Cover Story

National Dog Bite Prevention Week, April 14–20, 2019

Sponsored by the United States Postal Service®, National Dog Bite Prevention Week* is a public service campaign that offers safety tips and emphasizes the need for increased owner responsibility in the prevention of dog attacks.

From nips and bites to vicious attacks, aggressive dog behavior poses a serious threat to our employees. To emphasize the enormity of this issue, the Postal Service™ is reporting the number of dog attacks and bites together as the most prominent threat to carriers. Last year, 5,714 Postal Service employees were victimized by dogs.

The tools available in this kit and online will help promote the awareness of this public health concern in an effort to reduce the number of adverse interactions with our letter carriers in local communities. Be sure to contact the field communications professionals listed in this kit when promoting this initiative.

Dog Bite Prevention Background and Tips

The Victims

- Last year, many attacks reported by letter carriers came from dogs whose owners regularly used the phrase, “My dog won’t bite.”

How to Avoid Being Bitten

- Don’t run past a dog. The dog’s natural instinct is to chase people who run.
- If a dog threatens you, don’t scream. Avoid eye contact. Try to remain still until the dog leaves, and then back away slowly until the dog is out of sight.
- Don’t approach a strange dog, especially one that’s tethered or confined.
- While letter carriers are discouraged from petting animals, people who choose to pet dogs should always let a dog see and sniff them before petting the animal.
- If a dog is about to attack, try to place something between yourself and the dog, such as a satchel, backpack, or bicycle.

How to Be a Responsible Dog Owner

- Obedience training can teach dogs proper behavior and help owners control their dog in any situation.
- When a letter carrier comes to the home, keep dogs:
 - Inside the house or behind a fence,
 - Away from the door,
 - In another room, or
 - On a leash.
- Dogs can be protective of their territory and may interpret the actions of letter carriers as a threat. Take precautions when accepting mail in the presence of your pet.
- Dogs that haven’t been properly socialized, receive little attention or handling, or are left tied-up for long periods may become biters.

Dog Attack Prevention Tips for Mail Carriers — How to Help Prevent Dog Attacks

Make an effort *every day* to do the following:

1. Carry dog repellent.
2. Update dog warning cards, if necessary. The safety of your coworkers starts with you.
3. Take messages on your Mobile Delivery Device (MDD) seriously when you receive an alert about hazards, such as dogs, on your route.
4. Report any dog incidents on your route (e.g., close calls) to your supervisor. An “almost bite” today could be a “bite” tomorrow.

Remember these simple rules:

1. If approached by a dog, resist the impulse to scream and run away. Running will trigger a chase response.
2. Remain still, place your satchel between you and the dog, and avoid eye contact with the dog.
3. Once the dog has calmed down, back away. Do not turn your back on a dog because a fearful dog may unexpectedly bite.

Be aware of your surroundings to protect yourself:

1. Stay alert at all times:
 - a. Observe the area carefully.
 - b. Don't wear earbuds or Bluetooth devices that could affect your ability to hear what is going on around you.

- c. Be aware of common places dogs may hide (e.g., under parked cars, under hedges, or on porches).
 - d. Rattle the gate before entering a fenced-in yard.
2. If you encounter a dog:
 - a. Never assume that a dog won't bite, even if it has been friendly in the past. Any dog can bite.
 - b. Always keep your eye on the dog. Dogs are more likely to bite when you aren't looking.
 - c. Never startle a dog. If it is asleep, make some kind of non-startling noise, such as a soft whistling, or call its name if you know the dog. Do this before getting close to the dog to ensure time and space for an “out.” Never reach out and pet the dog.
 - d. Stand your ground. Turn and face the dog. Hold something in front of you, like your satchel, and back away slowly to ensure you don't stumble and fall. Never turn and run!
 - e. Keep at least one full can of dog repellent spray within reach at all times. If a dog attacks, use the repellent to protect yourself. Before going on your route, make sure your can has not expired.
3. Use these preventative measures:
 - a. No one likes a surprise. Fill out a Dog Warning Card for your route, so the information can be entered into the system and sent via MDD.
 - b. Notify your supervisor that there is an unresolved dog hazard that makes you fearful on the route.

Remember: Safety Depends on You!

Preventing Dog Attacks on Mail Carriers

(File photo, not Tameka Toliver)

Can you picture a member of your family attacking a mail carrier? Of course you couldn't, but it happened 5,714 times last year across the nation.

Dearborn, MI, Letter Carrier Tameka Toliver recalls being pinned on a porch by a dog that bit her above her knee. "It happened so fast, even with all my training, I barely had time to react," Toliver told co-workers at an event at the Dearborn Post Office. "I'm still scared when I get close to that house because I remember the attack so vividly. It takes a long time to get over the fear."

When a dog attacks a letter carrier, the dog owner could be held liable for all medical expenses, repayment of lost work hours, replacement of the uniform and other costs, which can run into thousands of dollars. The Postal Service makes the safety of its employees a top priority and dedicates a week each April to dog bite awareness.

Here are four simple tips to prevent dog bite injuries year round:

Door Delivery: If a carrier delivers mail or packages to your front door, place your dog in a separate room and close that door before opening the front door. Some dogs push through screen doors to attack visitors. Dog owners must keep the family pet secured. Never take mail directly from carriers in the presence of the family pet, as the dog may see this as a threatening gesture.

Electronic Fencing: Carriers may assume, if they see no physical fence around a property, that the property is animal-free. This can be a dangerous mistake. Postal Service officials request that you keep your dog restrained or inside when the mail is delivered. Although the electronic fence may keep your dog from wandering, it does not protect your carrier, who must enter your property to deliver the mail. Even homes with curbside mailboxes may have oversized packages or signature-needed items that require the carrier to approach a doorstep and cross the boundaries of the electronic fence. This poses a serious risk to carrier safety.

Dog in the Yard: Make sure your dog is properly restrained on a leash and away from where your mail carrier delivers the mail. If the carrier deems a residence unsafe because of an unrestrained dog, mail delivery service can be interrupted. When service is interrupted at an address or in a neighborhood, all parties involved will have to pick up mail at their local Post Office. Service will be restored once assurance has been given that the animal will be confined during regular delivery hours.

Tracking: Dog owners who have access to postal notification features, such as Informed Delivery (informedelivery.usps.com) for letter mail and package tracking, are urged to use these features to determine when the carrier is on their way and to ensure their dog has been properly restrained. Expecting a postal package delivery on Sunday? Postal officials urge dog owners to restrain their animals on Sundays as well, as more residences now receive deliveries throughout the weekend.

Letter to the Editor

Publication Name
Street Address
City, State and ZIP Code

Dear Editor,

Did anyone bite you at work today?

On average, nearly 15 mail carriers per day will say, "Yes."

