Background

The 2020 primary season is here and the Postal Service™ is preparing for the November 2020 general election. In addition to the Presidential election, there will be numerous congressional, gubernatorial, state, and local races. Thus, proper handling of Election Mail and Political Mail is critical.

Concerns have been raised about how long it takes for Election Mail and Political Mail to reach voters. The Postal Service takes these concerns very seriously. Coast to coast, plans are in place to ensure the timely receipt, processing, and delivery of Election Mail and Political Mail.

Generally, citizens use one of the following methods to cast their votes:

- In person at a traditional polling place via electronic or paper ballot on or before Election Day, or
- Through the mail via an absentee paper ballot

Although most votes are cast at traditional polling places, voting by mail is increasing in popularity across broad segments of the American electorate, and the Coronavirus (COVID-19) pandemic has accelerated this trend. Since March 2020, several states have taken legislative, executive, and administrative action to delay or cancel elections, as well as expanding access to absentee voting and other forms of voting by mail. In the 2018 midterm election, 25 percent of voters cast ballots by mail, and more voters are expected to do so during the 2020 election cycle in light of the recent changes related to COVID-19.

In late May 2020, a letter was mailed to Election Officials to remind them of several topics addressed in the 2020 Election Mail Kit (distributed in early March and in this *Postal Bulletin*), and to highlight some of the key aspects of Postal Service delivery processes.

Key Dates

- The primary and caucus season began February 3 in Iowa and will continue through August.
- Congressional run-off elections were scheduled throughout the summer.
- The general election will be held on November 3.

  - All 435 House seats and 6 non-voting seats representing American territories and the District of Columbia.

Election Mail and Political Mail Overview

What is Election Mail?

Election Mail is any item mailed to or from authorized election officials that enables citizens to participate in the voting process, such as balloting materials, voter registration cards, absentee applications, and polling place notifications.

What is Political Mail?

Political Mail includes Political Campaign Mail and Political Message Mail.

- *Political Campaign Mail* is any material mailed at First-Class Mail® or USPS Marketing Mail® prices for political campaign purposes by a registered political candidate, a campaign committee (federal, state, or local), or a committee of a political party (e.g., Democratic National Committee or Republican Congressional Campaign Committee) to promote political candidates, referendums, or political campaigns.
- *Political Message Mail* is any material mailed at First-Class Mail or USPS Marketing Mail prices by a political action committee (PAC), super-PAC, or other organization engaging in campaign activity, issue advocacy, or voter mobilization.

Political Mail may be sent for any public election — partisan or nonpartisan — for which there is a ballot. Political Mail is identified using red Tag 57, *Political Campaign Mailing.*

Election and Political Mail Project Plan

The Postal Service 2020 Election and Political Mail Project Plan coordinates strategy with key organizational priorities. The plan objectives are to:

- Educate and inform the public on proper mail handling, key dates, and operational guidelines for Election Mail and Political Mail.
- Reinforce the message that the Postal Service takes its job of delivering ballots and other Election Mail and Political Mail very seriously.
- Ensure the correct use of Tag 57, *Political Campaign Mailing.* Political Message Mail (mailings from certain groups about issue advocacy or voter mobilization) and Political Campaign Mail (mailings from certain groups or individuals related to a candidate, campaign, or referendum) both require the use of Tag 57.
- Ensure the correct use of Tag 191, *Domestic and International Ballots.* Postal Service employees must

correctly identify and process this mail according to the appropriate level of service. Tag 191 may not be used for sample ballots.

- Ensure the correct use of the Official Election Mail logo. It may be used on all Election Mail, including ballots.
- Inform election officials that ballots will be delivered according to USPS® service standards. Educate the officials on service standards so they can ensure ballots are mailed and returned by the deadline.
- Ensure Postal Service employees know that they must always promptly and efficiently handle Election Mail or Political Mail with equal care and attention.

Key Messages

Mail is an increasingly important part of U.S. elections. Throughout the 2020 election cycle, it's important to keep the following in mind:

- The Postal Service is committed to fulfilling its role in the electoral process for those public policy makers who chose to use our organization as a part of their election system. The Postal Service will ensure the dependable and timely delivery of Election Mail and Political Mail.
- The Postal Service takes pride in the popularity of U.S. Mail as an efficient and effective means for citizens to participate in the voting process.
- Customers can trust the Postal Service to deliver their mailed ballots in a timely manner.
- The Postal Service offers a state-by-state outreach program to ensure election boards, political candidates, and mailers are aware of the appropriate procedures and important deadlines to help ensure the proper processing and delivery of Election Mail and Political Mail.
- The Postal Service expects to handle millions of ballots this election cycle — proof that mail is a dependable and protected way to cast a vote.
- Voter communication ensures that ballots have sufficient time to be processed, delivered, and counted.
- The Postal Service suggests that election officials provide voters with guidelines for returning marked ballots with mailing timelines in the balloting materials packet to ensure timely delivery. Return by mail dates are based on state and local laws, but the Postal Service recommends the following:
  - Domestic non-military voters are advised to mail ballots at least 1 week before the due date to account for any unforeseen events or weather issues.
  - Military personnel serving overseas, such as Army Post Office/Fleet Post Office (APO/FPO) voters, must follow the return by mail date for their location (see *fvap.gov/eo/overview*).

