
- The mark must indicate UN3481 for lithium-ion cells or batteries installed in equipment.
- The mark must also include a telephone number for those who need to obtain additional information.

Note: DOT-approved lithium battery markings must be applied to all mailpieces when there are more than two mailpieces in a single consignment as defined in 349.12b.

- **Lithium-ion** batteries *packed with* the equipment they are intended to operate:

[Revise the supporting text to read as follows:]

- Mailpieces must bear a DOT-approved lithium battery mark, as specified in 49 CFR 173.185(c)(i) and Exhibit 325.2a, applied to the address side of the mailpiece.
- The mark must indicate UN3481 for lithium-ion cells or batteries packed with equipment.
- Where a package contains lithium cells or batteries assigned to different UN numbers, all applicable UN numbers must be indicated.
- The mark must also include a telephone number for those who need to obtain additional information.

- **Lithium-ion** batteries *not packed with or installed in* equipment (individual batteries):

[Revise the supporting text to read as follows:]

- Mailpieces must bear a DOT-approved lithium battery mark, as specified in 49 CFR 173.185(c)(i) and Exhibit 325.2a, applied to the address side of the mailpiece.
- The mark must indicate UN3480 for lithium-ion cells or batteries.
- The mark must also include a telephone number for those who need to obtain additional information.
- Mailpieces must also include the text “Surface Mail Only, Secondary Lithium Batteries — Forbidden for Transportation Aboard Passenger Aircraft” or “Surface Mail Only, Lithium-ion Batteries — Forbidden for Transportation Aboard Passenger Aircraft.”

Quantities

* * * * *

Domestic — Lithium-ion Cells and Batteries:

[Revise the text of the introductory sentence, to remove reference to batteries shipped separately, to read as follows:]

Installed in or packed with the equipment they are intended to operate:

* * * * *

[Add a new subsection in “Quantities,” applicable to lithium-ion batteries shipped separately, to read as follows:]

Individual batteries mailed without equipment:

- The total watt-hour rating for each cell must not exceed 20 Wh.
- The total watt-hour rating for each battery must not exceed 100 Wh.
- The mailpiece must not exceed 5 pounds.

Publication 431 Revision: Changes to Post Office Box Service and Caller Service Fee Groups

Effective August 17, 2017, Publication 431, *Post Office Box Service and Caller Service Fee Groups*, is revised to include the following changes.

Publication 431, Post Office Box Service and Caller Service Fee Groups

* * * * *

[Revise the following entry:]

ZIP Code	Fee Group
10025	31

* * * * *

[Delete the following entries:]

ZIP Code	Fee Group
58431	5
59058	5
63938	6
67667	5
68954	5
98034	3
57045B	6
59058A	5
59087A	5
99586B	4

* * * * *

The online version of Publication 431 is dated July 2013. Publication 431 is currently available on the Postal Service™ PolicyNet website (blue.usps.gov/cpim):

- Go to blue.usps.gov.
- In the left-hand column under “Essential Links,” click *PolicyNet*.
- Click *PUBs*.

Offices with WebBATS Manager/Supervisor access can view current Publication 431 information by going to the WebBATS Edit Facility Information page, as follows:

1. Go to the WebBATS main menu, and select Utility> Facility>Edit Facility option.
2. View the Fee Group field on the Edit Facility Information page.

Pull-Out Information

Fraud

Invalid USPS Corporate Account Numbers

Please provide this listing to Contract Postal Units and acceptance clerks in non-POS locations without intranet access to validate a USPS Corporate Account (USPSCA) number online. For all other locations, online USPSCA validation is preferred. The online validation process is outlined in the USPSCA Validation SOP on the Retail webpage. This list supersedes all previous notices, which must be recycled.

Acceptance clerks must not accept Priority Mail Express® shipments bearing an invalid USPSCA number in the "Payment by Account" or "Agreement Number" section of the label or form.

Note: The first 6 digits of a 9-digit Custom Designed Service and Next Day Pickup Agreement make up the Corporate Account Number.

\$434 million

Amount of stamp and stamp
product orders received by mail,
telephone and online in 2016*

**Oct. 1, 2015-Sept. 30, 2016*

Missing, Lost, or Stolen U.S. Money Order Forms

Do Not Cash — Upon Receipt, Notify Local Postal Inspectors

Provide this listing to all Postal Service™ employees responsible for accepting and cashing postal money orders. Destroy all interim notices when the numbers listed

appear in the *Postal Bulletin*. The actual serial numbers consist of the first 10 digits on the money orders. Check for altered dollar amounts by holding money orders to the light.

