Cover Story

Prevent Heat Illnesses. Know the Signs and Act.

Rising temperatures can put employees at risk for heat illnesses. When the body is unable to cool itself by sweating, heat illnesses such as heat stress, heat cramps, heat exhaustion, and heat stroke may occur. Symptoms range from mild and easily correctable to severe and life-threatening.

High temperatures and humidity, direct sun or heat, limited air movement, physical exertion, poor physical condition, and some medicines are contributing factors to heat illnesses.

Heat-related deaths are preventable when employees recognize the symptoms and know what to do. Watch out for the following signs:

- Hot, dry skin or profuse sweating;
- Headaches;
- Confusion or dizziness;
- Nausea or vomiting;
- Rapid pulse;
- Muscle cramps;
- Weakness or fatigue; and
- Rashes.

If employees experience signs of heat illness, they must seek immediate medical assistance by calling 911. Additionally, here are some proactive tips to beat the heat:

- **Hydrate before, during, and after work.** Prevention is important — drink at least 8 ounces of water every 20 minutes.

- **Dress appropriately for the weather.** On warm days, wear light-colored, loose-fitting, and breathable clothing to keep your body temperature down.
- **Use the shade to stay cool.** When possible, use shaded areas to stay out of direct sunlight.

Employees who have difficulty breathing or experience discomfort as a result of the heat while wearing a face covering must remove the covering until the discomfort ceases. However, if employees remove their face coverings, they must practice social distancing while in contact with others.

DMM Revision: Addressing Standards

Effective October 1, 2022, the Postal Service™ will revise *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®), in various sections of part 602, “Addressing,” to reflect an update in addressing standards. By revising these standards, the Postal Service is extending its effort to improve delivery point validation and address standardization of mail that includes postage discounts.

Currently, section 602.6.0, “ZIP Code Accuracy Standards,” specifies that a ZIP Code™ may be used on a mailpiece within 12 months after being verified using a Postal Service-approved method. Once a ZIP Code is used on a mailpiece, the address associated with that ZIP Code is considered to meet Postal Service addressing standards for an additional 12 months from the date first used in the mail.

Sections 602.7.0, “Carrier Route Accuracy Standard,” and 602.9.0, “Coding Accuracy Support System (CASS),” specify that address matching and coding update standards require coding, using the most current USPS® database, to be performed within 90 days before the mailing date for carrier route mailings and 180 days for all non-carrier route mailings. The current product-release schedule allows for using a database that is valid for 105 days and may be used in generating discounted mailings for an additional 6 months beyond that timeframe. As such, an address added or modified in the database may not be updated on a mailing list for nearly 1 year after the change was made.

In 2012, the Postal Service implemented address management product fulfillment via an electronic product fulfillment method designed to provide subscription products to customers more efficiently. The database product updates are posted each month to a secure site where customers can log in to download product files. A survey of licensed Address Management data products indicates that CASS and Multiline Accuracy Support System (MASS) Certified software and service providers are retrieving and using the monthly updates during the address matching and coding processes.

The Postal Service is implementing a database product cycle that aligns with the release of other mailing products. This will provide consistency across all mailing products and the method by which the data files are available and distributed. With this new database product cycle, USPS will require using monthly updates for both carrier route and non-carrier route mailings. This reduces the risk of using data that is no longer current.

The updated release schedule allows for 120 days of use for generating discounted mailings and an overlap in dates for product use. Mailers who currently process their lists quarterly would still be compliant as long as they do not mail beyond the “last permissible mailing date” for the “product date” in the USPS Product Cycle in Exhibit 9.3.1. Mailers will be expected to update their systems with the latest data files as soon as practicable and should not wait until the “last permissible use date.”

The Postal Service will implement this change effective October 1, 2022. This implementation date allows mailers 18 months to adjust to the updated standards. However, mailers may opt to use the new monthly update cycles immediately for both carrier route and non-carrier route mailings.

The Postal Service believes this revision will provide customers with a more efficient process and will reduce the risk of using address information that is not current.

9.3 Date of Address Matching and Coding**9.3.1 Update Standards**

[Revise the text of 9.3.1 to read as follows:]

Unless Z4CHANGE is used, all automation and carrier route mailings bearing addresses coded by any AIS product must be coded using current CASS-certified software and based on data in the current USPS database. Coding must be done using a product release date that is within the USPS Product Cycle in Exhibit 9.3.1. All AIS products may be used immediately on release. New product releases must be included in address-matching systems no later than after the first of the month following the product date. The overlap in dates for product use allows mailers adequate time to install the new data files and test their systems. Mailers are expected to update their systems with the latest data files as soon as practicable and not wait until the “last permissible use date.” The mailer’s signature on the postage statement certifies that this standard has been met when the corresponding mail is presented to USPS. See Exhibit 9.3.1 for the current USPS database product cycle.