Key Voter Message — Mailed Return Ballots

Customers who opt to vote through U.S. Mail service must understand their local jurisdiction's requirements for timely submission of absentee ballots, including postmarking requirements. Voters must contact their local election officials for questions about local deadlines. The Postal Service recommends that voters mail their ballots at least 1 week before the due date to account for any unforeseen events or weather issues.

Key Election Official Message — Ballots

Customers are encouraged to work closely with local Postal Service Election Mail coordinators to determine delivery times for mailings. The Postal Service recommends the use of First-Class Mail for all official Election Mail. For coordinator contact information, visit *about.usps.com/gov-services/election-mail/political-mail-map.htm*.

Election Mail

Absentee Ballots

An absentee ballot, in most cases, is the printed ballot marked by an absent voter, sealed in a special envelope, and returned to election officials in person or through the mail.

Each election cycle presents a different set of parameters for ballot creation and for the size and weight of the return mailpiece. As a result, many voters do not know the correct amount of postage required to return their ballots by mail. Election officials must consult with a Postal Service Business Mail Entry manager, mailpiece design analyst, or election/political mail coordinator to determine the proper postage required for mailing ballots to voters and for voters mailing ballots back to election officials.

Election officials are required to indicate in a prominent location the proper amount of First-Class Mail postage that must be applied to balloting materials for any election, whether sent in hard copy or electronic formats. An exception may apply in certain circumstances for balloting materials for military and overseas voters or where postage is prepaid. See *Mailing Standards of the United States Postal Service,* Domestic Mail Manual (DMM®), section 703.8.1, to learn more about the postage marking requirements.

Absentee and Early Voting

As reported by the National Conference of State Legislatures (NCSL), most states have a method for eligible voters to cast ballots before Election Day, either during the early voting period or by requesting an absentee ballot. However, several states require a reason to request an absentee ballot.

Some states provide early in-person voting. The other two methods are:

1. **Absentee Voting.** All states will mail an absentee ballot to qualified voters who request one. It is up to the individual state if a reason is required to vote absentee.

2. **Mail Voting.** In a handful of states, a ballot is automatically mailed to every eligible voter (no request or application is necessary). In-person voting sites may also be available. Other states may permit the all-mail option for specific types of elections.

For more information, visit *ncsl.org/research/elections-and-campaigns/absentee-and-early-voting.aspx*.

Vote-By-Mail

According to the NCSL, several states have provisions allowing certain elections to be conducted entirely by mail. For these elections, all registered voters receive a ballot in the mail. Typically, the voter marks the ballot, puts it in a secrecy envelope or sleeve, places it into a separate mailing envelope, signs an affidavit on the exterior of the mailing envelope, and returns the envelope via mail or by dropping it off at a designated site.

Ballots are mailed in advance of Election Day so voters have an "election period" instead of a single day to vote. All-mail elections, known as Vote-By-Mail elections can be seen as absentee voting for everyone.

Five states, including Oregon (2000), Washington (2011), Colorado (2013), Hawaii (2019), and Utah (2020), hold Vote-By-Mail elections. Voters return marked ballots by mail or at a drop-off location, and in some cases, vote in person at voter centers.

Some states have opted to conduct Vote-By-Mail elections for an increasing number of contests in 2020, in response to the COVID-19 pandemic.

Generally, states begin providing Vote-By-Mail elections only in certain circumstances, and then add opportunities for voting by mail as citizens become familiar with procedures. For more information, visit *ncsl.org/research/elections-and-campaigns/all-mail-elections.aspx*.