Postal Service officials report that in 2018, 5,714 letter carriers experienced dog bites or dog attacks. With deliveries every day, including Sundays and holidays, carriers continue to experience dog bites in urban, suburban and rural settings.

Dog attacks and bites are 100 percent preventable when dog owners remain vigilant and properly restrain their dogs.

To ensure mail carriers' safety, dog owners must securely lock their dog in another room until a delivery exchange is done. If outside, dogs must be leashed at a distance from the mailbox.

When a carrier feels unsafe, mail service could be interrupted, not only for the dog owner, but for the entire neighborhood. When mail service is interrupted, mail must be picked up at the Post Office. Service will not be restored until the dog is properly restrained.

With your help, we can keep our carriers, your neighbors and your dogs safe. Thank you for protecting your pet and our mail carriers as we continue to bring packages and correspondence to your door each day.

Sincerely,

General Letters to Customers (English and Spanish)

Expressing Concern (English)

Dear Postal Customer:

Your letter carrier takes pride in delivering your mail promptly and efficiently. That means being able to approach your mailbox without interference from your pet.

Although your dog may not be known to bite or otherwise be dangerous to people, your carrier has expressed concern about its behavior. I believe you will agree this concern is understandable, since thousands of letter carriers receive bites or other physical harm from dogs each year. Many of these attacks result in serious injury.

This letter is to inform you that we are concerned your dog may have a tendency to attack, bite, or otherwise injure your letter carrier.

To continue providing uninterrupted mail delivery to you while protecting our letter carriers, the Postal Service requests your assistance. **Please confine your dog — either in the house or fenced outdoors on a leash — away from the path your carrier uses to deliver your mail.**

We appreciate your cooperation.

Expressing Concern (Spanish)

Apreciado Cliente Postal:

Su cartero se siente muy orgulloso de darle un servicio de entrega diario, con mucha rapidez y eficacia. Eso significa el tener un acceso sin interferencia de su mascota cuando su cartero se dirige hacia su buzón de correspondencia.

A pesar de que se desconoce si su perro(a) halla mordido a alguien o que represente peligro a otras personas, su cartero ha expresado una preocupación debido al comportamiento de su perro(a). Pensamos que usted entenderá esta preocupación ya que cada año miles de carteros han sido mordidos, o físicamente atacados por perros. Muchos de estos ataques han causado heridas serias.

Esta carta es para informarle a usted que estamos muy preocupados de que su perro(a) tenga la tendencia de atacar, morder, o herir a su cartero.

Para proveerle a usted un servicio sin interrupción, y a su vez proteger nuestros carteros, el Servicio Postal le pide cordialmente su ayuda. **Porfavor mantenga su perro asegurado — ya sea en su casa o detrás de la cerca con un collar que le impida la posibilidad de hacer daño a alguna persona — tambien manténgalo fuera de la ruta que su cartero utiliza para llevar su correspondencia.**

Apreciamos mucho su cooperación.

Compliance (English)

Dear Postal Customer:

Thank you for keeping your dog safely away from the letter carrier's path. Because dog owners like you accept responsibility for their pets, letter carriers and other service people are better able to work in your neighborhood.

May I express appreciation for your continuing cooperation on behalf of both your regular letter carrier, **[Name]**, and the substitute carriers who deliver your mail in **[Name's]** absence.

Sincerely,

Compliance (Spanish)

Apreciado Cliente Postal:

Muchas gracias por mantener su perro(a) asegurado y fuera de la ruta de entrega de su cartero. Debido a que hay dueños de perros como usted quienes aceptan la responsabilidad de sus mascotas, su cartero y otros servidores públicos pueden trabajar mas ameno en su vecindario o comunidad.

Queremos agradecerle su continua cooperación de parte de su cartero, **[Nombre]**, y de otros carteros quienes hacen entrega de su cartas cuanto **[Nombre's]** esta ausente.

Sinceramente,

What do dogs love? The great outdoors. But when your mail carrier arrives, make sure your dog is properly restrained or...better yet...moved inside. Last year, 5,714 letter carriers suffered a dog bite or attack. Our priority at the United States Postal Service is providing first-class service *and* keeping our carriers safe. But we can't do it alone.

The letter carriers at your local Post Office deliver every day. And if you are a dog owner, we need you to deliver for us, too. Keep your dog on that leash or away from the door, so your letter carrier can deliver safely to your mailbox, today and every day. This is a public service message from **[Name]** at the United States Postal Service.

Postmaster Outreach Speech to Students

Dog Attack Prevention Speech for School Children — grades K-2

[Make the presentation light and fun. Even though this is a serious subject, children will respond to a friendly and approachable adult.]

Good morning boys and girls.

My name is **[Name]** and I'm your postmaster. **[Tell the children what a postmaster is/does.]**

I am here today because I have a message from Postal Pup! **[Open a letter in an envelope with this message.]**

Postal Pup needs your help!

I am going to read you a message from Postal Pup:

Hello Kids! Postal Pup here!

Your mail carrier loves delivering your mail but sometimes your dogs don't love the mail carrier. Some mail carriers have to go to the hospital because of dogs in the neighborhood and that's no fun, right? As dogs, we love our human families, but when we see the mail carrier, we can get overprotective.

If you are in your yard and the mail carrier wants to hand you a letter, what does that look like to you? **[Reach to a child and hand them a "letter" — wait for excited response.]**

I know it seems fun, but your dog doesn't know if you are having fun. If your dog doesn't know you're having fun, he might bite the mail carrier. Ouch! You must let your mail carrier place the mail in your mail box.

Our job as dogs is to protect each and every one of you, the ones we love. Sometimes when we are overprotective, we bite the mail carrier to protect you. Some days, we are tired, cranky, or hungry and we get into a bad mood — just like our human families.

A lot of mail carriers are being bitten by dogs each year, and I need your help to make sure your mail carrier is safe. The best way to keep your mail carrier safe is to make sure your dog is away from the door when the mail carrier comes to deliver the mail.

If you go outside, make sure your dog doesn't get out. Always close the door behind you when you leave the house. If you are outside with your dog, make sure your dog is away from the mail carrier and on a leash so the mail carrier cannot get hurt. Always be kind to your dog and all dogs.

Here are some safety tips you can take home and please go over what we spoke about today with your family. **Last but not least, as a way to remember this safety talk — sing it with me:**
When you see your mail carrier every day, make sure your dog is put away.

Thank you for letting me speak to you today. Have a great and safe rest of the year!

Coloring Page for Students

Postmasters can use the coloring page as a fun, informative way to raise awareness about dog bite safety. Children can bring their artwork home to their parents for discussion. Also, postmasters can collect artwork to display in the lobby or on the workroom floor for carrier encouragement.

How will you keep your carrier safe?

Glossary

Curtailed Mail: The non-delivery of mail to a customer in cases where the premises are hazardous (e.g., an unrestrained dog).