Invalid USPS Corporate Account Numbers

Provide this listing to Contract Postal Units and acceptance clerks in non-POS locations without intranet access to validate a USPS Corporate Account (USPSCA) number online. For all other locations, online USPSCA validation is preferred. This list supersedes all previous notices, which you must recycle.

Acceptance clerks must not accept Priority Mail Express® shipments bearing an invalid USPSCA number in the “Payment by Account” or “Agreement Number” section of the label or form.

Note: The first 6 digits of a 9-digit Custom Designed Service and Next Day Pickup Agreement make up the Corporate Account Number.

Verifying U.S. Postal Service Money Orders

Follow these steps to cash a Postal Service™ money order:

1. Check that the amount does not exceed the legal limit: \$1,000 for domestic, and \$700 for international Postal Service money orders.
2. Check that the proper security features are present:
 - When held to the light, a watermark of Benjamin Franklin is repeated from top to bottom on the left side.
 - When held to the light, a dark line (security thread) runs from top to bottom with the word "USPS" repeated.
 - When there is discoloration around the dollar amounts, this might indicate the amounts were changed.

These appear in Postal Service Notice 299, *U.S. Postal Money Order Reference Card*, or online at usps.com/shop/money-orders.htm.

3. If the money order seems suspicious, call the U.S. Postal Service Money Order Verification System at 866-459-7822.

Provide this information to local banks and retailers, as they also receive Postal Service money orders for cashing.

Other Information

Overseas Military/Diplomatic Mail

Mail addressed to military and diplomatic post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The APO/FPO/DPO table outlines these conditions by APO/FPO/DPO ZIP Codes™ through the use of footnoted mailing restrictions codes (see the [Restrictions](#) page following the table).

Acceptance clerks must use the table with the Retail System Software terminal to determine which APO/FPO/DPO ZIP Codes are active and which conditions of mailing apply.

The entries under “Changes” appear in bold in the following APO/FPO/DPO table:

Reminder: Franked (Congressional) Mail, Postage Payment, and Mail Handling Guidelines

This article serves as a reminder regarding Franked Mail, also referenced as Congressional Mail. There have been recent reports of the improper identification and handling of Franked Mail in the mailstream, including returning it for postage or requiring postage due from customers. The following is a reminder of how to identify and process Franked Mail.

Official Mail (Franked)

Franked Mail is defined as Official Mail sent without postage prepayment, which can be used only by members and members-elect of Congress, the Vice President, and other authorized individuals. Franked Mail is identified by the facsimile signature of the member of Congress (or authorized user as defined in section 703.6.1 of *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®) in the upper right corner of the envelope or franked label, followed by “M.C.” standing for Member of Congress, or “U.S.S.” for U.S. Senate.

Franked Mail Envelopes and Labels

Franked Mail consists of franked envelopes, or flats and packages with official franking labels preprinted with “franking” elements in the upper right-hand corner, which are easily read. It is inappropriate to use a franked envelope as a label for the purpose of mailing another item. A franking label is required for items larger than a flat-sized envelope. See below for an example of a Franked Mail envelope and Franked Mail label.

Sample — Franked Mail Envelope

Sample — Franked Mail Label

Types of Franked Mailings

Mailings under the franking privilege include single piece mailings sent by First-Class Mail®, Priority Mail®, and mass mailings. Mass mailings may be sent as First-Class Mail or Standard Mail®. Process and handle all Franked Mail according to the class of mail and special service indicated on the outside of the mailpiece. Franked Standard Mailings consist of newsletters, meeting notices, and other printed matter. The mailpieces may bear individual names and addresses or alternative address formats as outlined in DMM 602.3. While individual pieces are processed as Standard Mail, the overall mailing may be sent Priority Mail Open and Distribute®.

Most franked mass mailings for members of the House of Representatives are sent from Washington, DC. However, franked mass mailings for members of the House of Representatives may also be inducted at local Post Offices outside of Washington, DC. Members, or vendors on their behalf, must submit a PS Form 3615, *Mailing Permit Application and Customer Profile*, to the entry Post Office™ when the first franked mass mailing is entered at that location. The United States Senate requires that all Senate frank mass mailings originate in Washington, DC.