Military — APO/FPO/DPO

Key Messages

Even in times of war, the Postal Service has delivered the most fundamental symbol of democracy — a ballot. As the election season progresses, emphasize the following key messages:

- The Postal Service is honored to provide the brave men and women serving abroad in the military with the opportunity to vote.
- Any American voter living overseas can mail his or her completed ballot back to the United States free of charge at the nearest American embassy, consulate, or Diplomatic Post Office (DPO). under the Uniformed and Overseas Citizens Absentee Voting Act (UOCAVA). UOCAVA is a federal law that provides uniformed and overseas citizens the ability to register and vote absentee in elections for Federal offices.
- If an overseas voter has authorized access to a military base, he or she can mail a ballot free of charge at the nearest Army Post Office (APO) or Fleet Post Office (FPO).
- For the 2020 general election, special procedures for APO/FPO/DPO absentee ballots are in effect between September 1 and November 30. During this time, the Postal Service will provide special handling for dispatch via the International Service Centers (ISCs).
- The Postal Service recommends military voters visit *fvap.gov/eo/overview* for return ballot mailing dates.
- The Postal Service is temporarily suspending international mail acceptance for certain destinations due to service impacts related to the COVID-19 pandemic. However, unless otherwise noted, service suspensions to a particular country do not affect delivery of military and diplomatic mail. For the latest information, please visit *about.usps.com/newsroom/service-alerts/international/welcome.htm*.

APO/FPO/DPO Outbound Absentee Ballots

The Postal Service and the Military Postal Service collaborate to provide special handling of absentee ballots to absent uniformed services voters with UOCAVA-authorized APO/FPO/DPO addresses. The Postal Service is committed to ensuring that everyone who votes by mail experiences an efficient process.

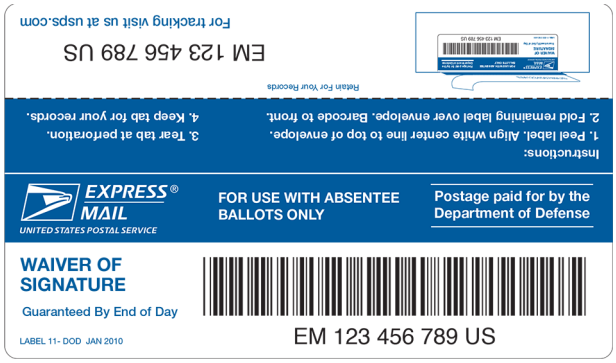
Here is a summary of special procedures for APO/FPO/DPO absentee ballots only:

- Election officials must mail absentee ballots at least 45 days before the November 3 election.
- Local election offices must segregate military absentee ballots to the Chicago ISC and the Miami ISC gateways. At ISCs, absentee ballots receive special handling, including accelerated sortation, special tray identification, and priority transportation.
- APO/FPO absentee ballots will be sent from local Post Office™ locations to the nearest Processing and Distribution Center for further handling. Postal Service employees may identify trays or containers of absentee ballot mail using Tag 191, *Domestic and International Ballots,* and present them to the Post Office facility.

APO/FPO/DPO Returning Absentee Ballots

Absent overseas uniformed services voters with UOCAVA-authorized APO/FPO/DPO addresses can return absentee ballots via Priority Mail Express® using Label 11-DOD, *DOD Express Mail Label Absentee Ballot.* The label includes "Waiver of Signature" and "Guaranteed by End of Day" endorsements, so ballots can be delivered the day they arrive at the destination Post Office.

Label 11-DOD



Familiarize yourself with the following operational guidelines for Label 11-DOD:

- The Military Postal Service distributes Label 11-DOD overseas.
- The Priority Mail Express ballot label is only for voted absentee ballots mailed from Military Post Office (MPO) facilities overseas.
- Voters may use the label on any size ballot envelope and must always affix it in the upper right corner.
- Voters keep part of the label to use the tracking number to track their ballots.
- At ISCs, absentee ballots receive special handling including accelerated sortation, special tray identification, and priority transportation.
- Overseas U.S. military and authorized UOCAVA civilian citizens must return their absentee ballots via APO/FPO/DPO locations.
- The ballots arrive by international transportation at one of the Postal Service gateway offices for Customs clearance and initial processing at select designated offices.
- At these facilities, the mail is processed by postal automation equipment in an initial domestic sort for distribution throughout the United States.

Service Type Identifiers and Improved Mailpiece Visibility

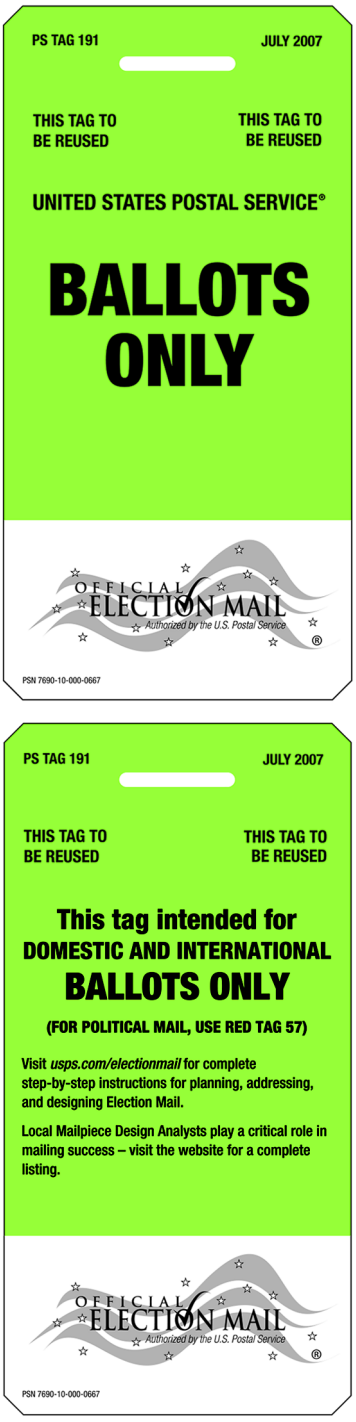
The Postal Service provides customized Service Type Identifiers (STIDs) specifically for ballots to improve ballot mail visibility. These STIDs have proven instrumental in identifying and tracking ballots on hand and in the mailstream. In addition, STIDs have increased the visibility of outbound/returning ballot mail within the automation environment, and have enhanced passive identification and tracking of ballot mail.