City Carrier: An employee who cases, delivers, and collects all mail classes along a city route by walking or driving to residences and businesses within an area authorized for city delivery service.

City Carrier Assistant (CCA): A non-career employee who alternates for regular City Carriers.

Customer Service Supervisor: Supervisor who oversees the sorting and delivery of incoming and outgoing mail and parcels at local Post Offices.

Dog Owner's Responsibility: It is the dog owner's responsibility to control the dog. Most communities have ordinances for the control of dogs.

Dog Warning Card: Card that alerts your CCA/RCA or Carrier Substitute that a dog is at the address.

Dog Repellent: Dog repellent is to be used on any dog that attacks. The repellent consists of 0.35 percent oleoresin capsicum (extract of cayenne pepper) and 99.65 percent mineral oil, propelled by an inert gas contained in an aerosol spray can.

Employee Health and Safety: An online application for reporting accidents and injuries and managing claims for postal employees.

Job Safety Analysis: A procedure that reviews a specific task to uncover hazards or accident-producing situations.

Mailbag: See Satchel.

Mobile Delivery Devices (MDDs): A device letter carriers use to scan packages to confirm delivery. MDDs include a feature that allows carriers to indicate the presence of a dog at an individual address. This is especially helpful to substitutes who fill in for letter carriers on their days off.

Non-delivery of Mail Policy: Collection and delivery service personnel are to report the name and address of the customer where such interference occurs to the postmaster or authorized supervisor, who must immediately telephone the customer (if possible) and request that the animal be confined during the usual delivery hours in the neighborhood. The postmaster or authorized supervisor must further inform the customer that:

- No deliveries will be made until this is done, and
- Service will be restored upon assurance that the animal will be confined.

Officer in Charge (OIC): A career employee appointed temporarily to fill a postmaster vacancy during which the accountability of postmaster is transferred to that employee.

Package Pickup: Available on usps.com, customers can let the organization know if a dog is present at the customer's address. USPS® will send the information to letter carriers' MDDs.

Parcel: Mail that does not meet the mail processing category of letter-size mail or flat-size mail. It is usually a package or an item enclosed in a mailing container such as a carton.

Postmaster: The manager in charge of a Post Office™.

Postmaster General: The chief executive officer of USPS, who is named by and serves at the pleasure of the Board of Governors. As a member of the Board, this officer appoints the Deputy Postmaster General jointly with the Board.

Rehabilitation Assignment: An assignment into which the Postal Service places an injured employee when the employee's doctor notifies the Postal Service that the employee still has medical restrictions that prohibit the employee from returning to his or her job.

Rural Carrier: An employee assigned to case, deliver, and collect mail using a vehicle along a rural route and to provide most services available at a small Post Office.

Rural Carrier Associate (RCA): A non-career bargaining unit employee assigned as a leave replacement on rural routes during the absence of the regular rural carriers.

Satchel: A general term the pouch carriers use to carry mail. Sometimes used informally to describe a carrier's mailbag. As of 2002, many carriers prefer the traditional single satchel, which offers better protection from charging dogs.

Warning Letter: Letter to alert dog owner(s) to the possible loss of mail delivery if they do not restrain their pets.

DMM Revision: New Mailing Standards for Mailpieces Containing Liquids

Effective March 28, 2019, the Postal Service™ is revising *Mailing Standards of the United States Postal Service, Domestic Mail Manual (DMM®)*, section 601.3.4, to clarify mailing standards for packaging and marking mailpieces containing nonhazardous liquids.

On July 9, 2018, the Postal Service published a *Federal Register* proposed rule (83 FR 31712-31713), titled “New Mailing Standards for Mailpieces Containing Liquids.” In this proposed rule, the Postal Service announced its intent to revise DMM 601.3.4 relating to mailpieces containing nonhazardous liquids, and to similarly revise Publication 52, *Hazardous, Restricted, and Perishable Mail*, to align with the wording and requirements in DMM 601.3.4.

Following feedback received on its proposed rule, on March 18, 2019, the Postal Service published a final rule (84 FR 9716-9719), also titled “New Mailing Standards for Mailpieces Containing Liquids.” In the final rule or planned revision, the Postal Service moved forward with the proposed clarification wording and incorporated additional changes that mailers suggested during the comment period for the proposed revision. Specifically, the Postal Service will remove ambiguity in the meaning of “breakable container” as defined in the rule, in addition to clarifying packaging requirements for those containers.

The Postal Service expects these revisions to improve compliance by reducing confusion about the definition and rule—consequently limiting the frequency of noncompliant mailers.

Also, for convenience and simplicity, in addition to including wording and rules in Publication 52 similar to those in revised section 601.3.4, the Postal Service will consolidate requirements for packaging liquids from Publication 52 into revised section 601.3.4, adding a reference to Publication 52, section 226, regarding requiring package orientation markings for mailing liquids and other spillable materials.

In its July 9, 2018, proposed rule, the Postal Service stated that mailpieces containing liquids are often not marked on the outer mailing container as required in DMM 601.3.4. In these cases, the Postal Service often finds that leaking mailpieces contain plastic primary receptacles. Mailers frequently related that they do not consider plastic primary receptacles to be breakable, and, therefore, do not

cushion primary receptacles with absorbent material and include secondary containers as specified in DMM 601.3.4.

The proposed rule consisted of two components:

1. Clarification of existing language that specified packaging and markings for mailpieces containing liquids.
2. A proposal to extend the requirement to triple-package breakable primary containers with volumes of 4 ounces or less.

Current mailing standards require triple packaging only for breakable primary containers over 4 ounces.

The Postal Service received 20 responses to the July 9, 2018, published proposed rule, with some responders providing multiple comments. Some commenters supported the proposed revision, and some opposed it. Commenters included trade groups representing shippers of hazardous materials, individual mailers, mailer organizations, pharmaceutical mailers, technical and professional service providers, and Postal Service employees.

As a result of concerns that commenters voiced to the proposed rule, the Postal Service will not move forward at this time with its proposal to require triple-packaging of breakable primary containers with a volume of 4 ounces or less. The Postal Service will continue to monitor the frequency and impact of spills originating from these smaller containers, and determine at a future date revised mailing standards relating to smaller containers of liquids.

Although the Postal Service will not publish these revisions in the DMM until June 23, 2019, the standards are effective immediately.