Postage Payment

Franked Mail must not be returned for postage or delivered to the recipient as “postage due”. Postage for Franked Mail is paid in aggregate by the U.S. Treasury to the Postal Service. Franked Mail, therefore, must not be returned for collection of postage, nor should the recipient be charged postage due in order to receive the item. Franked Mail sent from Washington, DC, is counted by the House of Representatives and the Senate, and reported to the Washington, DC Post Office and Postal Service Headquarters. Procedures for accounting for franked mailings entered outside Washington, DC, are found in section 491.5 of the *Postal Operations Manual*.

Detention of Mail

With the exception of mail security (see part 274 of the *Administrative Support Manual*), Franked Mail must not be detained, and must be dispatched and delivered as addressed. If there are indications of possible abuse of the franking privilege, this must be reported to the Pricing and Classification Service Center, which will refer the matter to the Postal Inspection Service for investigation and to Headquarters, Government Relations, for coordination with the appropriate congressional organization.

Pictorial Postmarks Announcement

As a community service, the Postal Service™ offers pictorial postmarks to commemorate local events celebrated in communities throughout the nation. A list of events for which pictorial postmarks are authorized appears on the following pages. The sponsor of the pictorial postmark appears in italics under the date. Also provided are illustrations of these postmarks.

People attending these local events may obtain the postmark in person at the temporary Post Office™ station established there. Those who cannot attend the event but who wish to obtain the postmark may submit a mail order request. Pictorial postmarks are available only for the dates indicated, and *requests must be postmarked no later than 30 days following the requested pictorial postmark date.*

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail® postage. Items submitted for postmark may not include

postage issued after the date of the requested postmark. Such items will be returned unserved.

Customers wishing to obtain a postmark must affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: Pictorial Postmarks, followed by the Name of the Station, Address, City, State, ZIP+4® Code, as listed next to the postmark.

Customers can also send stamped envelopes and postcards without addresses for postmark, as long as they supply a larger envelope with adequate postage and their return address. After applying the pictorial postmark, the Postal Service returns the items (with or without addresses) under addressed protective cover.

How to Order the First-Day-of-Issue Digital Color or Traditional Postmarks

Customers have 120 days to obtain the first-day-of-issue postmarks by mail. Each cover must have sufficient postage to meet First-Class Mail® requirements. Customers may purchase new stamps at their local Post Office™, by phone at 800-782-6724, or on The Postal Store® website at usps.com/shop.

Digital Color Postmarks

Only select stamp issues offer a digital color postmark. Customers may submit #6 or #10 envelopes constructed of paper rated as "laser safe." The Postal Service™ recommends envelopes of 80-pound Accent Opaque, acid-free, 9/16-inch side seams with no glue on the flap. The maximum size of all digital color postmarks is 2 inches (vertically) by 4 inches (horizontally). Allow sufficient space on the envelope to accommodate the postmark. Do not use self-adhesive labels for addresses on the envelope. Two test envelopes must be included. There is a minimum of 10 envelopes at 50 cents per postmark required at the time of servicing. Customers must submit a check, money order, or credit card for payment.

The Postal Service reserves the right to not accept hand-painted and other cachet envelopes that are not compatible with our digital color postmark equipment. The Postal Service also reserves the right to substitute traditional black rubber postmarks if use of nonspecified envelopes results in poor image quality or damage to equipment.

Customers must affix the stamps to the envelopes and address them to themselves or others for return through the mail. Or, they may include an additional self-addressed return envelope, large enough to accommodate their canceled items, with sufficient postage affixed for return of

their postmarked items. Address customer requests for digital color postmarks to:

FDOI – (Name of Stamp Issue)
USPS Stamp Fulfillment Services
8300 NE Underground Drive, Suite 300

Traditional Postmarks

Customers must affix the stamps to the envelopes and address them to themselves or others for return through the mail. Or, they may include an additional self-addressed return envelope, large enough to accommodate their canceled items, with sufficient postage affixed for return of their postmarked items. Address customer requests for traditional postmarks to:

FDOI – (Name of Stamp Issue)
USPS Stamp Fulfillment Services
8300 NE Underground Drive, Suite 300
Kansas City, MO 64144-9900

After applying the first-day-of-issue postmark, the Postal Service will return the envelopes to the customer by U.S. Mail™. There is no charge for the first 50 postmarks. There is a 5-cent charge for each additional postmark over 50. Customers must submit a check, money order, or credit card for payment.