When Political Mail STIDs are used as part of an Intelligent Mail® barcode (IMb®), the associated Political Mailpiece scan data is available via Informed Visibility® (IV®) reports. To learn more about Ballot STIDs, see *http://postalpro.usps.com/mailing/service-type-identifiers*

Election and Political Mail Map

The interactive Election and Political Mail map provides election officials with contact information for election and political mail coordinators. The interactive map includes Business Mail Entry Unit addresses and phone numbers, and a ZIP Code™ lookup feature to streamline the resource identification process. To view the Election and Political Mail map, see *about.usps.com/gov-services/election-mail*.

Tag 191



Tag 191

Tag 191, *Domestic and International Ballots,* is a green container tag used by election officials to identify trays and sacks of ballot mail destined for either domestic or international addresses. The tag (shown left) provides greater visibility to ballot mail during Postal Service handling. Election officials can order Tag 191 online at *usps.com/electionmail* and have it mailed directly to local election officials.

Business Reply Mail and Qualified Business Reply Mail

Business Reply Mail® (BRM) and Qualified Business Reply Mail™ (QBRM™) are First-Class Mail services that enable election officials to pay the return postage (including a per piece fee) for the ballots returned to election offices.

The mailpieces that election mail officials distribute must conform to a specific format, including use of a unique ZIP+4® code assigned by the Postal Service. Proofs for QBRM must be approved by the Postal Service and bear an IMb. QBRM applies only to automation-compatible cards and letter-size mail weighing no more than 2 ounces. For more information on BRM and QBRM, see *Mailing Standards of the United States Postal Service,* Domestic Mail Manual (DMM®) 505.1.1 and 1.6 as well as Quick Service Guide 505 at *pe.usps.com/cpim/ftp/manuals/dmm300/dmmtoc.pdf*.

Informed Delivery

Informed Delivery® is a secure, free feature that provides eligible residential consumers with a digital preview of their incoming mail and packages. Users can view grayscale images of the exterior address side of automation-processed, letter-sized mailpieces via email, smartphone app, or an online dashboard. The Postal Service does not open mail or packages to scan the enclosed content as part of Informed Delivery service.

A digital preview of the exterior of Election Mail offers benefits to both election officials and voters. Election officials are able to increase voter interaction with their mail and generate faster response rates. On the other hand, voters have a more convenient and secure “vote at home” experience because they can see when their Election Mail will arrive. Learn more about Informed Delivery at *usps.com/business/informed-delivery.htm*.

Political Mail

Political Mail includes Political Campaign Mail and Political Message Mail. The Postal Service recommends marking Political Mail with red Tag 57, *Political Campaign Mailing.*

Objectives

In preparation for higher Political Campaign Mail volume for the election cycle this year, the following actions must take place at every postal facility:

- Ensure the correct use of Tag 57, *Political Campaign Mailing,* for all Political Mail.
- Ensure Postal Service employees know that they must always promptly and efficiently process and deliver Political Mail. Mail entry personnel must ensure that all qualifying mail is documented as Political Mail.

Key Messages

Millions will use the mail to campaign and vote for their chosen candidate this year. It's also important to note:

- The U.S. Mail remains a secure, efficient, and effective means for citizens and campaigns to participate in the electoral process. The Postal Service considers the dependable and timely delivery of Political Mail promoting candidates and social causes to be essential to the success of the political mailing season.
- The best campaign is a multi-channel campaign. For candidates, Political Mail can help them reach constituents directly.
- Mail can reach 100 percent of targeted voters.
- Mail prompts action, often through other channels.
- Mail has been tested and is proven effective.

For more information, visit *usps.com/business/political-mail.htm*.