3.4 Liquids

[Revise 3.4 to read as follows:]

Mailers must mark the outer container of a mailpiece containing liquid to indicate the nature of the contents (i.e., liquid), and include orientation arrows in accordance with Publication 52, section 226. Mailers must package and mail liquids according to the following requirements:

- a. Use screw-on caps (with a minimum of one and one-half turns), soldering, clips, or similar means to close primary containers containing liquids. Do not use containers with friction-top closures (push-down tops) except as provided in 3.4c. The use of locking rings or similar devices are encouraged when mailing containers with friction-top closures (push-down tops).
- b. Liquids in steel pails and drums with positive closures, such as locking rings or recessed spouts under screw-cap closures, may be mailed without additional packaging.
- c. Breakable containers including, but not limited to, those made of glass, plastic, porcelain, and earthenware, and metal containers with pull-tabs (pop-tops) or friction-top closures, having a capacity of more

than 4 fluid ounces must be triple-packaged according to the following requirements:

1. Cushion the primary container(s) with absorbent material capable of absorbing all of the liquid in the container(s) in case of breakage;
2. Place the primary container inside another sealed, leakproof container (secondary container), such as a watertight can or plastic bag; and
3. Use a strong and securely sealed outer mailing container durable enough to protect the contents and withstand normal processing in Postal Service networks.
- d. As an alternative to 3.4c, mailers may use containers certified under the International Safe Transit Association (ISTA) Test Procedure 3A. Mailers must, upon request, provide written test results verifying that sample mailpieces passed each test outlined in the standard and that no liquids were released.

Publication 52 Revision: Updates to Mailing Standards for Hazardous, Restricted, and Perishable Materials

Effective March 28, 2019, the Postal Service™ is revising Publication 52, *Hazardous, Restricted, and Perishable Mail*, to provide minor changes to mailing standards, enhance clarity, update terminology, and correct erroneous references and omissions.

Effective October 1, 2018, the minimum age for purchasing cigarettes and other tobacco products in the District of Columbia changed from age 18 to age 21. In addition, Hawaii, California, New Jersey, Maine, and Oregon require purchasers of tobacco to be age 21 or older, and Alaska, Alabama, and Utah require purchasers to be age 19 or older. The Postal Service will revise Exhibit 472.25 to reflect the change to the minimum age in the District of Columbia. Postal Service employees must be aware of these requirements and ensure that the sender and recipient meet the required minimum age as specified in Publication 52.

On June 1, 2015, the Occupational Safety and Health Administration (OSHA) updated the Hazard Communications Standard to require a new uniform format for Safety Data Sheets (SDS) (formerly known as Material Safety Data Sheets or MSDS). To reflect the new terminology, the Postal Service will perform a global change throughout Publication 52 to replace the term “Material Safety Data Sheet” with the term “Safety Data Sheet,” and replace “MSDS” with “SDS.” The Postal Service will also add the term “SDS” to the index, and revise Appendix D to include the new OSHA definition.

The Postal Service is aware that lighters fueled by butane and flammable liquids are now used for various purposes. As a result, the Postal Service will replace the term “cigarette lighter” with “lighter” in various sections of Publication 52. With this change, the Postal Service will also update various other references and add clarifying revisions relating to lighters.

In response to requests from mailers of eCigarette nicotine solutions, pesticides, and other nonregulated toxic materials, the Postal Service will relax its current section 346.232 restriction of a single primary receptacle for mailings of some nonregulated toxic materials. The Postal Service will now permit multiple primary receptacles, provided the aggregate quantity of toxic materials are within the specified limits. The Postal Service also updates the references in 346.232 to align with those of the Department of Transportation (DOT), and clarifies the requirement for triple-packaging of liquid nonregulated toxic materials when an aggregate quantity exceeds 4 ounces in a single mailpiece.

To align its dangerous mail protocols with those of other federal agencies, in 2013, the United States Postal Inspection Service® requested that the Postal Service revise Exhibit 347.22, Activity Limits for Mailable Instruments, Articles, and Limited Quantity Radioactive Materials, to align with those permitted by DOT. This revision was made on October 31, 2013. The Postal Service will now revise section 347.2, section 622.3, and Packaging Instruction 7A to specify that the activity limits provided in Exhibit 347.22 apply only to domestic mailings, and that international mailings are restricted to one-tenth of the activity limits provided in Exhibit 347.22.

In response to several recent spills of metallic mercury in its networks, the Postal Service will revise section 348.22g to clarify that UN3506, Mercury *contained in manufactured articles*, does not include thermometers, barometers, and similar devices containing metallic mercury, and that devices containing enough mercury to be seen with the naked eye are generally nonmailable.

Effective March 28, 2019, the Postal Service will revise *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®), section 601.3.4, to provide clarified mailing standards for the packaging and markings for mailpieces containing nonhazardous liquids. On July 9, 2018, the Postal Service published a *Federal Register* proposed rule (83 FR 31712-31713) relating to its intent to revise mailing standards for nonhazardous liquids, then a *Federal Register* final rule (84 FR 9716-9719) titled “New Mailing Standards for Mailpieces Containing Liquids.” In the final rule, the Postal Service stated that it will revise DMM 601.3.4 relating to mailpieces containing nonhazardous liquids, and similarly revise Publication 52 to align with DMM 601.3.4. These Publication 52 revisions are provided as part of this general update.

The Postal Service will make various revisions to Appendix A to direct readers to section 348.22 for specified acidic materials not restricted to the general 15 percent concentration level limit applicable to most acidic materials. The Postal Service will also revise Appendix A to specify that certain Class 9 materials do not qualify for air transportation as consumer commodity materials, and to correct the mailing standards to specify that UN3164, Articles, pressurized pneumatic, or hydraulic *containing nonflammable gas*, are under Packaging Instruction 2B instead of 2A.

Other minor revisions in this update include:

- Revising section 325.1, Nonmailable Warning Labels, to add clarity.

- Revising section 335 to clarify that ORM-D markings are prohibited in Postal Service air networks and international mail.
- Revising section 337, Excepted Quantity, to add clarity.
- Revising 343.23, Nonmailable Flammable and Combustible Liquids, to specify acetone, benzene, and hexane are generally nonmailable.
- Revising the definition of oral and inhalation toxicity to align with those used by DOT.
- Adding clarifying language to section 453.35, Drug Paraphernalia.
- Revising the Appendix B listing for UN2796, Sulfuric Acid *with not more than 51 percent acid*, to reflect the alternate shipping name "Battery Fluid, acid."

The Postal Service will make various revisions to Appendix A to provide clarity, update language, correct erroneous references, and to better align the information with 49 CFR 172.101, Table of Hazardous Materials. Because of the complexity of the changes, these revisions will be made at a later date.

Missing, Lost, or Stolen Canadian Money Order Forms

Do Not Cash — Upon Receipt, Notify Local Postal Inspectors

Provide this listing to all Postal Service™ employees responsible for accepting and cashing postal money orders. Destroy all interim notices when the numbers listed appear in the *Postal Bulletin*. The new money order serial

numbers consist of the first 9 digits. The tenth digit is a check digit only.

Do not cash outdated money orders **104 151 601 to 692 600 000**. Advise holders to send invalid money orders to Canada Post Corporation, Ottawa, Canada K1A 0B1. Check for altered dollar amounts by holding money orders to the light.