Missing, Lost, or Stolen Canadian Money Order Forms

Do Not Cash — Upon Receipt, Notify Local Postal Inspectors

Provide this listing to all Postal Service™ employees responsible for accepting and cashing postal money orders. Destroy all interim notices when the numbers listed appear in the *Postal Bulletin*. The new money order serial

numbers consist of the first 9 digits. The 10th digit is a check digit only.

Do not cash outdated money orders **104 151 601 to 692 600 000**. Advise holders to send invalid money orders to Canada Post Corporation, Ottawa, Canada K1A 0B1. Check for altered dollar amounts by holding money orders to the light.

Verifying U.S. Postal Service Money Orders

Follow these steps to cash a Postal Service™ money order:

1. Check that the amount does not exceed the legal limit: \$1,000 for domestic, and \$700 for international postal money orders.
2. Check that the proper security features are present:
 - When held to the light, a watermark of Benjamin Franklin is repeated from top to bottom on the left side.
 - When held to the light, a dark line (security thread) runs from top to bottom with the word “USPS” repeated.
 - There should be no discoloration around the dollar amounts, which might indicate the amounts were changed.

These appear in Postal Service Notice 299, *U.S. Postal Money Order Reference Card*, or online at usps.com/shop/money-orders.htm.

3. If the money order seems suspicious, call the U.S. Postal Service Money Order Verification System at 866-459-7822.

Please provide this information to local banks and retailers, as they also receive Postal Service money orders for cashing.

Toll-Free Number Available to Verify Canadian Money Orders

The Canada Post Corporation has a toll-free number that cashing agents can call to verify the validity of Canadian Postal Money Orders. The number is 800-563-0444.

This toll-free number is printed on the back of the Canadian Postal Money Orders.

— Criminal Investigations Group, Postal Inspection Service, 8-17-17

\$83.7 million

Amount raised by Breast Cancer
Research stamp sales since 1998

Other Information

Overseas Military/Diplomatic Mail

Mail addressed to military and diplomatic post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The APO/FPO/DPO table outlines these conditions by APO/FPO/DPO ZIP Codes™ through the use of footnoted mailing restrictions codes (see the [Restrictions](#) page following the table).

Acceptance clerks must use the table with the RSS terminal to determine which APO/FPO/DPO ZIP Codes are active and which conditions of mailing apply. Send inquiries to the Military Postal Service Agency at amps.usps.gov/jy2/frm.htm.

The entries under “Changes” appear in bold in the APO/FPO/DPO table starting below.

Changes

APO/FPO/DPO	Action	Effective Date	See Restrictions
APO AE 09309	Add C2	08/17/2017	A-B-C-C1-C2-E2-F-H1-M-N-R-V-Z1
APO AP 96218	Add C, F3, R	08/17/2017	A-B-C-F1-F3-R-U
APO AP 96260	Add C, F3, R	08/17/2017	A-B-C-F1-F3-R-U
FPO AP 96616	Add C2	08/17/2017	B-C2-F-F1-R-R1-V

We have eliminated “Not Active” entries from the table below to save space and paper.

RESTRICTIONS

LEGEND

PS Form 2976, *Customs — CN 22 (Old C 1) and Sender's Declaration* (green label)

PS Form 2976-A, *Customs Declaration and Dispatch Note*

PS Form 2976-B, *Priority Mail Express International Shipping Label and Customs Form*

ATF	= Bureau of Alcohol, Tobacco, Firearms, and Explosives
Box C	= Department of State (DOS) contractor personnel
Box R	= Retired military personnel
DPO	= Diplomatic Post Office
MPO	= Military Post Office
PACT	= Prevent All Cigarette Trafficking Act
PAL	= Parcel Airlift
PMEMS	= Priority Mail Express Military Service
PUB 52	= Publication 52, <i>Hazardous, Restricted, and Perishable Mail</i>
SAM	= Space Available Mail
USDA	= United States Department of Agriculture

Note: Mail order catalogs are prohibited as SAM or PAL mail.

A. Securities, currency, or precious metals, including in their raw, unmanufactured state, are prohibited. Official Mail shipments are exempt from this restriction.

A1. Reserved for future use.

A2. Reserved for future use.