Political Mail Tools

Political Mail grew 58 percent from 2014 to 2018. You can use these resources to prepare for continued growth in 2020:

- The Political Mail website (see *deliverthewin.com*) provides information on key contacts and other valuable resources, and serves as an online platform to promote direct mail through the following materials:
  - Educational articles,
  - White papers,
  - Case studies, and
  - Videos.
- Connections to digital content, such as augmented reality, emphasize the link between digital and hard copy content as a means to extend and increase the effectiveness of political messaging. Augmented reality mailpieces promote campaign messages in a way that engages voters.
- Postal Service webinars highlight key political industry topics.
- The Postal Service has sponsorship agreements with the American Association of Political Consultants and Campaigns and Elections to help promote the use of mail early and often in the political arena. Activities include:
  - Attending events and co-sponsored webinars,
  - Advertising and white paper development and placement, and
  - Direct meetings with political operatives.

Tag 57

Tag 57, *Political Campaign Mailing,* is a red container tag used to identify Political Mail while it's in the mailstream. Tag 57 can be used in the following ways:

- In a Political Campaign Mailing by a registered political candidate, campaign committee, and committee of a political party; or
- In a Political Message Mailing by a PAC, super-PAC, or other organization engaging in issue advocacy or voter mobilization.

According to the *Postal Operations Manual,* a *registered political candidate or party* is defined as an individual or organization recognized by the appropriate government election control authority (national, state, or local).

Service Type Identifiers and Improved Mailpiece Visibility

3. **What is Vote-By-Mail?**

   Vote-By-Mail refers to elections conducted entirely by mail. A ballot is automatically mailed to every registered voter in advance of Election Day. There are usually multiple ways and locations for voters to return marked mail ballots.

4. **What is Absentee Voting?**

   Absentee voting refers to votes cast by persons who are not present at their polling place on Election Day. All states will mail an absentee ballot to qualified voters who request one. The voter must typically return the ballot by mail or in person. It is up to the individual state to decide whether or not a reason is required to vote absentee.

5. **What are Absentee Ballots?**

   An absentee ballot is a ballot used by a voter who is unable to be present at the polls on Election Day. The absentee ballot is completed and typically mailed in advance of an election.

6. **What is the projected number of ballots the Postal Service will deliver for this year's elections?**

   According to the 2018 Election Administration and Voting Survey (EAVS), 42.4 million mail ballots (not including ballots sent to and from UOCAVA voters) were sent by the Postal Service for the 2018 midterm election. Approximately 71.6 percent of these ballots were returned by voters, and the Postal Service anticipates even more ballots will be sent and returned using the mail this year.

7. **In the 2018 midterm election, how many ballots were delivered to troops around the world?**

   The Military Postal Service Agency postmarked and dispatched 13,686 voted absentee ballots from military voters to election offices using Priority Mail Express Military Service between September 1, 2018, and December 10, 2018. The average transit time of ballots to election offices was 5.9 days. APOs and FPOs received 3,648 ballots (21 percent) that were Undeliverable as Addressed (UAA) from election offices, with 2,312 redirected to current addresses and 1,336 returned to sender. The 21 percent rate of UAA ballots represents a decline of 12 percentage points from the 2014 election.

8. **Is the Postal Service ready for the increased mail volume of Election Mail and Political Mail?**

   Yes. The Postal Service is confident in its ability to offer dependable and timely delivery of Election Mail and Political Mail.

9. **What is the Hatch Act?**

   The Hatch Act (5 U.S.C. §§ 7321–7326) limits certain political activities for most executive branch employees. For example, the law prohibits employees from engaging in political activity while on duty or in the Federal workplace. The Hatch Act also prohibits executive branch employees from soliciting or receiving political contributions. Employees who violate the Hatch Act are subject to a range of disciplinary actions, including the following:

   - Removal from federal service,
   - Reduction in grade,

- Debarment from federal employment for a period not to exceed 5 years, and
- Suspension, reprimand, or a civil penalty not to exceed $1,000.

10. How does the Hatch Act affect the Postal Service and its employees?

The Postal Service is non-political, which means the organization cannot and does not support any political party or affiliation over another. The continued effectiveness of this organization depends on delivering all political mailings without giving the perception that the views of one candidate, political party, or political viewpoint are endorsed over another.

It is the responsibility of all Postal Service employees to know and obey Hatch Act restrictions. This means that employees may not display political buttons while on Postal Service property or place bumper stickers on a Postal Service vehicle that indicate a preference for a specific candidate, party, or political position. Employees are also urged not to participate in any political discussions where customers are present.

This brief summary does not address all of the Hatch Act prohibitions. For more information about the Hatch Act:

- Visit the Ethics page on *Blue* at *blue.usps.gov/uspslaw/Ethics.htm*,
- Contact the HQ Ethics helpline at 202-268-6346, or
- Send an email message to "Ethics Help" (internal email) or *ethics.help@usps.gov*.