Verifying U.S. Postal Service Money Orders

Follow these steps to cash a Postal Service™ money order:

1. Check that the amount does not exceed the legal limit: \$1,000 for domestic, and \$700 for international Postal Service money orders.
2. Check that the proper security features are present:
 - When held to the light, a watermark of Benjamin Franklin is repeated from top to bottom on the left side.
 - When held to the light, a dark line (security thread) runs from top to bottom with the word “USPS” repeated.
 - When there is discoloration around the dollar amounts, this might indicate the amounts were changed.

These appear in Postal Service Notice 299, *U.S. Postal Money Order Reference Card*, or online at usps.com/shop/money-orders.htm.

3. If the money order seems suspicious, call the U.S. Postal Service Money Order Verification System at 866-459-7822.

Provide this information to local banks and retailers, as they also receive Postal Service money orders for cashing.

Other Information

Overseas Military/Diplomatic Mail

Mail addressed to military and diplomatic post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The APO/FPO/DPO table outlines these conditions by APO/FPO/DPO ZIP Codes™ through the use of footnoted mailing restrictions codes (see the [Restrictions](#) page following the table).

Acceptance clerks must use the table with the Retail System Software terminal to determine which APO/FPO/DPO ZIP Codes are active and which conditions of mailing apply. Send inquiries to the Military Postal Service Agency at amps.usps.gov/jy2/frm.htm.

A2. Reserved for future use.

B. Other than for PMEMS and the exceptions listed below, a customs declaration PS Form 2976 or PS Form 2976-A is required for all items weighing 16 ounces or more, and for all items (regardless of weight) containing potentially dutiable mail contents (e.g., merchandise or goods) addressed to or from this ZIP Code. Other than the exceptions listed below, all PMEMS mailpieces (regardless of mail contents or weight) addressed to or from this ZIP Code must bear a properly completed PS Form 2976-B. The surface area of the address side of the mailpiece must be large enough to contain the applicable customs declaration. The following exceptions apply to known mailers, who for this purpose are defined as follows:

- Business mailers who enter volume mailings through business mail entry units or other bulk mail acceptance locations, pay postage through advance deposit accounts, use permit imprints for postage payment, and submit completed postage statements at the time of entry that certify that the mailpieces contain no dangerous materials that are prohibited by postal regulations. Such business mailers are exempt from providing customs documentation on non-dutiable letters and printed matter.
- All federal, state, and local government agencies whose mailings are regarded as "Official Mail." Such agencies are exempt from providing customs documentation, except for any items addressed to an MPO or DPO to which restriction "B2" applies.

B2. All federal, state, and local government agencies must complete customs documentation when sending potentially dutiable mail addressed to or from this MPO or DPO.

The G Fund is managed internally by the Federal Retirement Thrift Investment Board. Assets of the F, C, S, and I Funds are managed externally. The Board currently has contracts with BlackRock Institutional Trust Company, N.A., to manage the F, C, S, and I Fund assets. The F, C, S, and I Funds invest in commingled trust funds, in which the assets of tax-deferred employee benefit plans are combined and invested together. The F, C, S, and I Funds and the BlackRock funds are passively managed index funds.

Future performance of the funds will vary and may be significantly different from the returns shown above. See the *Summary of the Thrift Savings Plan* for detailed information about the funds and their investment risks. The monthly returns of the TSP Funds represent net earnings for the month after deduction of accrued administrative expenses and, except for the G Fund, after deduction of trading costs and accrued investment management fees as well. The returns for the four indexes shown do not include any of these deductions.

* Implemented May 2001.

Freely Associated States Restrictions

We list the mailing restrictions for Freely Associated States (FAS) in the Pull-Out section of the *Postal Bulletin*. All FAS Restrictions will be updated periodically.

Freely Associated States

Mail addressed to freely associated states is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The following FAS Restrictions table outlines these conditions as listed by each affected FAS ZIP Code™ through the use of footnoted mailing restrictions codes (see the [Restrictions](#) following the table). For more information on available extra services for FAS destinations, see *Mailing Standards of the United States Postal Service, Domestic Mail Manual (DMM®)*, part 503.

Acceptance clerks must use the table with the Retail System Software terminal to determine which FAS ZIP Codes are active and which conditions of mailing apply. Send inquiries to Randall Sobol at randall.f.sobol@usps.gov.

Publication 52 Revision (continued)

2. A nonregulated toxic liquid having an LD₅₀ of 500 to 2,500 mg/kg is permitted in an aggregate quantity of 32 fluid ounces in glass or other breakable primary receptacles, or in an aggregate quantity of up to 1 gallon in non-breakable primary receptacles.

3. A nonregulated toxic liquid having an LD₅₀ of 2,500 to 5,000 mg/kg is permitted in an aggregate quantity of 1 gallon in glass or other breakable primary receptacles, or in an aggregate quantity of up to 2 gallons in non-breakable primary receptacles.

* * * * *

[Revise 346.232a(5) to read as follows:]

5. External markings specifying the contents and shipping papers are not required for nonregulated toxic liquids. Primary receptacles containing nonregulated toxic liquids having an LD₅₀ of 5000 mg/kg or less must be triple packaged (as specified in 451.3a and DMM 601.3.4) when the aggregate quantity of liquid exceeds 4 ounces in a single mailpiece.

- b. *Solids*. Restrictions are as follows:

* * * * *

[Revise 346.232b(2) to read as follows:]

2. Packaging requirements for a nonregulated toxic solid are the same as those for Division 6.1 toxic substance (see Packaging Instruction 6A in Appendix C), except that a single mailpiece may contain an aggregate quantity of up to 5 pounds.

* * * * *

347.2 Mailability

* * * * *

[Add a new fourth sentence to item a. to read as follows:]

- a. *International Mail*. ***Mailable radioactive materials may not have an activity content that exceeds one-tenth of the limits in Exhibit 347.22.

* * * * *

[Revise the third sentence of item c. to read as follows:]

- c. *Domestic Mail via Surface Transportation*. ***Mailable radioactive materials may not have an activity content that exceeds the limits in Exhibit 347.22, and must be one of the following materials (proper shipping names and UN identification numbers in 49 CFR 172.101):

* * * * *

348 Corrosives (Hazard Class 8)

* * * * *

348.21 Nonmailable Corrosives

* * * * *

[Revise item e. to read as follows:]

- e. Mercury (UN2809), and devices containing metallic mercury, such as thermometers, barometers, and sphygmomanometers (i.e., blood pressure meters).