B. Regardless of mail class, a customs declaration (PS Form 2976, PS Form 2976-A, or PS Form 2976-B) is required for all items weighing 16 ounces or more or any item (regardless of weight) containing potentially dutiable mail contents (e.g., merchandise or goods) addressed to or from this ZIP Code. All PMEMS mailpieces (regardless of mail contents or weight) addressed to or from this ZIP Code must bear a properly completed PS Form 2976-B. The surface area of the address side of the mailpiece must be large enough to contain the applicable customs declaration. The following exceptions apply:

- Known mailers are exempt from providing customs documentation on non-dutiable letters or printed matter, except for Priority Mail Express, which requires a customs form for all contents and weights. (A known mailer is a business mailer who enters volume mailings through a business mail entry unit (BMEU) or other bulk mail acceptance location, pays postage through an advance deposit account, uses a permit imprint for postage payment, and submits a completed postage statement at the time of entry that certifies that the mailpieces contain no dangerous materials that are prohibited by postal regulations.)
- All federal, state, and local government agencies whose mailings are regarded as "Official Mail" are exempt from providing customs documentation on any item addressed to an MPO except for those MPOs to which restriction "B2" applies and except for Priority Mail Express, which requires a customs form from all mailers.
- If mailpiece is endorsed "Contents for Official Use — Exempt from Customs Requirements."

B2. All federal, state, and local government agencies must complete customs documentation when sending potentially dutiable mail addressed to or from this MPO or DPO.

C. Cigarettes and other tobacco products, including tobacco leaves, chewing and pipe tobacco, snuff, and cigars are prohibited, including those that are authorized in Publication 52 under PACT.

C1. Obscene and horror articles, images, prints, paintings, cards, films, videotapes, comic books, etc., are prohibited.

C2. E-cigarettes and related products (e.g., nicotine liquids, e-liquids, parts, or supplies) are prohibited.

D. Coffee is prohibited.

E. Medicines (prescription, over-the-counter, vitamins, and supplements) are prohibited when mailed to individuals for human or animal use. This prohibition does not apply when medicines are sent as Official Mail only between specifically designated agencies such as pharmaceutical distributors, hospitals, clinics, and pharmacies.

E1. Mailers are responsible to ensure that all medicines and vaccines conform to host nation laws.

E2. Any matter depicting nude or seminude persons, pornographic, or sexual items are prohibited. Non-authorized political materials are prohibited. Religious materials contrary to the Islamic faith are prohibited in bulk quantities, but individual items for the personal use of the addressee are permissible.

E3. Radio transceivers, cordless/cellular telephones, global positioning systems, scanners, base stations, and handheld transmitters are prohibited.

F. Firearms of any type are prohibited, except firearms mailed to or by official U.S. government agencies. This restriction does not apply to firearms mailed from this MPO ZIP Code, provided ATF and USPS regulations are met. Antique firearms do not require an ATF form.

F1. Weapons of any type are prohibited.

F2. Mailing firearms to or from this MPO ZIP Code is restricted to one shotgun and one single shot .22 caliber rifle per individual.

F3. Replica weapons and inert explosive devices (such as grenades) and weapons parts are prohibited.

G. Parcels of any class are prohibited.

H. Meats, including preserved meats, bones, skin, hair, feathers, horns or hoofs of hoofed animals, and wool samples whether hermetically sealed or not, are prohibited.

H1. Pork or pork by-products are prohibited.

I. Reserved for future use.

I1. Reserved for future use.

I2. Reserved for future use.

I3. Mail of all classes must fit in a mail sack. Mail may not exceed the following dimensions:

- Maximum length 27 inches.
- Maximum width 14 inches.
- Maximum height 14 inches.

J. Standard Post and Parcel Select parcels may not exceed 108 inches in length and girth combined.

K. Reserved for future use.

L. All Official Mail is prohibited.

M. Fruits, vegetables, live animals, and live plants are prohibited.

N. Registered Mail service is prohibited.

O. Reserved for future use.

P. Official Mail only.

Q. Mail may not exceed 66 pounds, and size is limited to 42 inches maximum length and 72 inches maximum length and girth combined.

R. All alcoholic beverages, including those mailable under Publication 52, Part 421, are prohibited.

R1. Materials used in the production of alcoholic beverages (i.e., distilling material, hops, malts, yeast, etc.) are prohibited.

S. Synthetic cannabinoids used to stimulate the central nervous system commonly known as "synthetic marijuana," "K2," or "Spice" are prohibited.