11. Do the return ballots need to be postmarked by a certain date?

That varies on a state-by-state basis. Some states will accept a postmarked ballot after Election Day in certain circumstances. Other states require a valid postmark for the ballot to be counted. Visit your state's election website for specific information.

12. Do the return ballots need to be postmarked even if there is a meter?

Yes. It is Postal Service policy to cancel all ballots within our collection mailstream, including return ballots paid for with metered postage. Consistent with our policy, ballots are postmarked in every state, which helps to ensure that return ballots are postmarked for states that require it.

ELM Revision: Value Increase in Recognition and Awards Reportable Noncash Items

Effective September 30, 2020, the Postal Service™ will revise the *Employee and Labor Relations Manual* (ELM), section 490, to reflect an increase in the dollar amount of the value that must be reported for noncash tangible items employees receive as recognition and awards. The reporting requirement for noncash tangible items valued at less than $75 has increased to $100.

Management must continue to track all noncash tangible items valued at less than $100 that employees receive in a calendar year as an award. If the aggregate total of all noncash tangible items valued at less than $100 that an employee receives in a calendar year meets or exceeds $100, the total amount must be reported in eAwards under the appropriate noncash tangible award type for the employee category and reason for the award.

Although the Postal Service will not publish these revisions in the ELM until September 30, 2020, the standards are effective immediately.

However, management must track all noncash tangible items valued at less than $100 received by an employee during the calendar year. If the aggregate total of all noncash tangible items valued at less than $100 received by an employee in a calendar year meets or exceeds $100, the total amount must be reported in eAwards under the appropriate noncash tangible award type for the employee category and reason for the award.

However, any of the preceding items valued at $100 or more, or any certificate that can be exchanged or redeemed for a ticket or tickets to an event at the time and place of the recipient's choice, regardless of value, are considered gift certificates and must be reported in eAwards under the appropriate noncash award type (see 491.34).

Individual noncash tangible items valued at $100 or more are always considered taxable income, and should be reported in eAwards in the same pay period in which they are received under the appropriate noncash award type for the employee category and reason for the award. ***

Verifying U.S. Postal Service Money Orders

Follow these steps to cash a Postal Service™ money order:

1. Check that the amount does not exceed the legal limit: $1,000 for domestic, and $700 for international Postal Service money orders.
2. Check that the proper security features are present:
   - When held to the light, a watermark of Benjamin Franklin is repeated from top to bottom on the left side.
   - When held to the light, a dark line (security thread) runs from top to bottom with the word “USPS” repeated.
   - When there is discoloration around the dollar amounts, this might indicate the amounts were changed.

   These appear in Postal Service Notice 299, *U.S. Postal Money Order Reference Card,* or online at *usps.com/shop/money-orders.htm*.
3. If the money order seems suspicious, call the U.S. Postal Service Money Ordxxer Verification System at 866-459-7822.

Provide this information to local banks and retailers, as they also receive Postal Service money orders for cashing.

Other Information

Overseas Military/Diplomatic Mail

Mail addressed to military and diplomatic post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The APO/FPO/DPO table outlines these conditions by APO/FPO/DPO ZIP Codes™ through the use of footnoted mailing restrictions codes (see the Restrictions page following the table).

Acceptance clerks must use the table with the Retail System Software terminal to determine which APO/FPO/DPO ZIP Codes are active and which conditions of mailing apply.

The entries under "Changes" appear in bold in the following APO/FPO/DPO table:

The G Fund is managed internally by the Federal Retirement Thrift Investment Board. Assets of the F, C, S, and I Funds are managed externally. The Board currently has contracts with BlackRock Institutional Trust Company, N.A., to manage the F, C, S, and I Fund assets. The F, C, S, and I Funds invest in commingled trust funds, in which the assets of tax-deferred employee benefit plans are combined and invested together. The F, C, S, and I Funds and the BlackRock funds are passively managed index funds.

Future performance of the funds will vary and may be significantly different from the returns shown above. See the *Summary of the Thrift Savings Plan* for detailed information about the funds and their investment risks. The monthly returns of the TSP Funds represent net earnings for the month after deduction of accrued administrative expenses and, except for the G Fund, after deduction of trading costs and accrued investment management fees as well. The returns for the four indexes shown do not include any of these deductions.

PO Box Fee Group Reassignment

The Postal Service™ is shifting certain ZIP Codes up one fee group based on new occupancy and growth criteria. These fee group changes were previously announced October 16, 2019, in the *Federal Register* (see *govinfo.gov/content/pkg/FR-2019-10-16/pdf/2019-22542.pdf*). A portion of the January 2020 market-dominant Post Office Box™ (PO Box™) price changes were not implemented, due to technical issues and subsequent further delays due to the Coronavirus pandemic. These PO Box fee group shifts are now being implemented as PO Box operations return to normal.