348.22 Mailable Corrosives

* * * * *

[Revise item g. to read as follows:]

- g. *Manufactured devices that contain small amounts of mercury* (UN3506). Compact Fluorescent Lamps (CFL) and similar consumer devices containing minute amounts of mercury are mailable by air or surface only when each device, article, or apparatus contains 100 milligrams (mg) (0.0035 ounce) or less of mercury (less than a grain of salt) and each mailpiece contains no more than 1 gram (g) (0.035 ounce) of mercury. Mercury contained in devices categorized under UN3506 typically exists in a vaporized state — no metallic mercury will be visible in UN3506 devices. 451.3 Packaging and Marking

[Revise item a. to read as follows:]

- a. *Liquids.* Nonhazardous liquids, creams, and pastes, particularly those in 1-gallon paint cans with only friction-top closures (push-down tops), are often a source of damage to other mail and postal equipment. The proper packaging of liquids is critical to ensuring the integrity of the mailpiece during handling. Mailers must mark the outer container of a mailpiece containing liquid to indicate the nature of the contents, and include orientation arrows in accordance with 226. All liquids are subject to the general packaging requirements in DMM 601.3.4 and the following:

2. The use of locking rings or similar devices is encouraged when mailing containers with friction-top closures (push-down tops).

* * * *

[Revise renumbered 451.3a(4) to read as follows:]

4. All nonmetal containers of liquid more than 4 ounces, including plastic containers, and metal containers with friction top closures, must be triple-packaged, and include absorbent material capable of absorbing all of the liquid in the container(s) in case of breakage, a leakproof secondary container, such as a watertight can or plastic bag surrounding the primary container(s), and an outer mailing container that is securely sealed, strong enough to protect the contents, and durable enough to withstand normal processing in Postal Service networks.

* * * *

[Add new 451.3a(6) to read as follows:]

6. As an alternative to 451.3a(4) above, mailers may use containers certified by the International Safe Transit Association (ISTA) to have passed ISTA's Test Procedure 3A. Mailers must, upon request, provide written test results verifying that sample mailpieces passed each test outlined in the standard and that no liquids were released.

Rigid means unable to bend or be forced out of shape; not flexible. A rigid outer shipping container or rigid packaging is generally interpreted to mean a fiberboard (cardboard) box or outer packaging of equivalent strength, durability and rigidity.

Safety Data Sheet (SDS) is a document that details the physical characteristics and health hazards of a chemical or hazardous product. In 29 CFR 1910.1200(g), OSHA

requires chemical manufacturers, distributors, and importers to provide SDSs to communicate the hazards of hazardous chemicals they produce or import, and provide copies to their customers. OSHA also requires that employers have an SDS on hand for each hazardous chemical present in their workplace. For postal purposes, the information on an SDS can be useful in determining the mailability of a hazardous material.

Equipment Maintenance Allowance Schedule for Rural Routes

Rural Carriers

In accordance with the provisions of Article 9, section 2.J.3 of Handbook EL-902, *Agreement Between the United States Postal Service and the National Rural Letter Carriers' Association*, effective March 30, 2019 (pay period 08-19), the equipment maintenance allowance (EMA) will decrease to 70.0 cents per mile. The EMA is 70.0 cents per mile or a minimum of \$28.00 per day, whichever is greater.

Auxiliary Rural Carriers, Rural Carrier Reliefs, Rural Carrier Associates, Rural Carrier Part-Time Flexibles, and Auxiliary Assistance

Employees providing auxiliary assistance or serving auxiliary routes under the provisions of Article 9, section 2.J.5, receive an EMA of 70.0 cents per mile or \$7.60 per hour, whichever is greater. This EMA must not exceed the amount provided in the special equipment maintenance allowance for the route stops and miles.

EMA Rate Schedule

The EMA rate schedule on pages [52](#) and [53](#) supersedes all previously published EMA schedules for employees receiving EMA.

Equal Employment Opportunity Policy Statement

Effective March 14, 2019, the Postal Service™ reissued its Memorandum of Policy (MOP) HR-03-14-2019-1, *Equal Employment Opportunity Policy Statement* (see page [55](#)).

In accordance with the Equal Employment Opportunity Commission’s Management Directive 715, the policy will be updated annually and prominently posted in the following locations:

- All personnel offices;
- Equal Employment Opportunity (EEO) offices;
- On the agency’s internal website; and
- Throughout the workplace.

This policy reaffirms the Postal Service’s commitment to equality of opportunity in every aspect of employment and supersedes MOP HR-03-29-2018.

The reissued *Equal Employment Opportunity Policy Statement* is available on the Postal Service PolicyNet website:

- Go to blue.usps.gov.
- In the left-hand column under “Essential Links,” click *PolicyNet*.
- Go to the right-hand side under “Published Forms and Directives.”

Equal Employment Opportunity Policy Statement

MEGAN J. BRENNAN
POSTMASTER GENERAL, CEO

March 14, 2019

Equal Employment Opportunity Policy Statement

The United States Postal Service® (Postal Service™) reaffirms its long-standing commitment to equality of opportunity in every aspect of employment. Equal employment opportunity (EEO) is not only a legal requirement under our nation's laws, but also a business imperative. EEO is a critical component of the Postal Service's efforts to recruit, develop, and retain the most qualified, diverse workforce to support our organization's strategic mission of delivering to every household in America.

It is the policy of the Postal Service that all employees and applicants for employment be afforded equal opportunities in employment without regard to race, color, sex (including pregnancy, sexual orientation, and gender identity, including transgender status), national origin, religion, age (40 or over), genetic information, disability, or retaliation for engaging in an EEO-protected activity. As part of its program of equal employment opportunity, the Postal Service prohibits discrimination or harassment based on any of these categories. In addition, it is also the policy of the Postal Service to prohibit discrimination or harassment based on marital status; status as a parent; and past, present, or future military service. All employees must refrain from practicing or tolerating discrimination or harassment.

Employees found to have taken actions that violate this policy and our country's EEO laws may be subject to corrective action up to and including removal from the Postal Service.

All of us, executives, managers, supervisors, and employees, share in the responsibility for successfully incorporating the Postal Service's policy on equal employment opportunity in every aspect of our duties and complying with this country's EEO laws.

Postal Service Policy on Workplace Harassment

Effective March 14, 2019, the Postal Service™ reissued its Memorandum of Policy (MOP) HR-03-14-2019-2, *Postal Service Policy on Workplace Harassment* (see pages [57](#) and [58](#)).

This policy:

- Reaffirms the Postal Service’s commitment to providing a work environment free of harassment.
- Reflects the replacement of the Centralized Intake System for initiating requests for Equal Employment Opportunity (EEO) counseling with the online efile application. The revision describes the primary and alternative process to initiate EEO counseling on the online EEO efile application.
- Supersedes MOP HR-03-16-2017-2, *Postal Service Policy on Workplace Harassment*.

The reissued *Postal Service Policy on Workplace Harassment* is available on the Postal Service PolicyNet website:

- Go to blue.usps.gov.
- In the left-hand column under “Essential Links,” click *PolicyNet*.
- Go to the right-hand side under “Published Forms and Directives.”
- Click *Memorandums of Policy*.