T. Mailings of household shipments and case lots of food to or from an MPO require military transportation office approval prior to mailing. Mailings to or from a DPO require pre-approval from the Diplomatic Pouch and Mail Director.

U. Mail addressed to Retirees (Box R) is limited to 16 ounces and up to a 90-day supply of TRICARE medications. This restriction does not apply to mail endorsed "Free Matter for the Blind or Handicapped."

U1. Mail is limited to First-Class Mail items, including audio and video media, weighing 13 ounces or less. This limitation does not apply to Official Mail.

U2. Retirees (Box R) are not authorized mail service.

U3. Reserved for future use.

U4. Mail addressed to Box C is limited to 2 lbs.

V. PMEMS is not available.

V1. Electronic Delivery status information for Extra Services is not available on *USPS.com*. Manual record of delivery may be available upon request.

W. Hermetically sealed packages of meat products bearing USDA certification, such as dried beef, salami, and sausage, may be mailed. 200 grams of tobacco per parcel are permitted duty free.

X. Cremated remains are prohibited.

Y. Mail is limited to First-Class Mail and Priority Mail items only. This restriction also applies to Official Mail.

Z. No outside pieces (OSPs).

Z1. The following restriction is applicable only to International Service Centers (ISC)/Exchange Offices. An Anti-Pilferage Seal (Item No O817E or O818A) is required on all pouches and sacks.

The G Fund is managed internally by the Federal Retirement Thrift Investment Board. Assets of the F, C, S, and I Funds are managed externally. The Board currently has contracts with BlackRock Institutional Trust Company, N.A., to manage the F, C, S, and I Fund assets. The F, C, S, and I Funds invest in commingled trust funds, in which the assets of tax-deferred employee benefit plans are combined and invested together. The F, C, S, and I Funds and the BlackRock funds are passively managed index funds.

Future performance of the funds will vary and may be significantly different from the returns shown above. See the *Summary of the*

Thrift Savings Plan for detailed information about the funds and their investment risks. The monthly returns of the TSP Funds represent net earnings for the month after deduction of accrued administrative expenses and, except for the G Fund, after deduction of trading costs and accrued investment management fees as well. The returns for the four indexes shown do not include any of these deductions.

* Implemented May 2001.

See next page for L Funds.

Freely Associated States Restrictions

We list the mailing restrictions for Freely Associated States (FAS) in the Pull-Out section of the *Postal Bulletin*. All FAS Restrictions will be updated periodically.

Freely Associated States

Mail addressed to Freely Associated States is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The following FAS Restrictions table outlines these conditions as listed by each affected FAS ZIP Code™ through the use of footnoted mailing restrictions codes (see the [Restrictions](#) following the table). For additional information on available extra services for FAS destinations, see *Mailing Standards of the United States Postal Service, Domestic Mail Manual (DMM®)*, part 503.

Acceptance clerks must use the table with the RSS terminal to determine which FAS ZIP Codes are active and which conditions of mailing apply. Send inquiries to Randall Sobol at randall.f.sobol@usps.gov.

Freely Associated States

Notice of Change to Freely Associated States Restrictions

Effective August 17, 2017, the Postal Service™ is adding Restriction D to the “FAS Restrictions Table” for Freely Associated States at the request of the Postmaster General of the Marshall Islands Postal Service Authority, which prohibits the mailing of betel nut (*Areca catechu*) to Ebeye, MH 96970.

We are publishing Restriction D in the “FAS Restrictions Table” and “Restrictions Legend” in *Postal Bulletin 22474* (8-17-17) for “Freely Associated States Restrictions.” We are also updating the name of the terminal used by acceptance clerks and providing the current name of PS Form 2976, *Customs Declaration CN 22 – Sender’s Declaration* (see page [54](#)).

Information Security

Beware of Text Scams

In today’s digital age, hackers often rely on users to do their dirty work for them. Instead of exploiting a technical flaw in a security system, hackers more commonly trick users into clicking on a malicious link or attachment. In fact, only 3% of malware deployed by hackers targets a system’s technical weakness¹.

The current hacking method of choice uses people as the gateway for stealing sensitive information. In addition to email, hackers use other channels to contact victims:

- **Smishing.** Hackers send malicious text messages to your cell phone.
- **Vishing.** Hackers call you directly or leave a voice-mail.

Hackers also use the following methods to lure you into giving up personal information:

- Contact you using familiar details to gain your trust, such as your full name or personal contacts.