Out of 23,425 total Market Dominant ZIP Codes, 1,914 ZIP Codes will be affected. PO Box customers will receive increases ranging from 12.0 percent to 41.0 percent, while the affected Caller Service customers will receive increases ranging from 5.7 percent to 8.6 percent.

EDDM Retail Discount Program Begins August 1, 2020

Small businesses are some of the hardest hit due to the global Coronavirus pandemic. Now more than ever, these businesses need creative solutions to begin economic recovery, and market their products and services to their customers. The United States Postal Service® has a solution to aid small businesses during these difficult times — a financial incentive to mail using the Every Door Direct Mail — Retail® (EDDM Retail®) Program.

Since EDDM Retail is an easy and efficient way for small businesses to mail in local markets, the Postal Service™ developed a discount program for this product. The EDDM Retail Discount Program provides a 10 percent upfront postage discount for all EDDM Retail mailings conducted between August 1 and September 30, 2020. Additionally, the EDDM fully integrated tool offers free demographic assistance and resource links to help small businesses.

How to Participate

Participation in the Discount Program is automatic. The 10 percent reduction in postage is automatically applied during order creation using the EDDM Online Tool or when dropping off and paying for a mailing at a Post Office™.

Customers can create their own mailings or use partners, such as local printers, agencies, or mail service providers. The EDDM Retail steps at *usps.com/business/every-door-direct-mail.htm* provide guidance for order creation, payment, and entry. Whether you create a mailing on your own using the online tool or have someone else help, the 10 percent discount will be applied to every mailpiece sent using EDDM Retail during the promotional period.

Current Guidelines for the EDDM Retail Discount Program

- Customers can send up to 5,000 pieces per day per ZIP Code™.
- Customers don't need to purchase a permit to use the approved Every Door Direct Mail — Retail indicia.
- Customers can pay online or at the local Post Office where they submit their mailing.
- All EDDM Retail orders must be finalized and paid in full within the discount period (August 1 – September 30, 2020) to receive the 10 percent reduction in postage.

USPS Offers its First Loyalty Program

The United States Postal Service® will begin an initiative next month to help small-business customers grow.

The USPS® Loyalty Program, the first of its kind in the organization's history, will allow businesses to earn credits for using Click-N-Ship® to purchase Priority Mail® and Priority Mail Express® services. Additionally, the program will establish "loyalty tiers" that reward customers for using these products throughout the year. See the Loyalty Program flyer on page 44.

The USPS Loyalty Program will offer credits to registered Click-N-Ship business customers to use for future shipping product purchases. Customers will earn $40 in credits for every $500 spent on Priority Mail and Priority Mail Express postage through Click-N-Ship.

New business users will receive an additional $40 "welcome bonus" credit for the first $500 spent on Priority Mail and Priority Mail Express postage, and any registered Click-N-Ship user will receive a $20 "introductory bonus" if they purchase between August and September this year and meet the $500 spending level.

The program will establish tiers that provide increasing levels of benefits based on how much a customer spends each year on their shipping needs.

For example, customers who spend $10,000 on Priority Mail and Priority Mail Express shipping will be moved from the base tier to the silver tier, and those who have spent $20,000 will be moved to the gold tier.

The USPS Loyalty Program launches August 1, 2020. For more information, visit *usps.com/loyalty*.

The new program is part of a broader strategy to attract and support small business customers. The organization also encourages employees to submit sales leads for businesses that could benefit from Postal Service™ products and services, and Post Offices across the nation regularly hold Grow Your Business Day events in their communities to enable growth.

©2019 USPS

On August 21, 2020, in Hartford, CT, the United States Postal Service® will issue the *Thank You* stamps (Forever® priced at the First-Class Mail® rate) in four designs, in a pressure-sensitive adhesive pane of 20 stamps (Item 572900). Highlighted in gold foil are the words "Thank you" in cursive script and an elegant floral design that swirls through and around the words. Each of the four stamps features one of four background colors: blue gray, purple, muted green, and soft maroon. Greg Breeding was the art director. Dana Tanamachi was the stamp designer and lettering artist.

Stamp Announcement 20-26: 19th Amendment: Women Vote Stamp

©2019 USPS

On August 22, 2020, in Seneca Falls, NY, the United States Postal Service® will issue the *19th Amendment: Women Vote* stamp (Forever® priced at the First-Class Mail® rate) in one design, in a pressure-sensitive adhesive pane of 20 stamps (Item 476600). The stamp will go on sale nationwide August 22, 2020, and must not be sold or canceled before the first-day-of-issue.