Postal Service Policy on Workplace Harassment (page 1 of 2)

MEGAN J. BRENNAN
POSTMASTER GENERAL, CEO

March 14, 2019

Postal Service's Policy on Workplace Harassment

The United States Postal Service® (Postal Service™) is committed to providing a work environment free of harassment based upon race, color, religion, sex (including pregnancy, sexual orientation, and gender identity including transgender status), national origin, age (40 or over), mental or physical disability, genetic information, uniformed (military) service, or in reprisal for an employee's or applicant's complaint about, or opposition to, discrimination or participation in any process or proceeding designed to remedy discrimination. The Postal Service's workplace must be one in which all employees are treated with dignity and respect by supervisors, subordinates, and coworkers. Supervisors and managers will take prompt action to prevent, address, and remedy workplace conduct that is contrary to this policy.

Prohibited Activities

Harassment is unwelcome verbal or physical conduct, which is so severe or pervasive that it interferes with or changes the conditions of one's employment by creating a hostile, intimidating, or abusive working environment. Examples may include, but are not limited to, making offensive or derogatory comments or engaging in physically threatening, intimidating, or humiliating behavior based upon race, color, religion, sex (including pregnancy, sexual orientation, and gender identity including transgender status), national origin, age (40 or over), mental or physical disability, genetic information, past, present, or future uniformed (military) service, or in reprisal for an employee's or applicant's complaint about or opposition to discrimination or participation in any process or proceeding designed to remedy discrimination. These activities are prohibited by the Postal Service's policy and may amount to harassment in violation of federal anti-discrimination laws. Violation of this policy may result in disciplinary action up to and including termination. The Postal Service is committed to providing its employees a safe, productive, and inclusive workplace and will tolerate nothing less.

Sexual harassment is defined as unwelcome sexual advances, requests for sexual favors or other verbal or physical conduct of a sexual nature such as, but not limited to: making or threatening to make employment decisions based on an employee's submission to, or rejection of, sexual advances or requests for sexual favors; deliberate or repeated unsolicited remarks with a sexual connotation or physical contact of a sexual nature that is unwelcome to the recipient; or behavior that creates a sustained hostile or abusive work environment so severe or pervasive that it unreasonably interferes with or changes the conditions of one's employment.

Although not every instance of inappropriate behavior may fit the legal definition of harassment, such behavior in the workplace undermines morale and violates the Postal Service's standards of conduct. Disciplinary action may result even if the conduct does not constitute harassment under the law.

Management Responsibility

All managers and supervisors are responsible for preventing harassment and inappropriate behavior that could lead to illegal harassment, and must respond promptly when they learn of any such conduct. Any manager or supervisor who receives a complaint must see that a prompt and thorough investigation is conducted. Investigations of all forms of harassment must be done in accordance with the "Initial Management Inquiry Process (IMIP)." Materials are available in Publication 552, *Manager's Guide to Understanding, Investigating, and Preventing Harassment*. When harassment or inappropriate conduct is found, managers must take prompt and effective corrective action.

Employees' Rights and Responsibilities

Postal Service employees who believe that they are the victims of harassment prohibited under this policy (i.e., harassment based on race, color, religion, sex (including pregnancy, sexual orientation, and gender identity including transgender status), national origin, age (40 or over), mental or physical disability, genetic information, uniformed (military) service, or in reprisal for an employee's or applicant's complaint about or opposition to discrimination or participation in any process or proceeding designed to remedy discrimination) or who have witnessed such harassment or inappropriate conduct, should bring the situation to the attention of a supervisor, a manager, or the manager of Human Resources. Refer to Publication 553, *Employee's Guide to Understanding, Preventing, and Reporting Harassment* for further information. In accordance with this policy, supervisors, managers, managers of Human Resources, or the next higher level manager (HQ and HQ-field units) are responsible for ensuring that direct and prompt action is taken to investigate and, where appropriate, remedy such misconduct when brought to their attention. The Postal Service will protect the confidentiality of harassment complainants to the fullest extent possible.

Employment discrimination or reprisal for engaging in an Equal Employment Opportunity (EEO)-protected activity is prohibited. Employees may request pre-complaint counseling through the online Postal Service EEO efile application at <https://efile.usps.com> or in writing by providing their name, Social Security or employee identification number, address, and telephone number to: National EEO Investigative Services Office—EEO Contact Center, Post Office Box 21979, Tampa, FL 33622-1979. In addition, bargaining unit employees may seek relief through the relevant grievance-arbitration procedures, and if applicable, non-bargaining unit employees may use the grievance procedures described in Section 652.4, *Employee and Labor Relations Manual*.

Allegations involving any possible criminal misconduct should, at a minimum, be reported to law enforcement authorities as follows: any physical misconduct relating to workplace harassment (i.e., any physical assault, threat of a physical assault, or stalking) should be reported to the United States Postal Inspection Service (USPIS); use of any electronic device, computer, or Internet to transmit threatening or harassing communications, obscene or indecent images and materials, should be reported to the Office of Inspector General (OIG).

Reprisal against employees who raise a claim of harassment, report inappropriate conduct, or provide evidence in any investigation is illegal and can result in disciplinary action, and should be referred to the USPIS or OIG as appropriate.

The Postal Service does not tolerate any type of harassment, inappropriate conduct, or reprisal in the workplace.

Information Security

Tax Talk: Avoid Scams and File Securely

Tax season is well underway. The filing deadline of April 15, 2019, is fast approaching and cyber criminals are doing everything they can to take full advantage of the opportunity.

These five tips can help ensure that you file securely and don't fall prey to tax scams:

- **File early.** Criminals can file fraudulent tax returns using your stolen personal information. One of the best defenses is to file before they have the chance.
- **Think before you click.** Beware of emails, text messages, and social media posts that claim to be from the IRS and contain links or attachments. Cybercriminals may use these to install malware onto your computer to steal your information.
- **Set strong passphrases.** If you file your taxes online, use a strong passphrase to protect your information (see blue.usps.gov/cyber/password-safety.htm).

- **Use secure networks.** Criminals can use public Wi-Fi or weak networks to intercept your information. When filing taxes, use a secure, password-protected network.
- **Beware of phony calls.** The IRS will never ask for credit or debit card information, demand immediate payment, or threaten legal action in a cold call.

If you believe you have been a fraud victim, report it to the IRS at irs.gov/individuals/how-do-you-report-suspected-tax-fraud-activity.

Report any suspicious activity on USPS® systems, networks, or equipment to the CyberSecurity Operations Center at CyberSafe@usps.gov or call 866-877-7247.

For more information on how to report suspected threats, visit the CyberSafe at USPS® websites on *Blue* (blue.usps.gov/cyber/) and *LiteBlue* (liteblue.usps.gov/cyber/), or the external website at uspscybersafe.com.