- Impersonate a familiar, credible organization, such as your bank or security software company.
- Appeal to your sense of fear, excitement, or urgency to command immediate attention (e.g., a prize announcement or request to confirm recent credit card charges).

If you believe a hacker has targeted you on your USPS® equipment, do not attempt to fix the situation yourself. Instead, report it immediately to the CyberSecurity Operations Center (CSOC) at cybersafe@usps.gov.

For more information on how to stay cybersafe, check out the *CyberSafe at USPS®* websites on *Blue* (blue.usps.gov/cyber/) and *LiteBlue* (liteblue.usps.gov/cyber/), or the public-facing website at uspscybersafe.com.

Stamp Services

Pictorial Postmarks Announcement

As a community service, the Postal Service™ offers pictorial postmarks to commemorate local events celebrated in communities throughout the nation. A list of events for which pictorial postmarks are authorized appears on the following pages. The sponsor of the pictorial postmark appears in italics under the date. Also provided are illustrations of these postmarks.

People attending these local events may obtain the postmark in person at the temporary Post Office™ station established there. Those who cannot attend the event but who wish to obtain the postmark may submit a mail order request. Pictorial postmarks are available only for the dates indicated, and requests must be postmarked no later than 30 days following the requested pictorial postmark date.

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail® postage. Items submitted for postmark may not include

postage issued after the date of the requested postmark. Such items will be returned unserved.

Customers wishing to obtain a postmark must affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: Pictorial Postmarks, followed by the Name of the Station, Address, City, State, ZIP+4® Code, as listed next to the postmark.

Customers can also send stamped envelopes and postcards without addresses for postmark, as long as they supply a larger envelope with adequate postage and their return address. After applying the pictorial postmark, the Postal Service returns the items (with or without addresses) under addressed protective cover.

The following pictorial postmarks have been extended for 60 days:

June 21, 2017
United States Postal Service
 Dawson Springs, KY Station
 Postmaster
 101 West Ramsey Street
 Dawson Springs, KY 42408-9998

July 20, 2017

How to Order the First-Day-of-Issue Digital Color or Traditional Postmarks

Customers have 60 days to obtain the first-day-of-issue postmarks by mail. Each cover must have sufficient postage to meet First-Class Mail[®] requirements. Customers may purchase new stamps at their local Post Office[™], by telephone at 800-782-6724, or at The Postal Store[®] website at usps.com/shop.

Digital Color Postmarks

Only select stamp issues offer a digital color postmark. Customers may submit #6 or #10 envelopes constructed of paper rated as "laser safe." The Postal Service[™] recommends envelopes of 80-pound Accent Opaque, acid-free, 9/16 inches side seams with no glue on the flap. The maximum size of all digital color postmarks is 2 inches high by 4 inches long. Allow sufficient space on the envelope to accommodate the postmark. Do not use self-adhesive labels for addresses on the envelope. Two test envelopes must be included. There is a minimum of 10 envelopes at 50 cents per postmark required at the time of servicing. Customers must submit a check, money order, or credit card for payment.

The Postal Service reserves the right to not accept hand-painted and other cachet envelopes that are not compatible with our digital color postmark equipment. The Postal Service also reserves the right to substitute traditional black rubber postmarks if use of nonspecified envelopes results in poor image quality or damage to equipment.

Customers must affix the stamps to the envelopes and address them to themselves or others for return through

the mail. Or, they may include an additional self-addressed return envelope, large enough to accommodate their canceled items, with sufficient postage affixed for return of their postmarked items. Address customer requests for digital color postmarks to:

FDOI – (Name of Stamp Issue)
USPS Stamp Fulfillment Services
8300 NE Underground Drive, Suite 300
Kansas City, MO 64144-9900

After applying the first-day-of-issue postmark, the Postal Service will return the envelopes to the customer by U.S. Mail[™].

Traditional Postmarks

Customers must affix the stamps to the envelopes and address them to themselves or others for return through the mail. Or, they may include an additional self-addressed return envelope, large enough to accommodate their canceled items, with sufficient postage affixed for return of their postmarked items. Address customer requests for traditional postmarks to:

FDOI – (Name of Stamp Issue)
USPS Stamp Fulfillment Services
8300 NE Underground Drive, Suite 300
Kansas City, MO 64144-9900

After applying the first-day-of-issue postmark, the Postal Service will return the envelopes to the customer by U.S. Mail. There is no charge for the first 50 postmarks. There is a 5-cent charge for each additional postmark over 50. Customers must submit a check, money order, or credit card for payment.