With this stamp, the United States Postal Service commemorates the centennial of the ratification of the 19th Amendment to the U.S. Constitution, which guarantees women the right to vote. Inspired by historic photographs, the stamp artwork features a stylized illustration of suffragists marching in a parade or other public demonstration. The clothes they wear and the banners they bear display the official colors of the National Woman's Party — purple, white, and gold. Art director Ethel Kessler designed the stamp with original art by Nancy Stahl.

Pictorial Postmarks Announcement

As a community service, the Postal Service™ offers pictorial postmarks to commemorate local events celebrated in communities throughout the nation. A list of events for which pictorial postmarks are authorized appears on the following pages. The sponsor of the pictorial postmark appears in italics under the date. Also provided are illustrations of these postmarks.

People attending these local events may obtain the postmark in person at the temporary Post Office™ station established there. Those who cannot attend the event but who wish to obtain the postmark may submit a mail order request. Pictorial postmarks are available only for the dates indicated, and *requests must be postmarked no later than 30 days following the requested pictorial postmark date.*

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail® postage. Items submitted for postmark may not include postage issued after the date of the requested postmark. Such items will be returned unserviced.

Customers wishing to obtain a postmark must affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: Pictorial Postmarks, followed by the Name of the Station, Address, City, State, ZIP+4® Code, as listed next to the postmark.

Customers can also send stamped envelopes and postcards without addresses for postmark, as long as they supply a larger envelope with adequate postage and their return address. After applying the pictorial postmark, the Postal Service returns the items (with or without addresses) under addressed protective cover.

How to Order the First-Day-of-Issue Digital Color or Traditional Postmarks

Customers have 120 days to obtain the first-day-of-issue postmarks by mail. Each cover must have sufficient postage to meet First-Class Mail® requirements. Customers may purchase new stamps at their local Post Office™, by phone at 800-782-6724, or on The Postal Store® website at *usps.com/shop*.

Digital Color Postmarks

Only select stamp issues offer a digital color postmark. Customers may submit #6 or #10 envelopes constructed of paper rated as "laser safe." The Postal Service™ recommends envelopes of 80-pound Accent Opaque, acid-free, 9/16-inch side seams with no glue on the flap. The maximum size of all digital color postmarks is 2 inches (vertically) by 4 inches (horizontally). Allow sufficient space on the envelope to accommodate the postmark. Do not use self-adhesive labels for addresses on the envelope. Two test envelopes must be included. There is a minimum of 10 envelopes at 50 cents per postmark required at the time of servicing. Customers must submit a check, money order, or credit card for payment.

The Postal Service reserves the right to not accept hand-painted and other cachet envelopes that are not compatible with our digital color postmark equipment. The Postal Service also reserves the right to substitute traditional black rubber postmarks if use of nonspecified envelopes results in poor image quality or damage to equipment.

Customers must affix the stamps to the envelopes and address them to themselves or others for return through the mail. Or, they may include an additional self-addressed return envelope, large enough to accommodate their canceled items, with sufficient postage affixed for return of their postmarked items. Address customer requests for digital color postmarks to:

FDOI – (Name of Stamp Issue)
USPS Stamp Fulfillment Services
8300 NE Underground Drive, Suite 300
Kansas City, MO 64144-9900

After applying the first-day-of-issue postmark, the Postal Service will return the envelopes to the customer by U.S. Mail®.

Traditional Postmarks

Customers must affix the stamps to the envelopes and address them to themselves or others for return through the mail. Or, they may include an additional self-addressed return envelope, large enough to accommodate their canceled items, with sufficient postage affixed for return of their postmarked items. Sustainability

Refrigerant Management Compliance Reminder

When released into the air, refrigerants can harm the environment. The following refrigerant-containing equipment and appliances at USPS® sites must be managed in accordance with Postal Service™ and regulatory requirements:

- Chillers and air conditioners,
- Fire suppression systems,
- Drinking fountains,
- Refrigerators, and
- Freezers.

The Postal Service recently issued an updated Maintenance Management Order (MMO-056-20) for handling refrigerants. Updated MMO-056-20 replaces MMO-019-17, and contains very minor changes. The updated MMO acknowledges a recent U.S. Environmental Protection Agency rule and maintains a standardized approach to refrigerant management.

Employees performing maintenance on refrigerant-containing systems must continue to manage non-ozone-depleting substance (non-ODS) substitute refrigerants or blends in the same manner that they handle ozone-depleting substance (ODS) refrigerants (see table). This includes requirements for training, handling, recordkeeping, and disposal. Requirements apply to both Postal Service employees and contractors performing maintenance on USPS equipment.

Non-ODS Refrigerants	ODS Refrigerants
R-134A	R-11 and R-12
R-401A	R-21 and R-22
R-402B	R-115
R-404A	R-122 and R-123
R-407C	R-141B
R-410A	R-221, R-222, and R-223
R-414B	R-401A