Stamp Announcement 19-16: Transcontinental Railroad Stamps

©2019 USPS

On May 10, 2019, in Promontory Summit, UT, the U.S. Postal Service® will issue the *Transcontinental Railroad* stamps (Forever® priced at the First-Class Mail® rate) in three designs, in a pressure-sensitive adhesive pane of 18 stamps (Item 570400). The stamps will go on sale nationwide May 10, 2019, and must not be sold or canceled before the first-day-of-issue. **The *Transcontinental Railroad* pane of 18 stamps may not be split and the stamps may not be sold individually.**

Three new stamps in a pane of 18 mark the 150th anniversary of the completion of the transcontinental railroad, a massive engineering feat that reduced travel time across the country from as much as 6 months to about 1 week and made the American West an integral part of the nation. Two different stamps feature the Jupiter and the No. 119 locomotives that powered the trains carrying the officers and guests of two train companies to the “Golden Spike Ceremony,” which was held when the two rail lines were joined at Promontory Summit in Utah.

A third stamp portrays the famous golden spike that was a prominent part of the ceremony. Each of the stamps and the header feature gold-foiled highlights that produce a glimmering effect. Art director Greg Breeding designed the issuance. Michael J. Deas painted the Jupiter and No. 119 stamps. Kevin Cantrell illustrated the stamp depicting the ceremonial golden spike and did the border treatments and typography for all three stamps.

Availability to Post Offices: Item 570400, Transcontinental Railroad (Forever Priced at the First-Class Mail Rate) Commemorative Pane of 18 Stamps

Stamp Fulfillment Services will make an automatic push distribution to Post Offices of a quantity to cover approximately 30 days of sales. Distribution quantities for the automatic push distribution will be available by logging on to SFS Web at sfsweb.usps.gov. Post Offices may begin ordering stamps on the first-day-of-issue through SFS Web; offices must also check the amount they will receive in their automatic push distribution.

How to Order the First-Day-of-Issue Postmark

Customers have 120 days to obtain the first-day-of-issue postmark by mail. They may purchase new stamps at their local Post Office™ or at The Postal Store® website at usps.com/shop. They must affix the stamps to envelopes of their choice, address the envelopes (to themselves or others), and place them in a larger envelope addressed to:

FDI – Transcontinental Railroad Stamps
USPS Stamp Fulfillment Services
8300 NE Underground Drive, Suite 300
Kansas City, MO 64144-9900

After applying the first-day-of-issue postmark, the Postal Service™ will return the envelopes through the mail. There is no charge for the postmark up to a quantity of 50. There is a 5-cent charge for each additional postmark over 50. All orders must be postmarked by September 10, 2019.

How to Order First-Day Covers

The Postal Service also offers first-day covers for new stamp issues and Postal Service stationery items postmarked with the official first-day-of-issue cancellation. Each item has an individual catalog number and is offered in the *USA Philatelic* publication and online at usps.com/shop. Customers may register to receive a free *USA Philatelic* publication online at usps.com/philatelic.

Locally produced items are not authorized. Only merchandise that has been approved and assigned an item number by Headquarters Retail Marketing may be produced and sold.

Pictorial Postmarks Announcement

As a community service, the Postal Service™ offers pictorial postmarks to commemorate local events celebrated in communities throughout the nation. A list of events for which pictorial postmarks are authorized appears on the following pages. The sponsor of the pictorial postmark appears in italics under the date. Also provided are illustrations of these postmarks.

People attending these local events may obtain the postmark in person at the temporary Post Office™ station established there. Those who cannot attend the event but who wish to obtain the postmark may submit a mail order request. Pictorial postmarks are available only for the dates indicated, and *requests must be postmarked no later than 30 days following the requested pictorial postmark date.*

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail® postage. Items submitted for postmark may not include

postage issued after the date of the requested postmark. Such items will be returned unserved.

Customers wishing to obtain a postmark must affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: Pictorial Postmarks, followed by the Name of the Station, Address, City, State, ZIP+4® Code, as listed next to the postmark.

Customers can also send stamped envelopes and postcards without addresses for postmark, as long as they supply a larger envelope with adequate postage and their return address. After applying the pictorial postmark, the Postal Service returns the items (with or without addresses) under addressed protective cover.

The following pictorial postmarks are not extended, but grouped together since the artwork and date are the same.

How to Order the First-Day-of-Issue Digital Color or Traditional Postmarks

Customers have 120 days to obtain the first-day-of-issue postmarks by mail. Each cover must have sufficient postage to meet First-Class Mail® requirements. Customers may purchase new stamps at their local Post Office™, by phone at 800-782-6724, or on The Postal Store® website at usps.com/shop.

Digital Color Postmarks

Only select stamp issues offer a digital color postmark. Customers may submit #6 or #10 envelopes constructed of paper rated as "laser safe." The Postal Service™ recommends envelopes of 80-pound Accent Opaque, acid-free, 9/16-inch side seams with no glue on the flap. The maximum size of all digital color postmarks is 2 inches high by 4 inches long. Allow sufficient space on the envelope to accommodate the postmark. Do not use self-adhesive labels for addresses on the envelope. Two test envelopes must be included. There is a minimum of 10 envelopes at 50 cents per postmark required at the time of servicing. Customers must submit a check, money order, or credit card for payment.

The Postal Service reserves the right to not accept hand-painted and other cachet envelopes that are not compatible with our digital color postmark equipment. The Postal Service also reserves the right to substitute traditional black rubber postmarks if use of nonspecified envelopes results in poor image quality or damage to equipment.

Customers must affix the stamps to the envelopes and address them to themselves or others for return through the mail. Or, they may include an additional self-addressed return envelope, large enough to accommodate their canceled items, with sufficient postage affixed for return of

their postmarked items. Address customer requests for digital color postmarks to:

FDOI – (Name of Stamp Issue)
USPS Stamp Fulfillment Services
8300 NE Underground Drive, Suite 300
Kansas City, MO 64144-9900

After applying the first-day-of-issue postmark, the Postal Service will return the envelopes to the customer by U.S. Mail®.

Traditional Postmarks

Customers must affix the stamps to the envelopes and address them to themselves or others for return through the mail. Or, they may include an additional self-addressed return envelope, large enough to accommodate their canceled items, with sufficient postage affixed for return of their postmarked items. Address customer requests for traditional postmarks to:

FDOI – (Name of Stamp Issue)
USPS Stamp Fulfillment Services
8300 NE Underground Drive, Suite 300
Kansas City, MO 64144-9900

After applying the first-day-of-issue postmark, the Postal Service will return the envelopes to the customer by U.S. Mail™. There is no charge for the first 50 postmarks. There is a 5-cent charge for each additional postmark over 50. Customers must submit a check, money order, or credit card for payment.

Locally produced items are not authorized. Only merchandise that has been approved and assigned an item number by Headquarters Retail Marketing may be produced and sold.
